

Escort in Training (Emma, #1) By James Grey **Escort training quizlet** I love books like this that keep your mind going you can't stop thinking about it and you just have to keep going back even if it's just to read one page you just have to know what's happening and where it's going to go. **Escort training quizlet** James is amazing the way he has written this story pulls you in makes you feel like you are Emma! Could that be a good or bad thing? You will just have to read it to find out. **Escort training quizlet** I have and I will recommend this book and Author! English TWO BOOK REVIEW:If you're anything like us then you'll know that feeling that comes upon you as a reader when you have a million books on your kindle but all you crave is some good old filthy erotica. **Escort training quizlet** Now.

Because after graduating with flying colours- which is no secret- she certainly goes and conquers the market for the able and willing in the premium escort industry of London. **Escort training quizlet** Come visit and follow us at: [TotallybookedBlog](#) [TB on Facebook](#) [TB on Twitter](#) [TB on Pinterest](#) English FREE on Amazon today (10/29/2017)! English Escort in Training is definitely a different bit of writing! First book I've read by this author and I am very impressed and eager to see what he has in store for us. **Escort training quizlet** This is NOT a romance! The time she spends there makes her feel more confident with her nude body and more open minded to test her sexual attraction to both men and women. **Escort training quizlet** The storyline was really erotic and sensual.

Because after graduating with flying colours- which is no secret- she certainly goes and conquers the market for the able and willing in the premium escort industry of London. **Escort training quizlet** A school to learn blow jobs anal readiness double penetration girl on girl orgasm delay sex shows group sex and more!! The key is don't just do it to do it do it because you love to do it Too much girl on girl for me. **Escort training quizlet** The mentality towards marriage:If these men wanted a diet of grudging enjoyment they would have gotten married (said by a man who is trying to convince Emma of the logic of avoiding relationships/marriage and having sex with prostitutes instead)The mentality toward women:Am I the same woman who sat in an office chair for all that time acting the dutiful employ and deluding myself that carefully crafted presentations would really be a ticket to my future? Fuck how did we women get dragged into that when we have much more fun ways of making money? (from the 2nd book of the series. **Escort training courses** is Emma's last name shared or not (and I don't just mean the creepy mystery guy -- other clients know her last name too)?)But to end on a positive note the storyline is pretty unique. **Escort training courses** That said the contents were so much better! Escort in Training is a story about Emma a mid-twenty something who quits her unfulfilling job then panics when she realises she's not going to be able to support herself. **Escort training test** A friend mentions escorting and before she knows it she's signed up to go on a high end exclusive and secret escort training course at a school in the Cotswolds along with 11 other girls. **Escort training army** For erotic romance lovers you need to leave your requirement for romance at the door as this is erotica only no heroes no loveable flawed alphas and no HEA's (or at least none in this particular book) - this is the first in a series and it focusses only on Emma's training ready for when she steps out into the world in her new role. **Escort training courses** I don't know the author or his background but I'd lay money on him having had a writing career for some time or he comes from a background where writing played a large part in his life - I felt it was perfectly paced descriptive without being over the top or detracting from the story and left me wanting to go and pick up the next book in the series to see how Emma's training and story pans out. **Escort training army** This is a solid 4 star read for me - as there was no alpha for me to fall in love with or no deep emotional angst to make me feel or sob I couldn't give it a five. **Escort training quizlet** Also while the sex scenes were well written and as explicit and arousing as erotica needs to

be for me they were lacking that extra bit of warmth and connection that women writers tend to be able pull off better from my limited observations of the books by men that I've written. **Escort training quizlet** This didn't affect my rating though I went in with my eyes open that this wasn't a romance novel so it wouldn't be fair to penalise the author for me not getting the warm and fuzzies that I usually crave in my novels. **Escort training army** As far as an engaging and knicker dampening novel goes though Grey knocks this out of the park and I'll definitely be back to finish the series once the last book has been released. **Escort training army** The writing was good and in the end we're no prudes and it takes a lot to make us blush so when we tell you that this had us checking our surroundings as we were reading then you'll know what we mean...We read book one and two in the Escort series in one day. **Escort training quizlet** And when Emma realises her inherent love of women men and sexual activities- well this girl certainly is a force to be reckoned with and doesn't she aim for the top...bottom...well you'll know what we mean if you pick this series up. **Escort training quizlet** It's very clear that every pubescent and adult male's fantasy is represented here in its base form and we had to laugh sometimes at the 'cheese factor' and situational porn-like settings. **Escort training courses** Or woman's for that matter!Book two; Escort Unleashed- Or should that be Emma Unleashed just as we were wondering if we should put it aside for now something began unfolding which we're now absolutely invested in and it's the reason we really want to read book three in the Emma Series. **Escort training test** English TWO BOOK REVIEW:If you're anything like us then you'll know that feeling that comes upon you as a reader when you have a million books on your kindle but all you crave is some good old filthy erotica. **Escort training quizlet** Now we're no prudes and it takes a lot to make us blush so when we tell you that this had us checking our surroundings as we were reading then you'll know what we mean...We read book one and two in the Escort series in one day. **Escort training courses** And when Emma realises her inherent love of women men and sexual activities- well this girl certainly is a force to be reckoned with and doesn't she aim for the top...bottom...well you'll know what we mean if you pick this series up. **Escort training quizlet** It's very clear that every pubescent and adult male's fantasy is represented here in its base form and we had to laugh sometimes at the 'cheese factor' and situational porn-like settings. **Escort training quizlet** Or woman's for that matter!Book two; Escort Unleashed- Or should that be Emma Unleashed just as we were wondering if we should put it aside for now something began unfolding which we're now absolutely invested in and it's the reason we really want to read book three in the Emma Series. **Escort training quizlet** And the rich Charles offers to pay for her to attend a secret exclusive escort school in the English countryside... Can Emma shake off the shackles of her conservative upbringing? What will she be asked to do at this unusual school? Will she get on with the select group of fellow trainees? Will she fall for the staff? The other girls? What happens if she transgresses? Can she live with her feisty peers...and can she live with herself? Escort in Training (Emma #1)James Grey is one of a small handful of genuine male authors writing erotica. **Escort training quizlet** Not only do these popular novels strike a chord with female readers looking to explore their fantasies but they reveal much about the sexually liberated and powerful women in whom this author so fervently believes. **Escort training quizlet** If you want to know what a man thinks feels and desires when it comes to women and sex | James Grey is one of a small handful of genuine male authors writing erotica. **Escort training test** Not only do these popular novels strike a chord with female readers looking to explore their fantasies but they reveal much about the sexually liberated and powerful women in whom this author so fervently believes. **Escort training army** Grey began writing erotica in the run up to Christmas 2013 inspired by a recent visit to a sauna in Germany and prompted by a subsequent period of ennui at his aunt's house in France.

Escort training test

The hot scenes were balanced and hot without being over done and gratuitous for erotic effects, **Escort training quizlet** The volume was there and each activity felt anchored to the story to develop the characters and to get the emotional investment from the audience as well. **Escort training quizlet** I hope the other books in the series maintain this level of quality, **Escort training quizlet** English Firstly I read this book a few months ago but I have recently reread it: **Escort training test** I liked it the first time round but this time wow just wow I love it: **Escort training quizlet** It had me sucked in by chapter one and it wouldn't let me go till the end. **Escort training quizlet** It will have you rereading parts like erm did I read that right? And most probably did but you just have to look to believe it, **Escort training courses** Things can get too morose- too serious or too emotional; so on a sunny weekend we decided to indulge in a romp fest of epic proportions. **Escort training quizlet** This book was tamer compared to book one and we loved the building connection between Emma and her sponsor, **Escort training courses** There was more of a story and an intriguing and dark mystery developed. **Escort training quizlet** Whilst we still enjoyed hearing about Emma we have to admit that we became a tad tired of certain repetitive aspects: **Escort training quizlet** It was still all about the nookie and we all know that too much of one thing and not enough of the other - well interest wanes: **Escort training courses** This is not a storyline I've ever read before - a girl who decides to attend a high class escort school in order to become a qualified upper-class escort. **Escort training courses** She has to attend a 2-week course in order to hone her sexual skills and acquire the appropriate attitude. **Escort training army** I was just so blown away with how the author wrote the book: **Escort training quizlet** This book was tamer compared to book one and we loved the building connection between Emma and her sponsor. **Escort training quizlet** There was more of a story and an intriguing and dark mystery developed: **Escort training test** Whilst we still enjoyed hearing about Emma we have to admit that we became a tad tired of certain repetitive aspects: **Escort training army** It was still all about the nookie and we all know that too much of one thing and not enough of the other - well interest wanes. **Escort training quizlet** I am pretty sure I'm going to read on to see what happens English 3, **Escort training courses** but similar sentiments are expressed throughout)So if you're looking for a loving romance this isn't the book/series for you. **Escort training quizlet** I think it tries to wrap up sexual liberation with female empowerment and the messaging is confusing and kind of nauseating, **Escort training quizlet** The fact that this book was written by a man makes the messaging even harder to swallow (no pun intended). **Escort training quizlet** Maybe it's a double standard but it's less palatable to read misogynistic writing written by a man's than when it is written by a women, **Escort training army** I read enough erotica that I can usually turn a blind eye to that stuff (psydo-consent women treated as objects over the top alphas etc. **Escort training test** But this book takes it a step further than most AND is written by a man. **Escort training quizlet** In some ways the first book reminds me of Red Pheonix's Submissive in Training though the aftercare is missing in much of this book, **Escort training quizlet** This book is more along the lines of -- just prepare to fuck and be fucked, **Escort training courses** Even though there is plenty of time for relationship development there isn't much depth to the dialogue written. **Escort training quizlet** For example even though there are plenty of scenes with Charles and Sarah the depth of their interactions are most alluded to rather than written out. **Escort training army** The world that is described (at the school and the scenes in the second book) shows creativity: **Escort training courses** I will be reading the third book -- I've invested enough time into reading the first two books that I want to know what happens after the cliffhanger. **Escort training army** English I downloaded this on my kindle when it must have been on a free promotion so it's sat there along with all the other freebies for some time. **Escort training courses** It wasn't until I read a glowing review by a friend and saw I'd already got this that I was tempted to give it a go: **Escort training quizlet** Covers tend to suck me in first and having flicked through my kindle a number of times I have to admit that this cover hadn't appealed

to me. **Escort training quizlet** I won't give away more of the plot but suffice to say this has explicit and detailed erotic content, **Escort training test** I'm always intrigued to read books in this or the erotic romance genre that have been penned by a man, **Escort training quizlet** This is probably hands down the best written book by a man that I've read to date, **Escort training quizlet** That said I won't until the entire series is out as I hate waiting for follow ups I prefer to read a series on one sitting: **Escort training quizlet** Creative and entertaining with some moments of humour too which I'm a sucker for. **Escort training test** It offered a wide range of experiences due to the nature of the tutorial dynamic. **Escort training test** Why not go all in right?! And it was not just the sunny weather making us hot and bothered it was the story of Emma Carling: **Escort training quizlet** We have to say that if you're adverse to every hole's a goal and overly descriptive sex scenes where- the more the merrier- is a theme then this may not be for you. **Escort training army** This is not a love story- rather it's the story of a woman's sexual awakening and earning a pretty penny whilst doing so: **Escort training courses** Whilst we never really got an in depth character development or get to know the character of Emma from before we met her we enjoyed her company. **Escort training test** Her escapades had us seeking freezer time- it had us laughing and it entertained us: **Escort training quizlet** It was hot for sure and also the type of well written easy read that we all need every so often: **Escort training quizlet** The Author behind the words is apparently male and we'd have to say that the erotic and descriptive nature of this series certainly reads as such, **Escort training quizlet** Whilst set in London England it wasn't particularly overly British- as in many words aren't ones we'd use so we didn't necessarily get an authentic Londoner feel. **Escort training quizlet** However this didn't impact us as such as it really wasn't that kind of story, **Escort training quizlet** Book one; Escort in Training- does exactly what it says on the tin: **Escort training army** After leaving a job and a Boss she hates; she enrolls in an exclusive escort school hidden in the English countryside. **Escort training quizlet** This on suggestion by a wealthy friend of hers who knows people who knows people..., **Escort training army** We have to say that we do wonder if this school isn't every man's- wankfest- filled dream. **Escort training army** So bring it on James Grey and prove whether our conspiracy theory is right.... **Escort training test** or not! This was an old-school cliff-hanger and we bloody loved that. **Escort training quizlet** So we'll hand it over to the Author James Grey (of all the pen names to choose!)...: **Escort training army** The average guy thinks about sex what is it eight times an hour or something? For me quadruple that: **Escort training test** The feel of your gentle soft skin is like a brush with the divine. **Escort training courses** Kissing your perfumed hair makes me close my eyes and silently give thanks. **Escort training quizlet** I love to see you naked adore it when your hair tumbles down in perfect curls over your bashful beautiful breasts, **Escort training quizlet** When your body glows in the golden light of a flame it dazes me. **Escort training test** I am entranced by the bead of sweat that forms on your tender neck and gently trickles down your bare tanned back because it's your biggest expanse of skin. **Escort training quizlet** And that sin' every inch of it- is joy and wonder to me: **Escort training quizlet** On the other hand I don't like beer cars and explosions very much and I'm into literature and I'm sensitive enough to cry at times, **Escort training army** The thought that you may be turned on by my words such an interesting topic and characters to match, **Escort training quizlet** What really impressed me was how the author brings you into the story. **Escort training courses** At times it is raw others painful always full of sexual tension, **Escort training quizlet** I do wish that some scenes were less descriptive and detailed, **Escort training quizlet** Overall it was an adorable read! Copy provided by the author for an honest review: **Escort training quizlet** Things can get too morose- too serious or too emotional; so on a sunny weekend we decided to indulge in a romp fest of epic proportions: **Escort training test** Why not go all in right?! Kink? The slender brunette may be stunning but for the last couple of years she's just been trying to survive: **Escort training test** She tells her manager exactly what she thinks and storms out of her job. **Escort training quizlet** Is it a huge mistake? As the dust settles and the reality of a month without salary dawns she's full of doubt, **Escort training courses** Then a seriously wealthy friend of a friend hints that she'd make huge cash as a premium escort. **Escort training army** But then she starts to wonder what it's like to be so wanted so wealthy so powerful. **Escort training quizlet** His work is known both for its honesty and for its mix of female and male perspectives, **Escort training test** His most successful books thus far notably his best selling Emma series are written from a woman's point of view: **Escort training courses** Grey also lays his own innermost lusts hottest experiences and darkest disappointments on the line for all to see: passion ecstasy angst and unsugared failure: **Escort training courses** His work is known both for its honesty and for its mix of female and male perspectives. **Escort training army** His most successful books thus far notably his best selling Emma series are written from a woman's point of view: **Escort training quizlet** Grey also lays his own innermost lusts hottest experiences and darkest disappointments on the line for all to see: passion ecstasy angst and unsugared failure: **Escort training quizlet** If you want to know what a man thinks feels and desires when it comes to women and sex look no further than some of his short stories: **Escort training test** He may write his erotica under a nom de plume but Grey has been widely published by magazines and newspapers around the world for over two decades: **Escort training quizlet** He still spends much of his working life writing about topics other than hardcore sex, **Escort training quizlet** His self published author ego was then born on a grim hung over New Year's Day in England when he uploaded Hot Wet Touches to the Kindle Store: **Escort training test** Connect with him online you'll find details at the back of his books and you might even find a picture of the well travelled Grey at a book signing event, **Escort training quizlet** Grey is in his late thirties and lives in a European capital city, **Escort training quizlet** But if you want to know something why not simply ask him? ;) {site_link}

. It was sex for the commercial aspect alone. I would compare it to Brie's Submission in some regards. I'm so glad I did. This book is very sexy and hot. I can't wait to read book 2 in Emma's story. We realised what we were missing - the love aspect. However.

Interesting for sure. Not my favorite. 5 Stars I am not quite sure what to make of this series. Did it keep my attention? Yes. But certain elements annoyed me.) and don't forget to like it. So I don't feel a lot of connection to the characters. There's also some continuity issues (e.g. M/F F/F MFM Group Orgy BDSM the works. English I enjoyed this adventure quite a bit. It was written in the best of ways. There were multiple characters that built the story. It's all rather secretive and cloak and dagger. About James Grey I am an extremely naughty boy. My imagination is a wild place. You'd have a lot of fun there. So here's the thing: I revere and worship women. I find your scent intoxicating. You are everything I am not. You fascinate me. I can never get enough of you. But don't be entirely fooled by the poetry. I am a man. I like sports and lesbian porn. In my perfect world I would have a harem. So maybe I'm not the stereotypical guy. I'm complicated. It's filled with passion conflict and steamy erotica. Total erotic overload but in a good way. There is not much that could have made this story better. It would have made the story flow better. It's all rather secretive and cloak and dagger. XD Good Erotica with an original setting. First time I read erotica with this kind of premise. 3. And she doesn't do one-nighters. She's English she's straight and she's a good girl. Then comes a life-changing moment. Emma laughs it off at first. She's so not that kind of girl. This includes travel books under a different author name. And yes he likes to keep you guessing
