

Jump Cut By Libby Fischer Hellmann **Jump Cut booking** Research tells me that this is the fifth in the Ellie Foreman mystery series and that the series has won awards and I have no doubt that many readers will enjoy these novels but this did not work for me. **Book Jump cutco** The Scandinavian crime writers have introduced us to crime writing at its best and anything else pales by comparison. It is always difficult to construct a plausible plot when the main character is an amateur sleuth and not a bonafide detective or part of a police force and the way in which Ellie becomes involved in the investigation does not seem realistic. **Mystery Thrillers Jump cutler** Ellie is suspicious and wants to know why there is a sudden change in attitude so sets up a meeting with a man that she thinks might know more but when he is killed on the way to their meeting.
