P.C. Currently crafting fiction—mostly romances—occupies her time. C. Currently crafting fiction—mostly romances—occupies her time. Zick is also an editor book formatter and publisher. And of course in both locations Ms. Gracie names him Minty. Romance for the single mom may not be possible. C. Zick. My synopsis of Minty's Kiss. It is one that pulls at your heart strings. Little town folks with big hearts. The prologue set the foundation well. With a twist of faith they part. I look forward to reading more from Ms. Zick as I would love a featured novel on Lacy. She feels the flush of her adolescent crush heating up. A first love christmas story that you can't put down. I really liked the characters in this story. All of them! Including the sweet little kittens and Harold. This is perfect for a quick Christmas read
