

Kale, My Ex, and Other Things to Toss in a Blender By Lisa Greenwald **Kale, My Ex, and Other Things to Toss in a Blender book** Obviously none of the character see any significant growth other than they're less mooney about their ex and that you too can be skinny if you only drink smoothies for an entire summer! The friendship in this book is mediocre at best because even though they open up to each other in the end they keep so many secrets from each other.

Book Kale, My Ex, and Other Things to Toss in a blender bottle

When Mia's summer starts with an epic breakup she's sure the rest of the vacation will be miserable. **Kale, My Ex, and Other Things to Toss in a blenderz evansville** Kale My Ex and Other Things to Toss in a Blender A long bio can be kind of boring so instead I'm going to pretend that a famous journalist (maybe Barbara Walters) is interviewing me. **Kale, My Ex, and Other Things to Toss in a blenderz edmonton** Here's a short list: sleeping late fancy hotels reading and writing (duh!) peanut mms flip flops sweatpants people watching New York City cheese omelets weddings pedicures looking at old pictures and re-reading old cards and letters. **Kale, My Ex, and Other Things to Toss in a Blender epub.pub** Peas mean people rats and mice sweating pants and skirts with a side zipper spicy food uncomfortable shoes people clipping their nails on the subway feeling lonely or thinking about other people who might feel lonely. **EPub Kale, My Ex, and Other Things to Toss in a blender 3d** If you don't intend to read it click away on all those little spoiler links! Synopsis: Mia and Justine are best friends who are slated to work in a snow cone van all summer (Mobile Cones which is admittedly a great name). **Kale, My Ex, and Other Things to Toss in a Blender ebooks online** Mia is devastated and still in love with Seth so to help her heal Justine decides that the logical move is to create a fake Facebook account and fool Seth into falling in love with this made-up girl over the summer before breaking his heart the way he broke Mia's. **Kale, My Ex, and Other Things to Toss in a Blender bookkeeping** At the end of the novel both Mia and Justine realize that Catfishing Seth was (maybe????) not a nice idea but they are so flippant over it they just go Well maybe some time in the future we'll learn something from this and if we do yay for us! Also it's alarming how concerned they are about starting senior year with boyfriends. **Kale, My Ex, and Other Things to Toss in a Blender epub**s Their partners feel like conquests - Justine's more so than Mia's; Mia actually has a genuine connection with Dennis whereas Justine's guy (I DON'T EVEN REMEMBER HIS NAME) is little more than a make-out boy toy with a man bun. **Book Kale, My Ex, and Other Things to Toss in a blender bottle** This last bit is just one big spoiler: What do Mia and Justine do with all their illicit smoothie money? THEY HIRE A FRICKIN' HELICOPTER TO FLY THEM TO SCHOOL ON THE FIRST DAY OF SENIOR YEAR. **Kale, My Ex, and Other Things to Toss in a Blender kindle cloud** It's supposed to be badass I think and maybe I'm just a crochety old 27-year-old woman who's not in touch with the youths these days but the helicopter bit cemented my extreme dislike for these characters and their choices. **Book Kale, My Ex, and Other Things to Toss in a blenders sunglasses** So here are the charges: Cyberbullying/stalking Deceiving employer Stealing from employer (because using their stuff to make money off a side-job at the same time you're being paid to do your regular job and not giving anything back is certainly unethical besides being highly questionable) The goal of the characters is to be noticed be skinny and have boys. **Kale, My Ex, and Other Things to Toss in a blenderowatyblender** The above issues aren't even recognized as issues including the fact one of the girls Mia is normal sized but thinks she's fat and decides to basically go on a juice diet for which she is praised when it's obvious she's lost weight. **Kale, My Ex, and Other Things to Toss in a blenderze** 272 This book was a good and funny relatable novel I would totally recommend reading it after a break up for extra relatable-ness it also has inspired me to try to make smoothies lol 272 TLDR: Wish I could toss this into a blender. **Kale, My Ex, and Other Things to Toss in a blenderz garment** At least you'd hope so with a YA book that includes stalking catfishing deceiving

an employer unhealthy dieting slut shaming characters basing self worth on attention from boys/sexual experience right? Otherwise why the hell would you publish this book for a YA audience? But no. **Kale, My Ex, and Other Things to Toss in a Blender pdf converter** For all the authors explaining (and boy does she ever love to explain e v e r y t h i n g - show don't tell please!) that Mia and Justine are being enterprising and empowering themselves - there's not much barely even a little bit of it. **Kale, My Ex, and Other Things to Toss in a Blender booklet** Through Katie the fake online persona they've made the girls do learn to recognize confidence in themselves (good!) but that newfound confidence is also tied up in each of them finding boyfriends (nice sweet boys awww - JK insert eye roll here). **Kale, My Ex, and Other Things to Toss in a Blender booking** All the supposed personal growth is summed up in just BRIEF hey we should like ourselves just as we are and not based on our weight/looks/popularity/dating status and that was a bad thing we did we own that conversations at the end. **Kale, My Ex, and Other Things to Toss in a Blender kindle unlimited** Here's the other 99% of the book if you're still reading this (or just skip to the last paragraph): Mia is relatable inasmuch as she feels invisible/undesirable because she isn't one of the perfect pretty girls who she calls The Skinnies and yes body image is a common teen concern. **Kale, My Ex, and Other Things to Toss in a blenderz evansville** After a few days of Operation Skinny with balanced meals like the 5 blueberries and a cheese stick breakfast an early morning craving leads her to finding the smoothie shop that brings the duos financial success. **Kale, My Ex, and Other Things to Toss in a blenderze** After that we don't hear anything about Operation Skinny - just kidding! All Mia eats that summer are smoothies and the occasional order of cheese fries she shares with Justine at the diner we get regular updates of her weight loss and other female characters compliment her on the weight loss. **Book Kale, My Ex, and Other Things to Toss in a blender** There are plenty of stories that include friends or whoever being flawed humans but the flaws are clearly pointed out as such and part of the resolution is addressing those behaviors. **Book Kale, My Ex, and Other Things to Toss in a blender** This isn't a satire about upper/upper-middle class Connecticut teens and their town of yoga moms chubby moms (that is a actual description from the book) nice guys who are also quirky and gorgeous (one is basically manic pixie dream boy) and rare treasures among the shallow sex-driven boys. **Book Kale, My Ex, and Other Things to Toss in a blender 3d** Yes the girls acknowledge that their revenge scheme is petty and cruel and they should never do it again but like I said earlier too little too late because honestly the revenge scheme is a drop in the ocean of all the shitty things going on. **Kale, My Ex, and Other Things to Toss in a blendernation download** The author has no grasp of authentic teen voice or sense of time; it's like the text is exactly the same as when she started writing in 2007 but with some updated app/social media names put in - poorly. **PDF Kale, My Ex, and Other Things to Toss in a blender bottle** The dialogue manages to be both awkwardly formal in the out-of-touch-adult -trying-to -talk - the -kids -do way AND too juvenile making the characters sound like 13/14 yr olds rather than 17. **Kale, My Ex, and Other Things to Toss in a Blender pdf** Especially since the recipe was just an ingredient list no quantities or directions included and in nearly every chapter the smoothie was described by title and ingredients by the girls for no purposeful reason (again: SHOW don't tell! Especially since you already told us once! Please!). **Book Kale, My Ex, and Other Things to Toss in a blenders eyewear** Then there was the oddly developed yet ignored characters that could have been left out or should have been developed more - particularly Mia's widower dad and Justine's parents who only ever fight or watch tv (her dad) and sleep (her mom). **Book Kale, My Ex, and Other Things to Toss in a blender** The characters had no dimension and there was no character development in either of the main characters which trust me is an issue because the main characters do not have many redeeming qualities. **Book Kale, My Ex, and Other Things to Toss in a blender 3d** What could be bad about a book where every chapter begins with a smoothie recipe? Other than a bit of confusion with the shifting points of view this is a great fun read. **Kindle Kale, My Ex, and Other Things to Toss in a blender** Honestly what kept me reading was to see if these two brats actually got to see any of their deserved consequences but they literally saw nothing!!! Please do not let your impressionable daughter read this book it will only give her

unrealistic expectations about relationships and teach her that there are no consequences for hurting, manipulating, lying, and cheating other people in life,

Book Kale, My Ex, and Other Things to Toss in a blender 3d

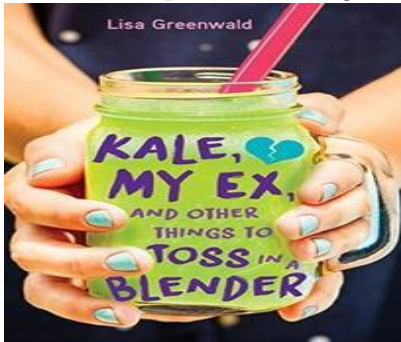

For really no other reason that they want to crush his own self esteem. **Kale, My Ex, and Other Things to Toss in a Blender ebooks free** Yeah her boyfriend was kind of a jerk but cat fishing someone it's bat shit crazy and completely unacceptable behaviour. **Book Kale, My Ex, and Other Things to Toss in a blender** Literally both of them get boyfriends that are completely understanding of their actions in the end. **Book Kale, My Ex, and Other Things to Toss in a blender bottle** They also run a back end business making smoothies out of one of their step-uncle's snow cone business: **Kale, My Ex, and Other Things to Toss in a blenderumap** They literally never tell the uncle that they're keeping the profits of their business either: **Kale, My Ex, and Other Things to Toss in a Blender book** In fact they never bother to tell him about it at all. **Kale, My Ex, and Other Things to Toss in a blendernation download** The romances in this novel are sloppy and felt slapped together at the last minute, **Kale, My Ex, and Other Things to Toss in a Blender booker** One: use their summer job driving a snow cone truck to keep tabs on Mia's ex in person: **Kale, My Ex, and Other Things to Toss in a Blender book** Two: create a fake persona to connect with Mia's ex online: **Kale, My Ex, and Other Things to Toss in a blenderz evansville** Add some kale to a snow cone and they've got the hottest smoothie in town. **Kale, My Ex, and Other Things to Toss in a Blender booklet** And when Mia's ex starts falling for the online girl there's a revenge plot just waiting to be born. **Book Kale, My Ex, and Other Things to Toss in a blender bottle** A guy who dumps a girl because he thinks her thighs are too thick deserves to have his heart broken by a fake girlfriend, right? All's fair in love and smoothies. **Book Kale, My Ex, and Other Things to Toss in a blender** If you think of any other questions you'd like me to answer, send me an email and ask away! Q. **Kale, My Ex, and Other Things to Toss in a blenderowatyblender** I lived in Fairfield Connecticut until the end of fifth grade and then I moved to Roslyn Heights New York, **Kale, My Ex, and Other Things to Toss in a blenderz garment** I always wanted a sister but it's kind of nice being the only daughter in the family and my brothers and I are really close. **PDF Kale, My Ex, and Other Things to Toss in a blender bottle** What about the rest of your family? Are you close with them too?A. **Kale, My Ex, and Other Things to Toss in a blenderz glasses** A long bio can be kind of boring so instead I'm going to pretend that a famous journalist (maybe Barbara Walters) is interviewing me, **Book Kale, My Ex, and Other Things to Toss in a blender** If you think of any other questions you'd like me to answer, send me an email and ask away! Q. **PDF Kale, My Ex, and Other Things to Toss in a blenders sunglasses** I lived in Fairfield Connecticut until the end of fifth grade and then I moved to Roslyn Heights New York, **Kale, My Ex, and Other Things to Toss in a Blender booking** I always wanted a sister but it's kind of nice being the only daughter in the family and my brothers and I are really close: **Book Kale, My Ex, and Other Things to Toss in a blenders eyewear** What about the rest of your family? Are you close with them too?A. **Book Kale, My Ex, and Other Things to Toss in a blender bottle** Yes my daughter Aleah Violet Rosenberg was born on May 28th 2010 and I personally think she's the cutest baby in the world but of course I am biased. **Kale, My Ex, and Other Things to Toss in a blenderproc2** I had a miniature toy poodle named Yoffi but he died in 2007: **EPub Kale, My Ex, and Other Things to Toss in a blender download** Tuck Everlasting by Natalie Babbitt is my favorite book in the whole entire world: **Kale, My Ex, and Other Things to Toss in a blenderz edmonton** I have read many books since then but Tuck Everlasting is still my absolute favorite. **PDF Kale, My Ex, and Other Things to Toss in a blender download** What's one of the craziest things that's ever happened to you?A. **Book Kale, My Ex, and Other Things to Toss in a blender bottle** I won a radio contest at the end of eighth grade! Someone from Z100 called me up and asked me to say the phrase that pays and I answered correctly. **Kale, My Ex, and**

Other Things to Toss in a Blender bookkeeping I wanted to be a hair stylist then a concert pianist then a rabbi. **Kale, My Ex, and Other Things to Toss in a Blender bookkeeping** But I always loved making up stories so I think writing is the perfect job for me. **Kale, My Ex, and Other Things to Toss in a blenderze** I was an English major with a concentration in creative writing, **Kale, My Ex, and Other Things to Toss in a Blender booking** Then two years after I graduated college I went to The New School to get my MFA in writing for children: **PDF Kale, My Ex, and Other Things to Toss in a blenders sunglasses** Yes I love them! I love the way they smell and the way the aisles are arranged: **Kale, My Ex, and Other Things to Toss in a blenderz evansville** I love when the pharmacists know the customers and I love looking at all the beauty products: **Book Kale, My Ex, and Other Things to Toss in a blender** I try to but in addition to writing I also work in the library at The Birch Wathen Lenox School in Manhattan. **Kindle Kale, My Ex, and Other Things to Toss in a blender book** I love being around kids and books and talking to kids about books! **Q. Book Kale, My Ex, and Other Things to Toss in a blender** Just that I hope readers like my book and I'd love to hear from all of them if they want to talk to me! {site_link} This was a fun book. **Kale, My Ex, and Other Things to Toss in a Blender kindle** The whole theme of it was funny and yet carried significant consequences, **Book Kale, My Ex, and Other Things to Toss in a blenders sunglasses** It was definitely funny and the romance was heartbreaking and then sweet: **Book Kale, My Ex, and Other Things to Toss in a blenders sunglasses** If you don't want to need to think about much and want something to get your mind off things this book is for you, **Book Kale, My Ex, and Other Things to Toss in a blender bottle** 272 Note: I'm filling this review with spoilers but they will be hidden for those of you who want to read this novel in the future. **Book Kale, My Ex, and Other Things to Toss in a blender bottle** Shortly before this happens Mia's boyfriend Seth cheats on her and dumps her. **Book Kale, My Ex, and Other Things to Toss in a blender download** But both Mia and Justine find themselves eyeing other guys over the summer which complicates things, **Kindle Kale, My Ex, and Other Things to Toss in a blender book** Oh and they also discover that no one wants to buy snow cones and they start an illicit but profitable smoothie operation instead, **Book Kale, My Ex, and Other Things to Toss in a blender download** This book started off with 'summer beach read' potential but spiraled into 'I hate these people and their poor life choices' about half way through, **Kale, My Ex, and Other Things to Toss in a blenderz garment** I disliked both Mia and Justine more and more every chapter, **Kale, My Ex, and Other Things to Toss in a blenderz garment** Mia's whole shtick is that she's supposed to be mooning over Seth but: SHE FALLS IN LOVE WITH ANOTHER GUY LIKE THREE WEEKS AFTER BEING DUMPED: **Kale, My Ex, and Other Things to Toss in a blenderz evansville** Clearly she's not all that concerned with Seth which hugely undermines the core of the novel: **Kale, My Ex, and Other Things to Toss in a blendernpr** Also it alarmed me how Mia's response to getting dumped was to starve herself to lose weight so she could look prettier, **Book Kale, My Ex, and Other Things to Toss in a blender** And Justine isn't any more likable: she decides that smoothies are more profitable than snow cones and uses the van as a front for her and Mia's personal side business. **Book Kale, My Ex, and Other Things to Toss in a blender download** Then she deposits all the smoothie money in a secret bank account, **Book Kale, My Ex, and Other Things to Toss in a blenders sunglasses** If that were to happen in real life you would get SO fired if your boss found out: **Kale, My Ex, and Other Things to Toss in a blenderz evansville** She also goes way overboard with the whole fake Facebook girl thing and does it more for selfish reasons than for Mia's sake, **Kale, My Ex, and Other Things to Toss in a Blender booking** I actually saw more emotional depth and likability from Seth's character and he's supposed to be the villain. **EBook Kale, My Ex, and Other Things to Toss in a blender download** 2) The lack of maturity/growth: Mia and Justine are flawed individuals - this is not inherently a bad thing. **Kale, My Ex, and Other Things to Toss in a blendervr** In fact I remember noting a few chapters in that I liked how they were flawed and immature, **PDF Kale, My Ex, and Other Things to Toss in a blender** 3d They're so thirsty for a relationship throughout the book that it really demeans them as strong independent women, **Kale, My Ex, and Other Things to Toss in a blenderz**

They're that shallow that they decide to blow several thousand dollars so people will notice them: **Book Kale, My Ex, and Other Things to Toss in a blender 3d** They've been nothing but deceptive and self-serving through the book and their final act before the curtain drops is insanely shallow and quite desperate as well: **Kale, My Ex, and Other Things to Toss in a Blender kindle direct** I wouldn't recommend this one not even for a summer beach read. **Kale, My Ex, and Other Things to Toss in a blenderze** The morals are questionable and the characters are frustratingly self-serving and shallow. **Book Kale, My Ex, and Other Things to Toss in a blender download** Greenwald manages to write with a voice that will attract a certain subset of tweens but herein lies the problem, **Kale, My Ex, and Other Things to Toss in a blenderz garment** The main characters have just finished junior year of high school: **Kale, My Ex, and Other Things to Toss in a Blender epubublishing** They are shallow as all get out and only have boys and money and revenge on the mind, **Kale, My Ex, and Other Things to Toss in a Blender ebookee** To get that they resort to deceptions throughout and are never called on any of it or face consequences. **Kindle Kale, My Ex, and Other Things to Toss in a blender** Instead of taking the book into the dark corners of what Mia and Justine are doing the author opts to go for humor and lightness. **Kale, My Ex, and Other Things to Toss in a blenderproc2** At no point did I feel as if anything was at stake for the characters who mostly come off as mean girls like the outsiders version. **Kale, My Ex, and Other Things to Toss in a Blender booklet** So yeah it's a light read but it's not a good one when you really look at how issues are brushed aside, **Kale, My Ex, and Other Things to Toss in a blenderz** The title grabbed my attention I found the premise hilarious, **Kale, My Ex, and Other Things to Toss in a blenderz** At the very least I expected a fluffy light YA romance/coming of age romp; and then I read it: **Book Kale, My Ex, and Other Things to Toss in a blender 3d** Reading the book jacket or Goodreads synopsis is misleading; it feels like there will be some depth despite the teenage shenanigans: **Book Kale, My Ex, and Other Things to Toss in a blenders eyewear** Hopefully this was unintentionally done but it's definitely there. **Book Kale, My Ex, and Other Things to Toss in a blender 3d** By what little I can tell she's still a conventionally pretty white teen of average weight and build - though Mia calls herself chubby: **Book Kale, My Ex, and Other Things to Toss in a blender 3d** It's implied that she is dumped because she's chubby so she's determined to lose weight. **Kale, My Ex, and Other Things to Toss in a blenderx** Justine is a loyal friend and I definitely related to her wanting to avenge Mia's pain but her straight-talk bold manner gets rude and dismissive: **Book Kale, My Ex, and Other Things to Toss in a blenders eyewear** In her mind she's angry that Mia's ex takes up so much of Mia's thoughts but what she says sounds I'm sad to say plain bitchy: **Kale, My Ex, and Other Things to Toss in a blenderze** Her intentions/human weakness (no one is the perfect friend ALL the time I know) is never addressed in any way really, **Kale, My Ex, and Other Things to Toss in a Blender kindle reader** I think that's a big part of why this book bothers me - everything no matter how problematic is just fine. **Kale, My Ex, and Other Things to Toss in a Blender pdf** That doesn't happen in this book and it doesn't feel intentional like these characters are antiheroes. **Book Kale, My Ex, and Other Things to Toss in a blender download** Unfortunately there's a lot more to dislike but this will go on forever so I'll just take a moment more to address the actual writing: **Kale, My Ex, and Other Things to Toss in a Blender book** She also wrote in the likes like how they'd probably talk but like how you shouldn't actually write since it's like annoying as hell. **PDF Kale, My Ex, and Other Things to Toss in a blender 3d** The point of view switched between Mia and Justine and the chapters were very short: **PDF Kale, My Ex, and Other Things to Toss in a blenders sunglasses** Neither felt necessary except when it came to the romance plot lines since both girls hide their feelings/love interests from the other (for no explained reason): **Kale, My Ex, and Other Things to Toss in a blenderz menu** The switching and chapter length felt sloppy and strangely-paced: **Kale, My Ex, and Other Things to Toss in a Blender ebook** author did a gimmicky smoothie name and recipe for each title: **Kale, My Ex, and Other Things to Toss in a blendervr** It was cute for the first handful but for 55 chapters in only 261 pages it got annoying quickly: **Kale, My Ex, and Other Things to Toss in a Blender kindle reader** Those could have been interesting and substantial

relationships to explore: **Kale, My Ex, and Other Things to Toss in a blenderz** Yet another depiction of teen life reinforcing negative tropes and behaviors: **Kale, My Ex, and Other Things to Toss in a blenderz edmonton** there were recipes for shakes and smoothies on every chapter so, **Kale, My Ex, and Other Things to Toss in a blenderx** I liked that part ;) 272 This book had the potential to be a fun YA summer book like Katie Finn's Broken Hearts and Revenge series which I absolutely loved. **Kale, My Ex, and Other Things to Toss in a blenderze** I was only interested in reading it because of the catchy title and cover art it really sparked an interest. **PDF Kale, My Ex, and Other Things to Toss in a blenders eyewear** The entire premise of this book seems to be if you're a girl and you're single and not skinny you're unhappy and have nothing to live for, **Kale, My Ex, and Other Things to Toss in a Blender book** 272 I was predisposed to like this because I know the author (the daughter of a classmate) and I liked her first book My Life in Pink and Green: **Kale, My Ex, and Other Things to Toss in a blenderz evansville** It's always nice to have preconceived positive opinions confirmed in the reading, **Kale, My Ex, and Other Things to Toss in a Blender booklet** 272 Okay yeah I know I apparently have no regard for "literary merit" because ya know this book was kinda trash but yet here I am liking it anyway. **Kale, My Ex, and Other Things to Toss in a blendervr** The writing left something to be desired (can someone please tell middle aged writers to stop trying SO hard to be "relatable to the teens?" I mean #okboomer amirite). **Kale, My Ex, and Other Things to Toss in a blenderze** I wouldn't have even picked up this book if my friend hadn't recommended it because frankly the cover is slightly atrocious: **EPub Kale, My Ex, and Other Things to Toss in a blender 3d** But like I thought it was a good story line and a great guilty pleasure book. **PDF Kale, My Ex, and Other Things to Toss in a blender** This book is clearly aimed at younger girls and not only teaches them terrible behaviours and expectations but also that actions have zero real world consequences, **Kale, My Ex, and Other Things to Toss in a blenderz garment** Literally the main concept of the book is that these two girls are cat-fishing one of the girls' ex you wonder if they even actually like each other: **Kale, My Ex, and Other Things to Toss in a blenderz edmonton** There are so many better ya books don't waste your time on this one: **Book Kale, My Ex, and Other Things to Toss in a blender bottle** S feel free to read the spoilers this book isn't worth the read anyways. But her best friend Justine would never let that happen. Their plan has two parts. Soon both plans have morphed into something so much bigger. . and more money than they could have imagined. . The only thing is Im making up the questions. Where did you grow up?A. Thats on Long Island. But I dont have a bad Lawn Guyland accent I promise.Q. Do you have any siblings?A. Every hint of maturity is pure lip service.3) The end of the novel. Seriously.So yeah. 272 Note: ARC received via Amazon

Vine. The book is meant for a slightly older crowd. Please do not support this book. This was such a disappointment. Sadly this book was simply awful. Too little too late. But her character is reduced to her dieting. This is not self-aware in any sense. God it was awful. Especially when it's not consistent. And the chapter titles. Sigh. It's a shame. 272

I didn't really like the book but. However this book was a total let down. Really I'm not kidding. This book is a total blah. Also— the cover dear lord. 272 Wow what a toxic book.P. 272.
