Self Help A Very Harry Book. This is not a tension-fraught book. You can read my entire review here. I recommend this book to the highest level. This book falls closer to the latter. It's not bad not at all. It's just okay and I'd rather try others. I doubt I'll be returning to the Nightmare Academy. It's too cliched and not inventive enough. Not bad just not really good. Tidak peduli saat tidur siang atau dimalam hari. Setiap anak bermimpi. Ia terpaksa belajar di rumah dengan ibunya sebagai guru. ia ingin agar Charlie diturunkan. Otomatis kemampuan membuka portalnya juga akan menurun. Namun kepala sekolah Brazenhope menolak ide itu . Barakkas memprofokasi Charlie agar mau menjadi penerusnya. Di Academy Charlie bersahabat dengan Violet dan Theodore. Baru saat di Pesta Buku Jakarta keinginan saya terwujud. Plus bonus poster yang menggoda untuk dibingkai. Khabarnya masih ada sambungannya hingga lima buku. I highly recommend it. Mr. and Mrs. One night Charlie brings a Silvertongue into his room. After the fight Charlie's parents meet the team. Charlie's gift is too strong which can become dangerous. It is creative and funny. My children love the book and they are only 5 and 3. No pictures for them to look at. {site_link}
