. Carly needs an interview with Dean to keep her job. The truth comes out and no spoilers here. This was a great book that you will love. I liked how straightforward Carly was. A hit in my opinion. I just love how Ms. Thomas brings her characters to life. There was plenty of angst here. I read the first paragraph and continued to the end. I couldn't put this down. Thomas. She brings the story to life. HIGHLY recommend. This is such a wonderful book. AND I must say the Forrester men are charming and sexy. Such an easy read. And I adore Carly. She says what she is thinking and I just love that. She's ecstatic when she gets him to agree. I highly recommend it. She lives there with her husband and sons. He does his job and nothing else. However it's not Dane it's Ethan. He was abrupt and closed off but he wasn't mean. He totally made me cry at the end. I love the Alaskan setting of these stories. No one will know his true identity. Daylight brings some harsh truths and a serious hangover
