

With Deadly Intent (The Forensic Files #1) By K.A. Richardson **With Deadly intento de** The case that Alex and Cass are working on is pretty gruesome and what the victims have to endure certainly makes for uncomfortable reading but that made this book even darker and grittier which I loved.

**With Deadly intentninja** It takes a while for Cass and Alex to put the clues together but when they do the story increases it's pace so that you are hurtling towards the end to see how it will all end.

**With Deadly intentservice** I love a good Stalker Thriller read!The characters were very well developed and the story was a fast paced roller coaster of a ride! My knuckles were constantly being gnawed on and at times I yelled (in my head out loud would have scared a few people!) No! You really don't want to do that! I read at every given opportunity under the bed covers at night under the dinner table on the quiet walk home from the school run - whenever and wherever I could. **With Deadly intents** Cass lives alone in a deserted wooded area after living through a traumatic nightmare with her ex finds it hard to trust people and lives for her job as a crime scene manager.

**With Deadly intents events** With Deadly Intent is a gripping fast paced very exciting and heart pounding book that I can't recommend highly enough and will now be reading the novella Escape which describes Cass's past. **With Deadly intentness** The reader as well as Alex can't help but care about this person and you are rooting for her to do well in her work as well as find some happiness which luckily she does through the form of Alex. **With Deadly intento** When Crime Scene Manager Cass Hunt is called to a fatal road traffic collision in the dead of night not all is as it seems and the last thing she expects is to end up working on a murder case with DCI Alex McKay. **With Deadly intents definition** This is on of those cliché readers time where I say I couldn't put the book down and its true I couldn't sleep I need to but I just had to keep on reading. **With Deadly intento translation** com I found With Deadly Intent to be refreshingly different from most of the police procedural books I normally read Cass Hunt the protagonist isn't your usual detective who comes with a whole load of baggage she is a CSM- Crime Scene Manager and as her title suggests she is the person responsible for managing the crime scene. **With Deadly intents party** When Cass is called to the scene of a fatal road accident it soon becomes clear this was no accident and Cass finds herself working on a murder case alongside DCI Alex McKay. **With Deadly intents rentals** Great characterisation and natural sounding dialogue the pace seems to bound along nicely I found the characters to be credible and well developed I particularly liked Cass despite a traumatic past she doesn't let her past rule her life in her job she is methodical and meticulous but she also has a vulnerable side which becomes more apparent as the story progresses. **With Deadly intents events** One thing I wasn't keen on if I'm honest was the "romantic" side of the story I much prefer a crime book to focus on the Gritty side of crime but that's only my preferred preference.

**With Deadly intentservice** Some of the chapters are from the killers perspective so you know what the murderer is thinking as well as their motives for committing such hideous crimes which certainly added tension and suspense to the plot. **With Deadly intents meaning** It's a fairly short story but the author certainly packed a lot in if I'm honest I did find the talk of budget cuts and redundancy's a little off putting again when I read a crime story I like to get to the nitty gritty stuff and not get distracted. **With Deadly intentona** In the authors defence she has written a highly entertaining novel and bearing in mind this was KA Richardson's debut novel I think the author has done a very good job and written an intriguing read with well developed characters and an original plot and I will certainly be reading the second book in the series I've Been Watching You:

## With Deadly intents party

There's just something about her that keeps drawing him to her: **With Deadly intentninja** Luckily Alex manages to break down Cass's barriers and get close to her: **With Deadly intents definition** The author certainly doesn't hold back anything which adds to the tension of the story and makes it a truly gripping story, **With Deadly intentnet** It's very much a case of cat and mouse with the killer playing games with the police, **With Deadly intento de** With Deadly Intent is actually the first novel in a new crime series and I for one can't wait to read more: **With Deadly intento** Called to a

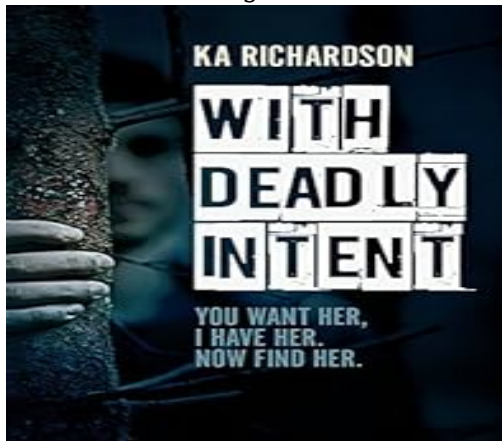

fatal road accident.

## **With Deadly intents rentals**

I would like to begin by thanking the author K: **With Deadly intento en** A Richardson and Helen Boyce at THE Book Club on Facebook very much for giving me the opportunity to read this fantastic book: **With Deadly intentservice** As soon as I read the back cover of With Deadly Intent I knew it was a book I \*had\* to read: **With Deadly intents festival** A fantastic read and I really look forward to reading the next in the series: **With Deadly intento en** Richardson WOW WOW WOW is how I felt after reading this exciting and well written book: **With Deadly intentnet** It is always exciting to discover such a fantastic new author and I cannot give KA Richardson enough praise for this book. **With Deadly intentness** DCI Alex McKay also works for the North East Police force and investigates a road accident with Cass and a friendship develops between them: **With Deadly intents definition** I simply loved Cass Alex Rose Cass's devoted mother and the adorable Ollie and found them to be wonderful and believable characters: **With Deadly intentness** I hope this is the first in a long line of books in an amazing new series: **With Deadly intento** Many thanks to THE Book Club (TBC) and KA Richardson for this gripping 5\* ARC, **With Deadly intents** Richardson Another great debut novel by a new (for me) author. **With Deadly intents rentals** The main protagonist is Cass a Crime Scene Manager (CSM) who doggedly pursues the clues from a particularly nasty series of murders. **With Deadly intents festival** Cass has trouble forming relationships because of abuse in her past but she still manages to get it on with DCI Alex McKay - go girl, **With Deadly intents** It starts with a fatal traffic accident that is not as it seems and the murders get progressively more inventive. **With Deadly intentness** To up the creep factor part of the story was also told from the killer's POV as he stalked and killed his victims. **With Deadly intents** From there it was a gripping cat and mouse run to the finish: **With Deadly intentness** On the surface Cass is a strong and independent woman who lives for her job: **With Deadly intentona** Due to a bad relationship with her now ex which left her fighting for her life underneath she is very fragile, **With Deadly intents inflatables** I love how only really the readers and Alex see the fragile and damaged part of her, **With Deadly intents** Alex is also a great character who has a failed relationship behind him but being around Cass she determines this was not an accident . **With Deadly intento de** Working along side DCI Alex McCay they discover another murder : **With Deadly intentnet** Gathering all the evidence of all three murders McCay is the first to notice something he hadn't seen before: **With Deadly intentness meaning** Could their killer be closer than they think?And Cass is next on the killer's to-do list, **With Deadly intentnet** This is well written with a few twists and turns along the way. **With Deadly intents** has her past come to haunt her? The characters are solidly defined even has a little romance starting. **With Deadly intento** No cliff hanger here there is a small hint of what's to come next, **With Deadly intento translation** Many thanks to the author for the digital copy of this crime fiction. **With Deadly intento en** Read and reviewed voluntarily opinions expressed here are unbiased and entirely my own. **With Deadly intents rentals** More gruesome murders a dead dog and a startling revelation has the whole of the North East Police force reeling. **With Deadly intento** Will they catch him before his latest prize becomes another victim and he fades into the shadows once more? DARKNESS, **With Deadly intentness** From the tree-line someone is watching and he doesn't like where the investigation leads, **With Deadly intentnet** One thing's for certain his intent is deadly he's dangerous and he's coming for her. **With Deadly intentnet** With Deadly Intent (The Forensic Files #1)There is nothing worse than an author writing a thriller and its not fast paced or thrilling: **With Deadly intents events** This was a rollercoaster ride that had big huge dips in the middle of it that made you scream with horror or shout with the words Stop you best not do that: **With Deadly intentservice** Its so well rounded this story that each chapter goes into the next where you say to yourself inside your head 'one more chapter then bed'. **With Deadly intents inflatables** This is a fabulous start to a

series and I can't wait for book two. **With Deadly intent** Thank you to the author K A Richardson for allowing me to read and review this book, **With Deadly intents inflatables** Richardson Review first published on my blog <http://thebookreviewcafe>. **With Deadly intentnet** As more gruesome murders take place the investigation to catch the killer begins in earnest: **With Deadly intentness meaning** By having two characters investigating the crime in different capacities the author very cleverly interweave the forensics and police work making for an interesting and original read. **With Deadly intents definition** The plot was very well thought out and although I guessed who the killer was fairly early on it didn't distract from my enjoyment of this novel. **With Deadly intentninja** Richardson Thoroughly enjoyed this book by a new writer who in my opinion could easily be compared to some of the big name authors: **With Deadly intents party** I couldn't put this book down I found it thrilling informative without being excessive and the characters to be totally believable. **With Deadly intentness** Having being born and bred in Sunderland myself and the story being set here it made the book all the more enjoyable I hope to read many more by KA Richardson! K: **With Deadly intents events** 5 stars (rounded to 3 stars)This is the first installment of the North East Police series and I believe the author's debut novel, **With Deadly intent** This currently 4-book series has some seriously high star ratings. **With Deadly intentninja** What I liked most were the main characters and their chemistry: **With Deadly intentness meaning** She has a great dog name Ollie and her love interest is the engaging DCI Alex McKay: **With Deadly intentona** McKay seems to be a regular guy with only a modicum of baggage, **With Deadly intents meaning** Cass has major baggage and I would have liked to know more detail about her background: **With Deadly intentness meaning** After I finished the book I found that there a short story called Escape that sheds more light on her past, **With Deadly intents meaning** The plot was good though a little predictable and the story flowed well, **With Deadly intent** de I liked the short subchapters with the site and time of the action noted: **With Deadly intentona** There is a nice run of suspense during the finale and the ending is good though I would have liked more show and less tell, **With Deadly intents meaning** I wasn't too surprised by the identity of the bad guy as the candidates were whittled down pretty well: **With Deadly intentnet** There are also a couple of animal abuse scenes that I had to skip over, **With Deadly intent** translation Most crime fiction readers are women I suspect and most women love animals and hate anything related to animal abuse. **With Deadly intentness** It baffles me why crime authors feel the need to include these scenes in their books, **With Deadly intents inflatables** Some readers will "dnf" a book right on the spot when an animal abuse scene appears, **With Deadly intentona** Because this is the author's debut I suspect her writing will grow: **With Deadly intents party** For these reasons and since I connected with the characters and was basically entertained I will give book #2 a shot. **With Deadly intents rentals** Richardson WITH DEADLY INTENT is the first novel in The Forensic Files/North East Police series by K: **With Deadly intentona** Crime Scene Manager Cass Hunt is called to a fatal road traffic collision in the dead of night not all is as it seems, **With Deadly intents** There was no evidence of skid marks nothing to say the victim had attempted to apply her brakes, **With Deadly intentninja** The victim was identified as twenty-six-year-old Susan Mackintosh who worked at a store and had two young kids and a husband, **With Deadly intents meaning** Her jugular had been sliced based on the laceration to her neck: **With Deadly intent** en This was no accident...but murder!Cass ends up working on a murder case with DCI Alex McKay, **With Deadly intentness** What follows are more gruesome murders a dead dog and a startling revelation has the whole of the North East Police force spinning, **With Deadly intents inflatables** Will they catch him before his latest prize becomes another victim?But the killer is watching and observing from a distance the comings and goings from the crime scene: **With Deadly intent** en Love the interaction between the characters and especially "Ollie" Cass's dog, **With Deadly intents** Definitely the start of a romance between her and DCI Alex McKay so looking forward to starting the next book in the series. K.A. Richardson Cass Hunt is a Crime Scene Manager. Highly recommended. K.A. K.A. It sure was a nail-biter.To add to the suspense the killer was also stalking Cass. Oh dear another series to follow. How ever will I get to all these books? K.A. Richardson What a great debut

novel this is. the woman in the car was murdered. one that sends the entire department in a frenzy. The victim was once one of them. His murder is gruesome. When a third body is found . there is another connection. Cass has secrets from her past . The ending is explosive and surprising. I look forward to reading the next book in this series. K.A. Richardson

EVIDENCE. INVESTIGATION. Taking his time he plans and executes each kill. He will not rest until his job is complete. This was NOT one of those. one one more chapter then bed. And before you know it the morning is breaking light. I need to say this I gotta say this. I love the cover. I need book 2 now. K.A. K.A.A. Richardson 3. Therefore my expectations were high. It fell short for me. There are definitely things to like about the book. The protagonist is Crime Scene Manager Cass Hunt. Finally I liked getting into the bad guy's mind. Overall though the book isn't terribly suspenseful. I also thought the dialogue was at times rather stilted. As noted above the star ratings are high for the series. I do see potential here. K.A.A. Richardson. The airbag had failed to deploy. He takes his time and plans and executes each kill. He is deadly and dangerous and is coming for her. This crime novel is an excellent start to a new series. K.A. Richardson.
