

Dare to Stay (Puppy Love Romance, #3) By Georgia Beers **Dare to stay** I was a little disappointed that we didn't get more from the characters from the first two books but I am hoping this isn't the end and all three couples will be in the fourth book... please tell there's a fourth book! Sydney and Jessica relationship was a joy to read. **Dare to staywell pet** 0996677461 Cute fish and cats and doggos (Marge).

Book Dare to staying

Dare to Stay by Georgia Beers is not only the last book in her Puppy Love series but yeah - Jessica's voice in book 3 was Catherine's in book 2 and vice versa. **Dare keeping it real pdf** Beyond that - and the fact that Beers suddenly appeared to learn the word beat to describe a pause - and used it what seemed to be no less than 30 times - I actually liked this audiobook the best of the three. **Dare to stayover** When Jessica Barstow the owner and CEO of Junebug Farms learns that a new to the area TV news reporter will be taking over the farm's annual fundraising telethon she is less than pleased. **Dare to stayover** So when she meets with Sydney Taylor to discuss what she has in mind to modernize the telecast Jessica is worried that Sydney's new way of doing things won't bode well for their most important fundraising event of the year. **Dare to Stay book review**) I mean who doesn't want to hang out with a bunch of gorgeous lesbians running an animal shelter their equally stunning love interests and a whole bevy of wonderful animals? Fuggedaboutit! 4. **Book Dare to stay tv series** She has a new job in a new city and a telethon to cover but she never expected for sparks to fly with Jessica Homer Fred Shaggy Scooby Millie ella + cameo of Mo)! Not-so-cute romance. **Dare to stayve bb** want to see them together? ☐ Most of the characters are pretty terrible in the book like Jessica keeps stressing how Sydney is changing the telethon from what Janet used to do Sydney being all "I'm not staying in this tiny city" and gets entangled in all the drama anyway and Anna. **Book Dare to stay nyc** I really don't like the characters joking about being blind or having bad eyesight because someone's beauty is through the roof and someone else didn't notice it or something like that. **Book Dare to stay tv show** "Also I have to mention: because of the telethon Jessica was worn out from all the preparation that Sydney was making her do she used the phrase "slave driver" to describe Sydney which does not sit well with me. **Dare to Stay ebookee** content warnings: panic attack loss of dog (past) animal abuse (mentioned) ableist language depression (minor character) loss of parents & grandparent (past) HP reference Semi-buddy listen with Gabriella! Check out her review here! 0996677461 Book 2 is still my favorite. **Book Dare to staying** And the new young and hip TV reporter who's been sent to host the upcoming fundraising telethon isn't going to change that—even though it seems like she wants to change everything else. **Kindle Dare to stay free download** Or maybe because I was having a bad time at work and about the time work drama was resolved I started liking the book more? Coincidence? Anyway it turned out to be a nice ending to the trilogy. **Dare to Stay book review** But hey - this is the 21st century and so I enthusiastically embarked on a grand adventure! I bought a well-reviewed text-to-voice IOS program (VoiceDream) and even bought the extra (better?) voices that Amazon was eliminating from their licensing program after 12/31/16. **Dare to Stay ebooks online** But...and here's the good news...that disheartening news led me to discovering yet another new superpower!!By sitting in one spot very still and holding my iPhone I could move my eyes back and forth across the screen and the words began appearing as voices in my brain! After awhile they even started sounding a little (very little) like Abby Craden! It even worked in the jacuzzi! So now after hours in the hot tub I look like a prune but I've finished the book even before it's released on Audible. **Book Dare to stay tv series com!!!** Mind you this took lots of work and I don't know if I can ever sit still again for anything but another Junebug Farms romance adventure but I've learned something new and exciting - not a bad way to start 2017!The book itself is terrific! It's a little hard for me to compare with the other books in the series because of the different formats. **Dare to staymaker** The little % complete counter kept dragging me away from the bookworld and made me think I was completing a task instead of luxuriating in the artificial world of Junebug Farms and the wonderful characters. **Book Dare to**

stay tv show Their bathroom kissing scene made me laugh because I recently listened to "Hoosier Daddy" which had several hilarious bathroom encounters! There's a minor editing glitch introducing Emily's role to Sydney but most of the previous romantic leads in the series make a great supporting cast in this book. **Book Dare to staybridge** I can't wait for the audiobook to finally be released...I'll definitely still add "Dare to Stay" to my audio collection! 5*UPDATE Feb 15th 2017 - Dare to Stay arrived on Audible! As expected Abby Craden does a MUCH better job than any of VoiceDream's robo-narrators (which btw I did finally get to work!). **Dare to stayz** But since I'd already rated the book 5* I guess there's no ratings upgrade available! One thing I liked about the narration is that Abby voiced Jessica as younger sounding than I remember from the prior two books. **Book Dare to stay nyc** I wasn't as in-love with Jessica and Sydney as I wanted to be but that didn't slow me down! In fact I'd read most of this book after I saw it was out then reread it from the midpoint so I could post a coherent review! Their journey and the tension (yum!) really kept this one sailing which was a treat to follow. **Book Dare to staybridge** I mean how couldn't Sydney be seduced? I only have a couple of nitpicks: I'm glad Sydney resolved her underlying problems in order to really settle down but I hope she won't regret that decision later. **Kindle Dare to staybridge suites** I can't name any personality trait of hers except maybe...driven? Early on in the book it seems like she's set up to be a bit of an ice queen but that iciness disappears and then she becomes vaguely forgettably nice. **Dare to stayunitedfumc** Some exploration of Sydney's mental health would have been a much better use of page space than a certain unnecessary sub-plot (next paragraph)...I was hoping that we'd seen the last of Anna in book 2 but no — she has a bigger role than ever in this one. **Dare to Stay book summary** I mean whatever I guess Sydney is in the TV business so looks are a factor but Jessica is a normal person who inherited Junebug Farms from her grandma...whyyyyy does she have to be other-worldly-supermodel-gorgeous too? There are a few things I found problematic. **Book Dare to stay tv** Now to be more positive — I loved the animals in this book! Sydney has funny interactions with her fish Marge and Homer Jessica has three adorably clingy cats named Scooby Fred and Shaggy Sydney interviews a sweet girl and her dog and Jessica is at it again with her late-night kennel visits. **Book Dare to staybridge** Semi-buddy read with Hsinju! Check out their review here! content warnings: alcohol (recreational) fatphobic language graphic sex guilt mentions of animal abuse and animal death mention of loss of parents to car accident mention of loss of a loved one to cancer panic attack 0996677461

: It captured my heart and managed to do what I didn't think was possible by tying Too Close to Touch as my favourite book by this author. **Book Dare to stay tv** 0996677461 There are both positives and negatives to listening to a series of audiobooks one after the other: **Book Dare to staybridge suites** The positives are you remember everything from previous books and are already invested in the characters: **Book Dare to stay** A negative can also be that you remember everything from the previous books, **Book Dare to stay nyc** lol Like when the narrator - especially when it's the same one - forgets which voice she used for which character and flips them: **Dare to Stay kindle fire** Everyone knows I love me some Abby Craden.

EBook Dare to stay away

The CEO of Junebug especially when Jessica clearly doesn't like her, **Dare to stayunitedfunc** I didn't enjoy this book as much as Run to You however it's still a Georgia Beers book and as usual hit all the right notes. **Dare to staywell pet** I have never been disappointed by any of Georgia Beers's book she simply rocks at romance: **Book Dare to stay tv** I really enjoyed Jessica character especially her friendship with Catherine: **Dare to staysure** They complemented each other perfectly and once again their first kiss sent sparks flying off the page: **Dare to Stay book review** In the end it was okay once I made the adjustment because Jessica's voice in book 2 was a little too old for the character, **Book Dare to stay tv show** I love Junebug Farms - their mission the development of the characters the animals and even the location - an unnamed town in upstate New York, **Book Dare to staying** The previous reporter had done it for numerous years and Jessica was comfortable with her and happy with the result, **EPub Dare to stay free download** Or that both of them felt an immediate bolt of attraction the moment they met. **Dare to Stay epub file** This series really is enjoyable and I will miss the characters. **Book Dare to stay tv** (I guess there always needs to be one character to play the foil. **Dare to staywell pet** 25 stars 0996677461 Jessica had been running Junebug farms since inheriting it from her Grandmother she loves her job and it comes first in her life, **Book Dare to staybridge** When she meets the news reporter that is covering the Junebug telethon she feels flustered and a little on edge, **EPub Dare to stay cast** Sydney has been climbing the news-reporting ladder since she left college: **Dare keeping it real pdf** I'm not convinced that Jessica and Sydney have a future together and it honestly felt really weird listening to their intimate scenes because I don't. **Dare to stayman convention** My favorite human character is Sydney's old lady neighbor Dr, **Dare to stand lyrics** Vivian Green(e?) followed by all the secondary and minor dude characters, **Dare to Stay epub free** It happened about once every previous book and I thought okay people talk like that it's fine but then there were maybe 4 times in this one, **Dare to Stay ebook pdf** I also find characters avoiding thinking about their attraction (which I could not see) is somewhat annoying. **Dare to stay carly phillips** Had they acknowledged their feelings convinced themselves it's not going to work out and moved on with their daily lives it would've felt more real. **Book Dare to stayc** Gabriella pointed out that Jessica's and Catherine's voices are different from the previous book and that Jessica is kinda OOC throughout the book: **Book Dare to stay tv series** In Laura's review she mentioned how "perfect" the MCs' skins are how beautiful they are etc, **Book Dare to staybridge suites** and "no chance of seeing yourself reflected in a Georgia Beers book, **Book Dare to stay nyc** All in all I'm not really happy that I spent the time listening to this book but I like the fish and cats and doggos: **Dare to staysure** I don't really know what's wrong with Sydney but she's a downer especially on the first part of the book, **Book Dare to stay** Thank God she got a good friend (Laura) to guide her always, **Dare to Stay ebooks free** She's too uptight and frustrating but I'll give her credit for being like that she redeemed herself at the end, **Book Dare to stay** She's not big on changes but with Sydney there can she say no?I really thought Sydney will be a pain here but Anna beat her: **Dare to Stay kindle fire** She's is pretty annoying! FromBook 1 to book 3 she's on point!! Wow! I wanted to skip every time I read her name, **Dare to stayunitedfunc** From Catherine to Sydney! I think their personalities don't match. **Dare to stayput fasteners** They're both aloof and strong unlike the first two books that one is much nicer and easier and one is cold and strong: **Dare to Stay book review** I only feel the chemistry on the 2nd half of the book, **Book Dare to stay nyc** :) 0996677461 Lambda and Golden Crown Literary Award winning author Georgia Beers lives in Rochester New York. **Book Dare to stay tv show** She has been writing for as long as she can remember and published her first lesbian novel in 2000, **Book Dare to stay tv** Welcome to Junebug Farms a successful well-known animal shelter in upstate New York where every day brings something new—love stress heartbreak warmth—and not just from the animals: **Dare to staysure** Since inheriting Junebug Farms from her grandmother Jessica Barstow's life revolves around it and she has no time or energy for much else, **Book Dare to stay**

nyc Sydney Taylor has zero desire to cover human interest stories in some Podunk upstate New York hamlet but that's where she's landed—for now: **Dare to staywell pet** So she'll make the best of it until she can get something bigger, **EPub Dare to stay online** In the meantime she is assigned to host the annual live fundraising telethon for some local animal shelter. **Dare to Stay ebook pdf** It's just a job; she doesn't have time to get attached: **Kindle Dare to staying** And it doesn't matter that the rigid keeps-to-herself CEO of the shelter is resistant to anything Sydney suggests: **Book Dare to staybridge suites** The third in the Puppy Love Romances by award-winning author Georgia Beers: **Dare to Stay publishing** Strange though usually these types of romances are right up my alley - but this time the book just didn't grab me right away: **Book Dare to staybridge suites** I think maybe a few too many times when it was mentioned that Jessica & Sydney were the most beautiful women ever: **Dare to staysure** As I write this I realized the we always know exactly what each of the MCs were wearing. **Book Dare to stayc** I was conflicted by Anna - ranged from annoyed hate to sympathy - though she brought a lot her problems on herself with help of Sydney not being up front with her: **PDF Dare to stay book** I do understand why Sydney was letting it go on for so long, **EBook Dare to stay in love** I'll probably re-read all three at some point and this book may go to 4 stars upon re-read. **Dare to stayput fasteners** 0996677461 I'm not a huge fan of this author but i did really enjoy this audiobook: **Dare to stayover** it was the perfect angst free 'happy for now' and the narrator is one of my favorites, **Dare to stayover** 0996677461 So Georgia Beers recently published "Dare to Stay" the third of the Puppy Love trilogy. **Dare to stayput fasteners** I liked the first one very much and REALLY loved the second one, **Book Dare to stay nyc** The problem is that reviews are beginning to appear for the new book but the audiobook won't be out for six months or so, **Dare keeping it real pdf** Then I bought the Kindle version of "Dare to Stay" and shared it to VoiceDream. **Kindle Dare to staybridge suites** Okaaaayyy - electrovoice Salli isn't going to endanger Abby Craden's career as a narrator but hey - I'm listening to "Dare to Stay"! For all of 100 seconds: **Dare to staysure** I learn that F***ing Amazon blocks Kindle books from being accessed outside of their stupid Kindle apps!!!! AAARGH: **Book Dare to stay nyc** You can't rush ahead through passages and you can't dawdle or overthink things: **Dare to Stay book review** The pace and energy is determined by the author and her narrator, **Dare to Stay book summary** As I think about it I guess it's the one time I like ceding control: **Book Dare to staybridge suites** Reading "Dare to Stay" as much as I truly enjoyed it took more effort than listening to "Run to You": **PDF Dare to stay full book** In "Dare to Stay" I really liked the way Jessica's "old soul" was explained, **Book Dare to stay nyc** I always thought Abby Craden voiced Jessica as too grandmotherly sounding than the late 30ish woman she is but perhaps it fits, **Book Dare to stay nyc** It was nice to see very little misunderstandings and angst - really just a sweet romance unfolding between two nice women. **Dare to staywell pet** I won't add a spoiler but I was disappointed at how the book resolved Anna: **Dare to staywell pet** Also I enjoyed the book more on Audible than I did reading the Kindle edition on my iPhone and iPad. **Dare to staywell pet** Catherine her best friend at Junebug seems to have switched voices with Jessica and in book 3 sounds older than I remember she did in her own book Run to You. **Kindle Dare to stay free download** While it was a bit odd having the same narrator voice characters differently I enjoyed Jessica not sounding too old for Sydney. **Dare to stayput fasteners** Finally several reviewers have expressed hope that a book four will give Anna her own romance, **Book Dare to stay** While I very much hope to see more in the Puppy Love series I really don't want to see (or hear) any more from Anna. **Book Dare to stay tv series** 0996677461 My first lesfic review of 2017! Right now I'm mentally blaring those reggae horns heard in a million early 2000's songs. **Dare to stayparktravel** Is this the LAST BOOK of the 'Puppy Love' Series? Because I'm preeeettttyyyy sure Georgia Beers said that she'd write these books forever and ever (in my dreams). **Dare to Stay kindle unlimited** A book about her finding love too please! Even though Run to You is by far the reigning queen of the bunch this was a great addition to my favorite romantic series. **Dare to stayput fasteners** With a cat too! Also this is a personal thing: So many blue eyes! Sydney's were blue-green Jessica's were blue and Vivian's were rheumy blue. **Book Dare to stay tv show** For stuff like this every now and then I'll check back to see whose eyes were referred to. **Book**

Dare to staybridge and full of animals per usual! This book met my (excited!) expectations: **Dare to stayover** You're one of the few writers who produces re-readable stuff for me. **Dare to staywell pet** This series is a gem! 0996677461 These two stars are for the animals and the animals only (oh and also Dr. **Book Dare to stayc** Honestly...what kind of a romance was this? I usually have a great time with Beers' books but aside from the adorable cats dogs and fish this book was a huge letdown. **Dare to stand ugent** I liked Jessica in the first and second books so I was excited for her starring role: **Book Dare to stay nyc** Jessica is mostly likable in this book too though I found her a bit ooc and nonsensical at times, **Book Dare to staybridge** There was some potential for Sydney to become a more fleshed-out character: most notably her panic attack at the beginning of the book that is just never addressed later: **Kindle Dare to stay free** She's annoying and overbearing which isn't news but she's also the focus of some very unnecessary conflict: **Dare to Stay ebook free download** Sydney strings her along for so much of the book and her claim that it was because she "didn't want to rock the boat" is weak as heck, **Dare to stayover** I didn't like anyone's behavior regarding the whole Anna drama and ugh...I wish this part hadn't been included at all, **Dare to stayunitedfmc** I felt no chemistry there are no cute scenes between them they seem to only be attracted to each other physically and they're not even remotely together for like 99, **Book Dare to stay** Several times in the book (even close to the end) the leads talk about how they don't know each other very well, **Dare to stayover** My main thought was...why? Specifically why is Jessica attracted to Sydney? Other than the fact that she's ridiculously hot of course which brings me to my next point: **Book Dare to stay tv** Jessica and Sydney are both supermodel-gorgeous with perfect skin hair and teeth and after a while it got so old hearing about this. **Dare to Stay epub free** Firstly some of Sydney's words and attitudes seemed fatphobic to me: **Dare to stand lyrics** Secondly Jessica thinks of Sydney as a "slave driver" at least once which is just...no no no no no, **Book Dare to stay nyc** I listened to the audiobook which is narrated by Abby Craden like the other two books in the series, **Dare to Stay book review** Abby always does a great job narrating but I had issues with her character voices here: **Book Dare to staybridge** I probably only noticed this because I listened to the second and third books of this series back-to-back but I think she switched Catherine and Jessica's voices, **Dare to Stay epub.pub** In book 2 Jessica had the clearer slightly deeper voice and Catherine had the softer huskier voice but in this book they were reversed. **Dare to Stay ebook** Also Sydney's voice changes dramatically halfway through the book which was very distracting: **Book Dare to stay tv** I feel like this says a lot about Sydney's character: she's so forgettable that Abby just forgot what her voice sounded like! Yikes, **Book Dare to stay** It's obvious Georgia Beers loves animals and is a big proponent of pet adoption which is just wonderful, **Book Dare to staying** My only animal-related complaint is that like with the first book the dog on the cover is not in the book lol: **Kindle Dare to stay** In conclusion I've had great luck with Beers' books in the past and I'll continue to enthusiastically read them: **Dare to stay** Unfortunately this one was a big miss for me romance-wise and plot-wise[1]

It's also the best. Full review: <http://www.thelesbianreview.com/dare->. Such was the case here. I really hope this isn't the end... 4.5 Stars. <https://lesreveur.com/2016/12/17/dare>. Woops. And both audiobooks were released just months apart. Overall this was a good series. As far as romances go this is a sweet one. No matter how attractive she is. Well - not the annoying Anna. I don't even know.... and there is a lot of squinting going on. Probably over 10 times and it started becoming funny. etc. 2 stars. I think no one can beat Cath and Emily. Well more of Emily. Jessica she's a closet softie. She's intimidating and scary but she got a good side. With this book both of them are a pain to read. Lack of interaction also. I gave this a 5 because of Emily. She's really the best! 4 stars. Not hobbies. Not fun. Not love—certainly not love. Or that she's super attractive and sexy. That doesn't matter at all. Dare to Stay (Puppy Love Romance #3) 3.5 stars. This is a Georgia Beers romance. Well written fluffy romance with likable characters. Fluffy in a good way. It was ho hum. I was expecting better from Beers. I didn't think it was necessary all the time. I recommend the book. Huh? Only a sample got transferred to VoiceDream. Okay - I don't panic...I reach out to tech support. I really like

Abby Craden's melodious voice. Having a book read to you is just...intimate. I get lost in audiobooks easier - and I like that. Sydney was very likable and believable. She's a bitch. Okay. I'm stressed. I can't get enough of these. And I believe in #justiceforAnna. Freaking solid. Jessica's genuine love for Junebug Farms is infectious. I mean she's young and blossoming as a reporter. It's not exactly bad to bounce around. However for love she's found what she's wanted. Romantic funny cute sexy. PLEASE DON'T LET THIS BE THE LAST. If it is the last thank youuuuuu Georgia Beers. Vivian Greene (spelling?). Sydney though is a pretty weak character imo. Now the romance. In my opinion there is no romance. 9% of the book
