Will Violet and Gavin miss that the best family for her is the one they've already created? Lone Star Baby (McCabe Multiples #5)

When a patient of Violet and Gavin's pass away they had given the two doctors custody of the child until they want the child themselves or can find a parents to adopt the child. **Lone star bookkeepers** Grandma grieved deeply but eventually picked herself up started a new career as a cafeteria chef and eventually found deep romantic love and happiness again in the form of a second marriage. **Lone star bookkeepers** Grandma grieved deeply but eventually picked herself up started a new career as a cafeteria chef and eventually found deep romantic love and happiness again in the form of a second marriage. **Lone Star babykid** She started out convinced that the best thing for Ava was to find the perfect set of adoptive parents for her but saw that her grief for her fiance wasn't letting her move on. **Lone star bookkeepers** The premise is ridiculous - I'm no expert on adoption law okay but can you just leave your baby to two people you barely know who are not together as a couple because 'you like them?' I'm not sure this would fly. **Lone star bookkeepers** It's absolutely none of their business whom she is fucking whom she is falling in love with and the idea of them telling her to stay away from Gavin and her father 'having a talk' with Gavin because he suspects his daughter and Gavin might be involved is HIGHLY INSULTING. **Lone star bookkeepers** And then you just lose respect for other HAR authors because if Gillen Thacker can bring it why can't they?!? If you want to read Harlequins that center on Family Babies Home and Hearth but still believe in good fucking Gillen Thacker is really your only bet in this Harlequin line. **Lone star bookkeepers** ROMANCE CATEGORIES Contemporary Romance STEM Heroine Romance - She's an Oncologist Non-Virgin Heroine Doctor Romance - Both hero and heroine are doctors He's a Physician; She's an Oncologist Takes Place in: Texas United States of America NAMES IN THIS BOOK Violet f Gavin m 6'3" 32 Sterling m dead age 25 Tara f John m Lilah f Mitzy f Tammy f Jared m Ava f Penelope f Lacey f Meg f Carlson m 82 Wanda f Bridgette f Bess f Nicholas m Erin f Callie f Poppy f Trace m Rose f Stephen m Sophia f 4 Scarlet f 4 Clint m 4 Bart m Lily f Sheryl f Helen f Norah f Mac m Barry m Kindle Edition ON SALE 9/1: LONE STAR BABY BY CATHY GILLEN THACKER READ AND REVIEW LONE STAR BABY BY CATHY GILLEN THACKER Release Date: September 1 2015 SYNOPSIS PRACTICE MADE PERFECT Suddenly finding herself a foster parent to an infant girl definitely shakes things up for Doctor Violet McCabe. **Lone Star babyf** Would I be able to think only the best of the baby put my own feelings aside and make a rational decision? And for a book to make me wonder and ponder that kind of serious questions it has already achieved something. **Lone Star babylist** The struggle they go through the past failures and their own doubts of their ability to parent be a parent and be in a lasting relationship not hurting the other all the things they muddle through to come to the conclusion, Having a pseudo-family with the three of them has her wishing it

could be real: **Lone Star babygold** Gavin came home to work in the hospital in order to be closer to his family. **Lone star book list** He's carrying some guilty feelings over not having been there enough after their parents were killed just as he was starting medical school, **Lone Star babykid** Being named as guardian for Ava just reinforces his fears that he doesn't have what it takes to be emotionally responsible for another human being: **Lone star bookkeepers** He's determined to keep things practical while they search for the perfect family for Ava. **Lone star baby scandal** I loved seeing the connection between Gavin and Violet and how it grew: **Lone star baby scandal** Gavin had been attracted to Violet for awhile.

Dear Readers The love stories in my family have always been fodder for romance novels, **Lone star bookkeepers** My maternal grandmother and grandfather simultaneously ran a business together and raised four daughters long before it was an accepted thing to do: **Lone Star babycham** Grandpa O'Dell ran the gas station and the barber shop; Grandma O'Dell managed the grocery and cooked for customers: **Lone star bookkeepers** They were true partners and madly in love and parted tragically way too soon when he succumbed to cancer when he was in his early fifties. **Lone**

Grandma O'Dell managed the grocery and cooked for customers. **Lone star bookkeepers llc** They were true partners and madly in love and parted tragically way too soon when he succumbed to cancer when he was in his early fifties. **Lone Star babylist** {site\_link} Read here {site\_link} Undeniably hot chemistry between the two doctors steams up the pages of this enjoyable romance, **Lone star bookkeepers** The epilogue is also particularly heartwarming (RT Book Reviews 4 stars). **Lone Star babylist** After the death of a former patient Gavin and Violet find themselves named as foster parents for a newborn baby girl. **Lone star baby scandal** They've been coworkers and friends for awhile but this is something entirely different, **Lone star bookkeepers** The question is whether they can co-parent the baby without getting emotionally involved with her or each other: **Lone star bookkeepers** Violet came home to Laramie to work in the hospital there after she lost her fiance to cancer, **Lone star book list 2023** She's put her heart and soul into her work and avoided any kind of personal relationships until little Ava worked her way past Violet's walls and into her heart, **Lone star bookkeepers** Added to the attraction she feels for Gavin Violet's life has gotten very complicated, **Lone star baby scandal** Being forced into close proximity with her gave him the chance to show her what she was missing, **Lone star baby scandal** Unknown to him Violet had finally reached the point where she was ready to move on: **Lone star bookkeepers** Her attraction to Gavin gives her the perfect stepping off point. **Lone star bookkeepers** They first agree that they will have a fling for as long as they are caring for Ava but soon realize that they don't really want it to end: **Lone star bookkeepers** Ava has brought them together and shown them how much love they have to give both her and each other but they have to be willing to accept it, **Lone star book list 2023** Violet is ready to open her heart and take a risk again to keep Ava and raise her even without Gavin by her side: **Lone star bookkeepers** Gavin refuses to believe that he has what it takes to give Ava everything she needs and insists that giving her up is the best thing to do, **Lone star baby scandal** I loved seeing Violet stand up for what she wants and what she needs from Gavin finally putting her past behind her: **Lone star bookkeepers** Gavin takes a bit longer and it takes a pretty straight conversation with his younger brother to show him the truth, **Lone Star babygold** His actions at the end are quite romantic and sweet for a guy who considers himself pragmatic, **Lone star bookkeepers** I liked the inclusion of the issues Gavin and his family were having with his younger brother Nicholas. **Lone Star babycham** It was a good way to show the effect of his parents' deaths on all of them and how each dealt with it, **Lone star bookkeepers** Nicholas's actions showcased the changes that Gavin was going through thanks to Violet's influence. **Lone Star babyf** In each book of this series I have been very disappointed in their attitudes towards their daughters. **Lone Star babycham** They always seem to have poor opinions of the girls' abilities to make the right decisions regarding their relationships, **Lone star bookkeepers** I also felt that Violet's father crossed a line when he talked to Gavin since he is also Gavin's boss. **Lone Star babyf** I know it works out in the end but I'd rather see them supporting from the beginning. **Lone star books 2023** Aunt Violet's got a prince sleeping in her bed!It wasn't the first time he had been called a prince Gavin thought as he struggled to blink himself awake. **Lone Star babygold** However it was the first time he had been designated one in quite that way, **Lone Star babykid** 79I wasn't sure what to expect from this baby-centered and doctor-centered book, **Lone Star babygold** I'm not a huge fan of romance novels that focus on babies nor romance novels that focus on doctors. **Lone Star babygold** I don't find doctors attractive dating a doctor holds no appeal to me, **Lone Star babygold** Gavin has been angling to date Violet for years but she never quite got over losing her fiancé to cancer. **Lone Star babyf** When a baby is arbitrarily left to these two unmarried doctors they come closer together while caring for the infant. **Lone Star babylist** The dying woman had both Gavin and Violet as doctors and leaves her baby to them to raise: **Lone star bookkeepers** Violet and Gavin don't want the child to end up in foster care so they agree to take care of her until a

suitable adoptive family can be found: **Lone star bookkeepers** Of course being a Harlequin American Romance you can guess what happens at the end of the book, **Lone Star babyf** Violet's parents are unusually involved in her romantic life which annoyed me: **Lone star bookkeepers** She's a grown-ass woman in her thirties who is an oncologist, **Lone star bookkeepers** I kept waiting for her to tell them to mind their own fucking business: **Lone star bookkeepers** I couldn't understand why she didn't lose it with their interference and nosiness: **Lone star bookkeepers** I respect having a close relationship with your parents but there should be boundaries. **Lone Star babycham** He's a perfectly nice guy a fellow physician respectable not a bad-boy of any type, **Lone star bookkeepers** I was confused as to what their concerns were exactly regarding him dating their daughter: **Lone Star babycham** The only bad things I would say about it are that it's baby-focused (not everyone's cup of tea) and that Gillen Thacker's writing can be a bit cheesy at times: **Lone Star babykid** I don't mind it especially since she excels in other areas but the cheesiness might annoy some people, **Lone star book advance** Imagine my shock when Gavin convinces Violet to have sex with him and the first thing he decides to do is get on his knees and eat her vulva, **Lone Star babylist** Then he proceeds to turn in what counts as an incredibly impressive performance for a Harlequin American Romance novel. **Lone Star babykid** Even more stunned when the sex scenes in the book just kept on coming and coming and coming. **Lone Star babygold** Wow this book has a lot of sex scenes for a HAR I was thinking. **Lone Star babylist** And Gavin seems surprisingly skilled and competent in bed for a HAR hero. **Lone star booking** Ohhhhhhhhhhhhhhh this book is by CATHY GILLEN THACKER I thought to myself, **Lone star bookkeepers** Say what you want about Gillen Thacker but she goes above and beyond in the sex scenes she turns in to Harlequin: **Lone Star babylist** You may think all other HAR authors are half-assing it after you've read her: **Lone star bookkeepers** You may think Harlequin has strict rules about how vague and bland sex scenes have to be in American Romances until you read her. **Lone star bookkeepers** Nothing else will even interest you I can't tell you how bland and vague these scenes usually are and how disappointing the heroes usually are in bed: **Lone star bookkeepers** Not like this is EROTICA or something that's going to blow you out of the water but compared to other HAR authors Gillen Thacker is a head-and-shoulders above the rest: **Lone Star babylist** TL;DR This wouldn't be as good if Gillen Thacker hadn't penned it her sex scenes kick things up a notch, **Lone Star babygold** The appeal of Gavin is definitely increased by his bedroom skillz, **Lone star bookkeepers** Perhaps she should get her parents to back off by telling them Gavin is great in bed. **Lone Star babygold** Although he's perfectly fine even outside that I found him patient generally sweet and he had a good head on his shoulders. **Lone Star babylist** The storyline is predictable and not terribly exciting but it's fine: **Lone star bookkeepers** Very baby-focused so if babymania is not your thing avoid this, **Lone star bookkeepers** Ava is not overly cutesy IMO but she is a HUGE part of this novel: **Lone star bookkeepers** There's also that weird thing I find gross where the heroine often fantasizes about the hero holding her and touching her like he does the baby. **Lone Star babycham** I think this is supposed to be sweet - it's featured in a lot of HARs - but I find it creepy, **Lone star bookkeepers** Babies and women are not the same thing and I would HOPE you don't want your man treating you like he does his baby: **Lone Star babycham** Especially because her attractive and pragmatic colleague Doctor Gavin Monroe is little Ava's co-guardian. **Lone Star babyf** Gavin has doubts about the arrangement but idealistic Violet is certain they can work together to care for Ava while they find the perfect adoptive family: **Lone star bookkeepers** Gavin secretly crushed on sexy irrepressible Violet for years but after losing her fiancé Violet's heart was impenetrable, **Lone star bookkeepers** For once Violet is ready to embrace the unpredictable...maybe even love. **Lone star bookkeepers** But Gavin fears he's not the father Ava needs or the man Violet deserves, **Lone star bookkeepers** In their search for a perfect home for Ava Doctor Gavin Monroe is little Ava's co-guardian, **Lone star book advance** Gavin has doubts about the arrangement but idealistic Violet is certain they can work together to care for Ava while they find the perfect adoptive family. **Lone Star babykid** Gavin secretly crushed on sexy irrepressible Violet for years but after losing her fiancé Violet's heart was impenetrable. **Lone star baby scandal** For once Violet is ready to embrace the

unpredictable...maybe even love, **Lone star bookkeepers** But Gavin fears he's not the father Ava needs or the man Violet deserves: **Lone star bookkeepers** In their search for a perfect home for Ava and situation that many of us never stop to think about, **Lone star book advance** Upon being trusted as baby girl's guardians they have to make a decision what is best for the baby putting their own feelings and budding romance on the side. **Lone star baby scandal** While I was reading this story and experiencing the struggle Gavin and Violet went through with the decision I had to stop and wonder what would I do in that situation: **Lone star bookkeepers** The story is different kind of romance it is missing the high emotions of falling in love often demonstrated, **Lone star bookkeepers** Yes Gavin and Violet do fall in love there's heat hot passion and attraction. **Lone star baby scandal** But the main focus is on the matter of the new parenthood and what is best for Ava. **Lone Star babyf** I liked how the author took a look of life decisions from the two points of view we usually make them either based on emotions or rational thinking, **Lone star bookkeepers** It is hard to separate our feelings from matters that are so heavily based on emotions[1]

But was soon dreaming of making Ava her own. He doesn't count on falling for the little girl himself.[amazon.com/Lone-Star-Baby-](http://www.amazon.com/Lone-Star-Baby-). Barnes and Noble:

Liked the story but it was lacking something. Did not enjoy it as much as her previous novels. I thought that this was a sweet book. I loved watching the connection between the two. I enjoyed seeing how they worked as a family. I was hoping for more drama. The mom named Violet and Gavin to take care of Ava. Ava was born early and the mom died. A lot goes on between the three of them. The love between them all becoming a family. A very good read. Miniseries: McCabe Multiples Kindle Edition Sweet story. Violet is certain they can Gavin is not so sure. I loved seeing how quickly they became a family. But they have a big obstacle between them to overcome. The epilogue was a nice glimpse at their future. My only problem with the story was with Violet's parents. Kindle Edition Mommy! All three heads popped out. pg. Violet and Gavin are both doctors. BIZARRE. I kept expecting her to tell them to butt out. Also there's nothing 'bad' or 'threatening' about Gavin. Most parents would be thrilled. The book is fine. It's enjoyable. HOW'S THE SEX CARMEN? Well. I was happily stunned. Then I flipped the book over and looked at the author. It was Cathy Gillen Thacker. Everything began to make sense. No wonder the sex is so surprisingly good in here. He's also diligent about condom use extra points. Nothing objectionable. o.O Supposed to be touching I find it revolting. But oh well. Ava changes everything. Ava changes everything. As the story demonstrates maybe the best conclusions come.
