

Lure of Obsession (Muse Chronicles, #1) By Lisa Kessler **Book Lure of obsession definition** The writing was solid and even though the romance moved a bit quickly in my opinion it fit the lore of Muses and Guardians so it didn't come across as insta-love (which I'm not a fan of!). **Book Lure of obsessions** Overall.

It's no secret I'm a big Lisa Kessler fan and this book has everything I have come to love about her writing - great characters lots of emotions great writing and a story that pulls you in and makes you want to be a part of it. **Lure of Obsession Short stories for adults** When he begins having visions about the murder of Mel's roommate and then learns from Mel about the Muses and his status as her Guardian he's committed to keep her safe - but a relationship still isn't something he thinks he's capable of. **Lure of Obsession booking** Although Mel is usually a glass half empty type of person a part of her being the Muse of Tragic Poetry with Nate she's able to feel safe...and I loved watching her push her negative thoughts aside when it comes to him. **Book Lure of obsession wow** I did find her a bit reckless though - I loved her wanting to help Nate when he didn't have backup the plot for not only this book and the series was laid out perfectly to keep the story moving and ending with a happy ever after but leaving enough open to have me waiting for the next installment in this series. **Lure of Obsession ebook3000** I mean who doesn't love the Greek gods and all of the stories about how they meddled and manipulated not only each other lives but those of the human's who worshipped them? So a story about the Muses being reborn and hunted by a fanatical group who believe that releasing the Titan's is a good idea is definitely up my alley. **Book Lure of obsessions** And while I enjoyed the book and am looking forward to getting to know the rest of the Muse's and seeing how they collide with their Guardians I'm also left with wishing this book had delved a little deeper into certain aspects of the story. **Short Stories Lure of obsessions** I love her passion for her job as an English teacher and how she shows her students the beauty of the written word and how they can help to express yourself hell I'd probably have adored her if she'd been my teacher. **Book Lure of obsession definition** Nate is all about protecting and serving though and incident from his recent past and what he went through as a child make him doubt his efficiency at the protecting aspect of his job but he perseveres. **Lure of Obsession ebook free** His past has shaped him also into believing that being a lone wolf is the only way to live his life but a certain little blip in his life prove that he is wrong and show what a compassionate and sweet man is hidden underneath. **Lure of Obsession Science Fiction fantasy fiction** Though the situation that brings them together is not how anyone would want to being a relationship it is the catalyst that awakens the Guardian in Nate and from that moment on they find themselves undeniably intertwined. **EPub Lure of obsession perfume** Things do progress quickly but much of that is due to the Guardian/Muse bond and though there is a bit of push/pull that happens neither of them can deny the unnameable force that draws them to each other and they both make the decision to not deny it and through it find that they actually like each other beyond the physical and may just be exactly what they need. **Science**

Fiction Fantasy Lure of obsession crossword clue Now for the delving deeper thing I do wish that there had been more detail the Golden Age of Man given and just why the Order believed it was a good thing though being fanatics the details aren't always necessary as well a little more on how the girls or at least Mel. **Book Lure of obsession eq** I'm chalking this up to a "it's not you it's me" thing because I did really enjoy the story and am looking forward to seeing what the next book in the series has in store for us. **Kindle Lure of obsession book** ~ ARC received from the publisher via NetGalley in exchange for an honest review ~ Romance Short Stories Science Fiction Fantasy Spoiler-free full review of the series [HERE!](#) Romance Short Stories Science Fiction Fantasy This was a fun light read with mystery and romance and of course opposite yet similar in certain ways. **Lure of obsessions eyeshadow** Melanie is the holder of the muse for tragic poetry and I didn't understand exactly what that meant for a while but right from the beginning of this story bad things seem to happen around her. **Book Lure of obsession definition** I just knew that more tragedy would strike and Nate wouldn't be there to stop it like he had before but there are some crazy twists in this story that really ramped up the need to know what would happen. **Lure of obsessionnelle** So I like the basic idea of the plot - the nine muses are reborn over and over again to inspire humanity but some crazy dudes want to release the Titans and killing the muses will buy them more time to do so. **PDF Lure of obsession dnd** Industry doesn't move so quickly that somebody can be inspired invent something spectacular and immediately make their product available to the entire world in such large quantities that the competing industry suffers. **Book Lure of obsession dnd** So the idea that any advances in clean energy would destroy the oil industry before these idiots finally realize they can't actually dig a hole to the center of the Earth is beyond laughable. **PDF Lure of obsession netflix** Did the author do any research at all? I actually have plenty more to bitch about but it's 5am and I've already wasted more than enough time on this crap so I'm just stopping here. **Lure of Obsession Science Fiction fantasy book** Stars! Lisa Kessler is an author who has been on my radar for quite some time but every release I have seen for her lately has been a book that is part of a long running series and I am one of those readers who has to start a series from the beginning. **Kindle Lure of obsessions** As such when I saw Lure of Obsession was the first book in the authors new Muse Chronicles series I did a small but very rhythmic happy dance at finally being able to see what this author was all about. **Lure of Obsession Short stories for kids** Unfortunately this book starts with the murder of one of them and through its course you are introduced to the rest of the women all of whom have their own very diverse personalities and differing talents with Melanie Jacoby; Muse of Tragic Poetry being the lead sister of the story. **Book Lure of obsession definition** Even though Nate has issues with commitment it seems the lure of being Mel's Guardian is strong enough to make him step out of his comfort zone very quickly in order to offer her the protection she needs. **Lure of Obsession booking** This was a sweet read plenty of secondary characters and POV's to keep the plot moving and plenty of scope for the rest of the books with the villains still at large and the sisters still intent on getting their theater up and running and I look forward to reading more books as they are released and hopefully have the time to start some of the authors more established series at some point too:

This is the first book in the Muse Chronicles series, **Lure of obsessionnel synonyme** From the blurb I could tell this would have a little Greek Mythology thrown into this paranormal romance story and I love that kind of story: **Book Lure of obsession wow** He's her guardian and he has visions to help protect her: **Lure of Obsession Short stories for teens** Melanie and eight other women found each other each with a different muse and they were trying to open and theatre, **EPub Lure of obsession pdf** There's also evil people who are trying to kill all the muse's off in the name of the Titans. **Lure of obsessions eyeshadow** When the danger gets really close to Melanie Nate has no choice but to make sure that she and the other women are safe: **Lure of Obsession kindle direct** They aren't sure who is after them but they know someone is, **Lure of Obsession Short stories online** The action danger and mystery surrounding the people who are out to get the muses goes on for most of the book. **Book Lure of obsession definition** I really liked how this ended and am looking forward to reading the other books in this series. **Short Stories Lure of obsession pdf** Romance Short Stories Science Fiction Fantasy Super spoilery review because you definitely should not waste your time reading this, **Book Lure of obsessions** Any romance novel that has a half naked man on the cover is an adult book - can we all agree on that? I think so, **Lure of obsessions eyeshadow** This felt more like YA at times (crazy angst) bordering every now and then on NA (lots of sex) but very rarely did it feel Adult (the sex was always gently worded): **Lure of obsessionnelle** The muses are handily appointed guardians that will protect them from something that is never revealed to the reader. **Book Lure of obsession netflix** the titans are imprisoned in the center of the Earth so the bad guys are deep oil drilling in an attempt to break the Titans out, **EBook Lure of obsession perfume** The deepest humans have ever drilled is like 7 miles; the center of the Earth is

about 4000 miles deep: **Book Lure of obsession netflix** How fucking long are these assholes going to drill? My calculator won't even give me recognizable numbers when I try to mathicate this shit: **Lure of obsessionnellement** The author clearly expected the reader to just accept this nonsense because it's in a paranormal book I guess, **Lure of Obsession epubs** So why do they need to kill the muses anyway? Because the muses will inspire the world to make advances in science specifically in the tech fields of clean energy: **Book Lure of obsession book** And the bad guys need the oil industry going full throttle to earn the money necessary to continue drilling to the center of the Earth for like 8000 years. **Lure of Obsession Science Fiction fantasy book** We're making advances in clean energy every day and the oil industry is doing just fine, **Book Lure of obsession perfume** If solar powered cars were available tomorrow the oil industry wouldn't take a hit at all: **Book Lure of obsession wow** Look at how well they're doing with electric cars on the road. **Kindle Lure of obsession book** Tesla electric cars have been available for 10 years and there are less than 80k of them on the road. **Lure of Obsession Science Fiction fantasy fiction com**) I am a fan of Lisa Kessler's Moon series and have read and liked all of them. **Book Lure of obsession pdf** So it was an easy decision to read her latest release which is part of a new series: **Book Lure of obsession book** I must admit the paranormal element was new to me as far as reading fiction, **Lure of Obsession book 3** Mel is the Muse of Tragic Poetry having changed at the age of eighteen: **Lure of Obsession pdf free** Now she has not only met the other eight Muses but is in partnership with them as they work to renovate an old theater: **Book Lure of obsession dnd** Their goal is to have a place for all artistic endeavors to happen there. **Book Lure of obsession definition** When Mel comes home one night she finds a tragic scene in her home, **EPub Lure of obsession perfume** She meets Nate a detective and is pretty much immediately attracted to him: **EBook Lure of obsession perfume** Nate doesn't understand why he is so attracted to her either as it goes against all his professional rules, **PDF Lure of obsession perfume** Mel is the complete opposite of a optimist due to her being the Muse of Tragic Poetry. **Book Lure of obsession definition** Everything to her is a potential disaster but she doesn't act out or anything it's just what runs through her mind: **Lure of obsessionnelle** She's a high school English teacher the kind of teacher that kids never forget. **Lure of Obsession epub free** Nate is a handsome man one that refuses to ever settle down, **Short Stories Lure of obsession perfume** He's good at what he does and is usually very professional: **Book Lure of obsession netflix** Meeting Mel and becoming involved with her goes against everything-and he really doesn't care as he can't think of anything but her-and the case: **PDF Lure of obsession definition** What started out as just another case really ramps up when he starts having new abilities-out of the blue: **Book Lure of obsession definition** Also featured is his partner John who doesn't approve of Mel, **Book Lure of obsessions** Mel's fellow muse Callie has a bigger part to play as Mel's friend. **Book Lure of obsession wow** There's also an assortment of villains all with the same agenda, **Short Stories Lure of obsession perfume** To me the romance and the mystery took precedence over the paranormal aspects with Mel, **EBook Lure of obsession perfume** However other than her "glass is half empty" view of life the reader doesn't see much of the paranormal. **Lure of Obsession Science Fiction fantasy fiction** It's more of a personality thing then something that really manifests. **Lure of Obsession pdf editor** As far as Nate goes his new powers seem to be more paranormal than what Mel is, **Short Stories Lure of obsessions** And I am going to leave it at that because of spoilers, **Book Lure of obsession perfume** As far as the reasoning of the villains I am still a bit unclear of the why of what they do: **Lure of obsessionnelle** I hope in the next books the villains and their reasons will be explored further: **Book Lure of obsession netflix** My favorite part of the book was the romance and the addition of a small child in Nate's life just made that part better. **EBook Lure of obsession synonym** That didn't surprise me as Lisa Kessler knows how to write a good romance: **Book Lure of obsession definition** The Muse part was interesting but I would like to see more of what the Muse's do to change the person they inhabit, **Lure of obsessions eyeshadow** The thriller aspects were also a good part of the story but as I said I think I need more about the villains and why they feel the need to do what they do: **Lure of Obsession Science Fiction fantasy fiction** I liked the characters and I will be interested to see

who the next one will be about: **Lure of Obsession epub reader** I thought this would be a good book for adult light paranormal romance fans, **Book Lure of obsession netflix** Romance Short Stories Science Fiction Fantasy 4 - The gods were kind to me when they made me your muse: **Lure of Obsession Short stories for teens** I really enjoyed this story it is definitely the start of a series that I think is going to need to be read in order and potentially eight books long, **Lure of Obsession Short stories for adults** After finding her flatmate dead it falls to Detective Nate Malone and his partner to investigate the crime, **Book Lure of obsession perfume** With no evidence of forced entry or clues as to why anyone would want her dead Nate is struggling to rule the death as anything other than accidental. **Lure of Obsession booking** Apart from Mel's insistence that it was murder there is very little to indicate that it was anything other than a tragedy, **Book Lure of obsession pdf** That is until he starts having unusual and unexplained visions...I lost someone I should have been protecting: **EBook Lure of obsession perfume** I won't lie the relationship aspect between Nate and Mel goes at warp speed in this one, **Book Lure of obsession netflix** ARC generously provided via Netgalley in exchange for the above honest review. **Short Stories Lure of obsession perfume** It didn't feel comfortable or natural which was a first for me. **Lure of Obsession Science Fiction fantasy fiction** I tried slowing it down and then speeding it up but in the end preferred the paperback reading experience. **Lure of Obsession Short stories for kids** Romance Short Stories Science Fiction Fantasy This is the first book in the award-winning Muse Chronicles series: **Lure of Obsession ebook** * * * * The Prophecy: "Every generation the nine daughters of Zeus are reborn and with their rebirth are also nine Guardians, **Lure of obsessions eyeshadow** They will be marked by the gods and given gifts to protect his treasure, **Lure of Obsession Short stories online** Their abilities will only be unlocked when they find their muse: **Book Lure of obsession definition** " * * * * Melanie Jacoby teaches English at Crystal City High School: **Lure of Obsession kindle book** She's also the reborn Muse of Tragic Poetry but she isn't prepared for the tragedy of finding her roommate dead at the bottom of the stairs. **Book Lure of obsession wow** Nate Malone is the detective assigned to the case but as the evidence points to an accidental fall the visions begin: **Lure of obsessionnelle** The Order of the Titans are eager to bring about the return of the Golden Age of Man and they're prepared to kill the Muses to complete their mission, **Kindle Lure of obsession book** But Nate's desire to protect Mel is almost as strong as his hunger for her -- And tragedy isn't part of his plan. There was actually an I mean I like like you. moment. Okay. I get it and I'm kinda following. But. I no longer follow because that makes no fucking sense. We've never even gotten past the crust of the planet. Solar powered cars and stuff. And this is bad for the oil industry. Again this makes no fucking sense. In comparison Honda sold nearly 5 million cars last years. I mean it's almost offensive in its absolute stupidity. Don't read the book the end.
