And boy do the boys take advantage of that !!! But while they are having another adventure we find out a little more about them too. I can't wait to read more of Kyle and Nick and their next destination!! I feel like I need to still say this, lol Brad Vance WELL HELLO BOYS!! Another hot instalment in Nick and Kyle's story, they are in Amsterdam and sharing a room with two Australians: Oh yeah? Nick growled.

ABSOLUTELY LOVED IT !! A new city and new adventures to be had by Nick and Kyle. You'd like that huh some big Australian hunks tag teaming you? A bit of exobishionism going on but also some tender moments, The roommates got a little shock when they came in during the act. Brad you are doing a great job in this series and can't wait for the next adventure, Never know what the two of them will get into next but you know the two can't stand the thought of either one of them being with someone else: Loved it!! Continuing Saga of Kyle & Nick!! So Much Hot Fun!!! Brad Vance 3, 5 stars Kyle's Winter break isn't over yet so he spends some time in Amsterdam with Nick. This didn't give me the feels like the last one but you still can feel that these boys care for each very much. A forever is even mentioned! While the sex is still hot and unique it has changed: {site_link} They're back! After a close call on the ski slopes of Switzerland the boys are off to Amsterdam... But their desire for thrills and danger hasn't faded: Brad Vance This was probably one of my favorite installments. I just hate these novellas. I would love a full book. That puts an end to the series. A HEA. 30+ pages are just not enough. I need more. AMSTERDAM where ANYTHING GOES pushing Kyle up against the wall. But they definitely put on a show.
