

How to Bang a Billionaire (Arden St. Ives, #1) By Alexis Hall **How to bang a billionaire by alexis** He's not a naïve virgin and he thinks he's totally fine getting into this *thing* with Caspian (see what the author did with there with the names?) It doesn't take Arden long to realize that sex is not the issue. **How to bang a billionaire by alexis** " I really liked this book like I said above I'm not huge on billionaires not huge on BDSM but this one worked! I thought Arden was such an interesting character his outlook on life and his motivations. **How to bang a billionaire by alexis** For God's sake! Somebody help and take off the chip from his shoulder! I have to say Arden and Caspian are a weird combination They are so different! The relationship is so unbalanced: I think though that this book is going to be one of those that divides readers: **How to bang a billionaire by alexis** You're either going to love this or you're going to hate it: **How to bang a billionaire by alexis** Twenty year old college student meets emotionally detached billionaire and they enter into a contract type of relationship, **How to bang a billionaire by alexis** Arden is the narrator for the story and he's charming and funny and self-deprecating, **How to bang a billionaire by alexis** The emotional detachment though is and it begins to make him feel horrible about himself: **How to bang a billionaire by alexis** As the story goes along Arden gets to see these brief glimpses of the guy Caspian is inside and he keeps going back for more despite his overall unhappiness. **How to bang a billionaire by alexis** He's detached most of the time but then shows these little bits of himself & you get the feeling he might be a good guy underneath it all, **How to bang a billionaire by alexis** Although he's detached he's totally honest with Arden about what he's willing to give: **How to bang a billionaire by alexis** There are numerous hints at his back story but by the end of this book we still don't know what makes Caspian tick and neither does Arden: **How to bang a billionaire by alexis** I'm super curious as to where the author is going with his character: **How to bang a billionaire by alexis** It's my feeling that the author knows exactly what he's doing with his characterization of Caspian and it's meant to be subversive, **How to bang a billionaire by alexis** If you have read FSoG you are going to catch a bunch of similarities (ie Arden trips and falls when he meets Caspian), **How to bang a billionaire by alexis** I guess you could perceive this as the author making fun of FSoG but that's not how I took it at all, **How to bang a billionaire by alexis** I know this author a bit (in that abstract way you *know* people from the internet) and it's not at all in his nature to be mean or make fun of others. **How to bang a billionaire by alexis** I took it in a positive way and those scenes made me smile and think Oh.

#1)4.5 starsI think what the author did here was fantastic. I loved this. This is a m/m reimagining of Fifty Shades of Gray. The overall plotline is the same.Caspian is an ass. He goes back and forth emotionally. I personally liked Caspian. I thought this was both funny and full of feelz. Relationships are not always easy. This book ends in a hfn but they're barely there. ebook 4 stars! This book is the gay 50 Shades. Except I actually liked it. And I actually liked the characters. And there were no inner goddesses. They were wonderful! "I want to make you feel safe.at the time. Would I like them now? Probably not.So.the storyline.The prologue is intriguing as hell.Arden and Caspian.and Caspian.?.didn't had a clou.didn't understand Arden or his feelings.They made a deal.Arden. even when he felt at his worst.utterly wanted to give Caspian a way out.a chance to make it all good .he saw the man.really saw him.Please note: I don't read / reply to DMs. . If England had yearbooks I'd probably be Arden St. Ives: Man Least Likely to Set the World on Fire. So far I haven't. Turns out he's brilliant beautiful . . oh yeah and a billionaire. It's impossible not to be captivated by someone like that. But Caspian Hart makes his own rules. And he has a lot of them. About when I can be with him. What I can do with him. And when he'll be through with me. I'm good at doing what I'm told in the bedroom. The rest of the time not so much. Not his wealth not his status. Him. How to Bang a Billionaire (Arden St. Ives I remember that part.So.this is FSoG but better. I actually hate it when people bash FSoG. He's playful and fun and up for anything. But there is sex! I promise. And you'll like it. Hall just found a really great balance.There's no cliffhanger! I promise. I quite liked both Caspian and Arden. A lot. They had some great banter. I just wish we also got Caspian's POV. Not much BDSM in this one.but it's Alexis Hall so it's coming. Not sure how I feel about that. Hopefully it's on the lighter side. Another plus for me. But I'm certainly eager for more.But I had no need to worry.I immediately fell for Arden. He charmed the socks off me.Caspian is to put it bluntly a dick. He's cold and aloof for the vast majority of the book.The sex. It was hot. But these two are clearly moving towards heavier stuff. I'm all for it. They fit together perfectly. I can't wait for book 2! ebook Audio - 3.5 StarsStory - 3. And I'm not just talking about sex.I loved Arden. He is hilarious and so full of life. Caspian is the opposite. He is the broody tortured soul. ebook

**** 3.5 ****See this pic??I'm the one in the middle.Got mixed feelings here. Arden(20) is a down-to-earth person. He's happy passionate and sassy. Capian Hart is complicated.We shouldn't.I don't do relationships.We can't do this.You ask too much of me.You have no idea what you're asking.I would ruin you.It's not that simple. Scratch that! There is no relationship. I tried Alisa oh pudding pop I tried. LOL. It was TOO MUCH internal monologuing. Honestly I read up to 67% and put up with alot. It was this way the entire book so far. I really feel like he had ADHD. It is okay to admit it.Don't get

me wrong I liked Arden a lot. I wish it was maybe dual pov's. This is a bummer for me. It didn't work for me but it might work for you. Try it. ebook 3. You can watch here: <https://youtu.be/TvNldGSuZL0> ebook ". but he looked ridiculously good. The epitome of modern masculine power. It was strong forwarding and it makes you think and wonder. The appearance of Caspian was innovative. you could think you know what this is all about. but don't make the mistake. because it so much more. He is one big contradiction and endearing as hell. Damn. And what I'm gonna say will sound very strange. Caspian is sort of alienated. Arden has a breaking point and that point is close. I will patiently wait for #2 No cliff here. *swipe forehead* ebook.
