He misses his brute of a husband. That's the Landon Cole wants. All characters are eighteen years or older. You don't have to-" "I like it" Cole interrupted. He didn't want Landon to have any doubts about that. "I don't want us to stop doing those things. Not doing them is... boring." Landon blinked. "I like you the way that you were. The way you treat me. You don't have to change to make me happy. I am happy." Landon just looked at him eyes intense and searching." His Submissive Husband: Book Three (Landon and Cole 3).
