

Extinct! By Adam Rutherford **Extinct in tagalog** He was an audio visual content editor for the journal Nature for a decade is a frequent contributor to the newspaper The Guardian hosts the BBC Radio 4 programme Inside Science has produced several science documentaries and has published books related to genetics and the origin of life. **Extinct sharks** Why did almost all life go extinct 250 million years ago? Why on five other occasions in the geological history has the living world experienced sudden episodes of global mega-death with the majority of species being annihilated? And are humans causing the sixth great mass extinction event in Earth's history? These are among the questions Adam Rutherford explores in these three-part series on extinction.

Extinct antonym
