So much potential This book had SO much potential to be longer. **Book Bearly herschel** I felt the author could've expanded a bit more on the subject of Mack and his operation the other shifters and even the brothers: **Barley hsn code** It was unusual to read that these shifters could only shift while moving: **Book Bearly hershey park** The author did give it away too soon that Mack was less than what he seemed but I liked Trey's vulnerable side and the fact that he's caring and protective. **Bearly Hers epubs** Best short read I've read so far that hasn't been filled with sex in every chapter. **Bearly hershey park** Bearly Hers This was a really good short story about a bear shifter who is almost 30. **Book Bearly hersey** Once a bear shifter turns 30 and are unmated they can no longer have children, **Bearly hersfelder zeitung** He attends a mixer (where shifters find human woman for possible mate's). **Book Bearly hersey** They have a lot of chemistry however they have a lot to get through to even consider being possible mate's, **Barely hardly scarcely** The book was good and I would recommend it for anyone over 18 due to sexual content. **Bearly Hers kindle store** 5*Book source ~ Kindle Lending Library Curvy microbiologist Gia Santos has a thing for shifters so she lets her friend Hope talk her into going to a shifter mixer: **Book Bearly hershey park** Maybe she'll find a guy to date and her life will be a bit more exciting than it currently is, **Book Bearly hershey's** Trey Cross ranch owner and bear shifter had no intention of going to the shifter mixer until one of his clan tells him he was robbed by one of the women there. **Book Bearly hersey** Now he needs to go and find this woman himself because no one messes with his clan: **Bearly Hers pdf editor** When Gia matches the woman's description Trey invites her to the ranch. **Barely hardly** He's determined to catch her with her hand in the cookie jar but he and his bear are falling fast for her: **Bearly Hers booking** When primal instinct kicks in what's a bear to do? Mistaken identity alert! Trey's not very bright. **Book Bearly hershey park** Instead of checking out all the women at the mixer he hones in on Gia and automatically assumes she's the thief. **Book Bearly herschel walker** You know because there isn't anyone else at the mixer who fits the description. **Bearly hershey park** Even though he spots a woman flirting with some guys mistaking her for Gia and only realizing it's not her when he notices the woman is wearing a different color dress. **Barely hardly scarcely** Because then where does the plot go? *rolls eyes* That part irritated the fuck out of me, **Book Bearly hershey's** Come on! Anyway the rest of the story isn't bad and I do have a thing for bear shifters, **Bearly hersfelder zeitung** Also the weirdo Mack is a bit much but overall I enjoyed this read. **Bearly Hers book** Bearly Hers I love shifter romances but not huge on liars and relationships that start with lies that could've been exposed multiple times which is what I found here. **Book Bearly hershey park** It was a decent romance but the lead guy kind of came off as a little not necessarily dumb but maybe oblivious in my opinion: **Barley hsn code** Bearly Hers Did you know? Shifting into bears is an elevated form of the magical girl transformation. **Berly herskovitz** Instead of a cool hand movement the shifter just needs to unbutton their jeans: **Barely hearing on airpods** Listened to the audiobook and amused my best friend with vague spoilers: **Bearly hidden cabin gatlinburg tn** Read for the Popsugar 2021 reading list for the prompt 'a book you think your best friend would like', **Book Bearly hershey's** Bearly Hers A BRILLIANT BEAR SHIFTER ROMANCE FOR JUST 99c! . There were a few minor errors nothing drastic though. I'd loved to see a revised version that's longer. Good short little read though. The mystery is what made this book likable. Good plot in my opinion. So he wants to find a mate soon. He meets Gia a very delectable woman. Bearly Hers 3. But she couldn't possibly be the thief. It could have been a bit longer though. I'm talking about the story here pervs. Mission accomplished. Trey Cross is a bear shifter in a desperate situation. Currently he is 29. An entertaining story. Bearly Hers Very Good! Very good & fast paced action. Also some sex scenes. Trey owns a ranch with his two brothers. He must find a mate within the next two months.

Gia and Trey meet at a mixer and insta-lust ensues
