

Wanted: Mom and Me (Silhouette Intimate Moments No. 760) By Kayla Daniels **Wanted girl** You see the heroine and her daughter are on the run two years ago her daughter saw a murder and they went to the police but they were attacked and afraid for her daughter's life she ran moving from place to place but she has been in the town for six months and likes it. **Wanted epubor** The hero becomes curious about her and starts nosing around and asking questions about her part of it is professional curiosity and a bit personal too though he tries to squelch that. **Wanted 2008** He finds out her real name and confronts her and she tells him the truth and also urges him to let them be but his duty doesn't allow him that so he contacts the police about her and is told to keep an eye on her while the case is re-built again. **Wanted harry potter** I actually found the hero's actions questionable yes he was doing his job but he was also risking the life of a 9 year old he believed in the law and following the procedure which in part came because of a robber killing his wife but it was still ambiguous. **Wanted carlos ghosn online** The h/H become intimate and he tries telling her the truth but can't this is what bugs me in books I mean can't you just bloody blurt it out? What follows is something you can guess the bad guy attacks them he saves the day she gets angry when she learns the truth blames him he blames himself viola somehow they forgive each other and HEA:

## Wanted man book

Wanted: Mom And Me by Kayla Daniels released on Nov 22 1996 is available now for purchase.

**Wanted man book 760**) This was a pretty average read nothing original or special about it: **Wanted knucklerot and luzran** The heroine is caught in an accident because of a dog along with her almost 9 daughter and the Sheriff makes an appearance which discomferts her, **Wanted harry potter** Both of them share a common bond they both lost their spouses way too early heroine before her daughter was born and the hero in a mugging (she was a social-worker). **Books wanted by dealers** The hero isn't ready to move on because he feels he failed to protect his wife and also he is guilty of investigating the heroine. **Wanted jesu** He kind of becomes a part of their family feeling guilty for lying but also loving being with them. **Wanted: Mom and Me (Silhouette Intimate Moments No. 760)** I found the book predictable and a bit drab. 9780373077601.
