

Gambino: The Rise: A Novel Based on the True Story By James Pierre **Gambino moto** #Gambino
378 Good Story but needs an editor The guy tells a good.

Gambino slots facebook

FICTIONALIZED version of what was a true story but it's packed full of cliché that in some cases were probably not used in that era and some that certainly would not have been used by Italian immigrants of that time. **Gambino slots** There are a number of grammatical usage and punctuation errors that indicate the book was published with no editing 378 This should be made into a movie! It's the story of Carlo Gambino head of the Gambino family of the La Cosa Nostra. **Gambino slots facebook** com 378 I really enjoyed this book and was happy to see author James Pierre is working on the second installment As the title suggests this is a novel based on the the early life/career and rise of Carlo Gambino. **Gambino crime family** And by the time the public got their first look at him in 1970 (following an arrest on a trumped-up charge that was never prosecuted) he was already the most powerful mafia boss in the country controlling a crew of 800 mafiosi who oversaw nearly 50 criminal and legitimate businesses which netted his crime family over \$1 billion in annual revenue. **Gambino pdf reader** Gambino: The Rise A Novel Based on a True Story unveils the intricate machinations of Gambino's ascent from poor immigrant stowaway to billionaire boss of America's most deadly and elite crime family. **Kindle gambino's** On this journey we meet such celebrity hoods as Charlie "Lucky" Luciano Al "Scarface" Capone Meyer Lansky Vito Genovese and Albert "The Mad Hatter" Anastasia... all of whom became pawns on Gambino's Machiavellian chess set: If you are interested in the mafia like I am then you'll have a hard time putting it down: **Gambino crime family** This author did an amazing job writing and researching this book, **Gambino crime family** Interesting perspective on the rise to power of Carlo Gambino and the workings of La Costa Nostra: **Gambino nada** If you are interested in the Mafia you would like this novel: **Gambino redbone** 378 This book was very good - I read it on kindle and many times will highlight names just to see how long they survived in the life, **Gambino wines** 378 This is a great read about the early life and rise to the top of the New York mafia of Carlo Gambino. **Gambino slots** It's also a fascinating insight into the inner workings of the Mob's early years in America: **EPub gambino's bakery** It is a great read for anyone with an interest in mafia life, **EPub gambino's bakery** I would like to read more by this author and would love to see a part 2 chronicling the rest of Gambino's life. **Gambino epubor** His beginnings how he came to America and his rise to become one of the major organized crime figures in America: **Gambino slots facebook** As to those who are trying to diminish the author through the leaving of negative reviews. **Gambino salou** it's a novel! It states that right on the front cover! So the author made some mistakes having people traveling on the interstate instead of a highway. **Gambino's pizza** So what? Go with the story which was the rise of Gambino, **Gambino pdf editor** I for one cannot wait for the next installment of the author's story: **Gambino bakery delivery** I hope it comes out soon! 378 A good story that takes you from Sicily to New York: **Gambino realtors rockford** You follow the rise of Carlo Gambino first in his home land and then with the rise of Mussolini he needed to leave. **Gambino yt** Arriving in New York he would need to start over and work his way up once again: **Gambino redbone** Once again in this book like many others the author takes you back with the Giuseppe Morello who really was the first boss: **Gambino new orleans** It then split to Masseria and Maranzano with even Abe Rothstein for a while where Luciano and Lansky would really learn their business side. **Gambino epub.pub** He then takes you through the rise or creation of the five families and where Carlo Gambino would fit into all of this, **Gambino crime family** How his money making ideas would hold up and when the FBI began to follow him and even try to record him they could not, **Gambino slots facebook** Most of the tales in this book I have read in other books and over the course of years most of the stories are becoming the same so most must be true. **Gambino unimc** The author will lead you up to the day where he becomes leader of his own family and is able to sit at the table as one of the five families: **Gambino games** I think Pierre did an excellent job setting the scene and giving a sense of the inner workings

of the crime families in and around New York. **Gambino realtors rockford** Gambino's careful and intelligently planned maneuvers leave no doubt as to how he rose to the top. **Book camino winds** I received a copy through NetGalley in exchange of an honest review. **Gambino games** 378 This book tells you flat out based on the true story so IDK why some people are up in arms over dates and specifics: **Gambino games** I felt that some of the characters were not how I would picture them but hey who is to say, **Gambino crime family** If you like true crime this book might not be for you: **Gambino's pizza** If you like stories based around true events and the mafia it is worth your time. **Gambino new orleans** 378 Fascinating Narration of a Violent Subculture This novel literally hits close to home because Carlo Gambino was a neighbor of mine: **EBook gambino free** I never met the man but his home is around the corner from mine, **Gambino crime family** It is the plainest least adorned home on the entire block so much so that one would never take notice of it in passing. **Gambino salou** This was not accidental because Don Carlo never left anything to chance and this characteristic comes through loud and clear in this marvelous book: **Gambino crime family** The author illustrated the multidimensional character that this kind/brutal/intelligent/thoughtful/sensitive/cruel/calculating/ brilliant man possessed: **Gambino redbone** For those who like books about the mob they will not be able to put down this one. **Gambinos** Gambino--but also about other members of the different organized crime families that I had not known before, **Gambino crime family** I am eagerly looking forward to the next book which the author has on tap for sometime in the future. **Gambino realtors rockford** 378

Attempts by the FBI to wiretap him failed for he never spoke at meetings, **Gambino slots microsoft** The Department of Justice's endeavors to capture him on video surveillance likewise came up empty because he rarely left his modest row house at 2230 Ocean Pkwy, **Gambino slots microsoft** Now for the first time ever the true story of Carlo Gambino is told in full gory detail. **Gambino realtors rockford** Gambino's story is a rags to riches tail of the bloodiest kind which explores the dichotomies of family wealth and power within the mafia environment. **Gambino unimc** With its careful scrutiny of mob business and brutality *Gambino: The Rise* will undoubtedly draw comparisons to Mario Puzo's timeless classic *The Godfather*: **Gambino redbone** But this is to be expected especially when Puzo's fictional crime patriarch Vito Corleone was based on none other than Carlo Gambino. **EBook gambino realtors** *Gambino: The Rise* is a historical novel for the ages that will leave readers shell-shocked with every flip of the page until its earth-shattering and climactic end. **Gambino salou** *Gambino: The Rise: A Novel Based on the True Story*.

This book very good. It was researched to the T. My favorite mafia boss is Carlo Gambino. The way he rose to the top is amazing. Great work. 378 Enjoyed this story very much. Hope to read more from this author in the future. I loved it. I couldn't put this book down. Thank you to #Netgalley for the opportunity. And of the various gangsters he was involved with. It flows along very well. I thoroughly enjoyed it. Quit being so negative. A good story. I received this book from Netgalley.com I gave 4 stars. Follow us at www.1rad-readerreviews. An engrossing story well told. Than being said overall I enjoyed reading this story. I learned many things--not only about Mr. in Brooklyn New York. He was silent and reclusive to a fault. Yet few even knew his name let alone his story
