

Heart Of A Thief (The Crusaders, #1) By Gail Barrett So why was security specialist Luke Moreno back entrusted with protecting a priceless necklace--and glowering at her as if she'd betrayed him? Then shots rang out--and suddenly Sofia and Luke had to rely on each other. What had she done? Heart Of A Thief (The Crusaders #1)The nuns in my Catholic elementary school always said that each of us has a gift a reason we were put here on earth. Who else would spend her childhood grinding sparkling rocks into fairy dust and convince her friends it was real? Or daydream her way through elementary school spend high school reading philosophy and playing the bagpipes and then head off to Spain during college to live the writers life?After four years in Madrid I straggled back home broke but fluent in Spanish and discovered that Id acquired a marketable skill. I also married a Coast Guard Officer and followed him around The nuns in my Catholic elementary school always said that each of us has a gift a reason we were put here on earth. Who else would spend her childhood grinding sparkling rocks into fairy dust and convince her friends it was real? Or daydream her way through elementary school spend high school reading philosophy and playing the bagpipes and then head off to Spain during college to live the writer's life?After four years in Madrid I straggled back home broke but fluent in Spanish and discovered that I'd acquired a marketable skill.5 starsIt was really interesting but it was similar to a book the author had previously written, 224 reading for Aspen Gold 2nd round judgingQuick read - fast-paced reasonable characters although I felt like I was watching an action-adventure movie more than reading a romance: Interesting setting - I don't know a lot about Spain so the geography was interesting: If you like quick romances with lots of action and some sex you'd like this one: With bodies around them the necklace missing and all suspicion pointed their way Sofia had to face facts, Well I knew early on that I was meant to be a writer, Well I knew early on that I was meant to be a writer: I also married a Coast Guard Officer and followed him around the country as he rescued ships and saved lives, I earned my master's degree and continued teaching which I really enjoyed, That was my dream what I knew I'd been destined to do and yet I had never done it: If I wanted to become a published author I had to stop fantasizing about writing and actually do it. So I began my first book - and discovered that writing a saleable novel was much harder than I'd dreamed: Fortunately I inherited a healthy dose of Irish stubbornness a strong mid western work ethic and a love of challenges that helped me persevere, So here I am at last just as the nuns instructed and right where I hoped I would be - writing stories about characters struggling along their own paths of self discovery[1]

3. 224 SRS #1514 = 3.5 stars 224 Or so Sofia Mikhelson believed. Five years ago she hadn't believed in Luke's innocence. Now he was the only one she could trust. Our job is to discover what that purpose is. So instead of writing I began teaching Spanish. Our job is to discover what that purpose is. So instead of writing I began teaching Spanish.The years passed. We had two sons. We met interesting people and acquired a quirky dog.But the desire to write kept lurking in my mind. Then one day I made a decision. I hope you enjoy their journey home. {site_link}.
