

Warlords Enigma By Yamila Abraham **Book Warlords enigmatic** By the author of UnPrison! Warlords Enigma 3 stars for the story itself but 1 whole star for the audio which really made it for me This is a little bit of fun to while away an hour or two. **EPub Warlords enigma** Content Warnings for book: Slavery dubious consent death of a parent Kink: Impact play bondage humiliation kink sadism and masochism domination/submission exhibitionism total power exchange This is a weird one. **Warlords enigma** **la** I really like how in your PUBLISHED book that you PUT OUT on the internet you couldn't be even bothered to download Grammarly while writing it because there are several writing mistakes throughout. **Warlords enigma** **v0.61** I don't know what the fuck this character is being tied to and fucked on but I guess since the author couldn't be bothered to describe it further than 'the thing' it must not be that important right? And then of course there's the rapey-ness of it all which I kind of expect from yaoi at this point. **Book Warlords enigma music** However I didn't expect for the author to go on a whole rant about how she doesn't like the rape in yaoi books in the About The Author page in her yaoi book book ABOUT SEX SLAVES AND COERCION. **Warlords enigmas** Since one of them is pretending to be the other it makes sense but it doesn't make sense for the narrator to not know that? Or for it not to be eluded to at least a few times until much later on? English First I love this book cover I really liked how this Author explained the MC also I felt like this story was well written I never got bored of the story plot,

English cute! English 3/5, **Comics Graphic Novels Warlords enigma music** The choices for describing sex are kind of astounding as they are pretty un-erotic yet remain explicit. **Comics Graphic Novels Warlords enigma tv** The third person switch between POVs with no true indication of this throwing in four different POVs is also an interesting choice: **EBook Warlords enigma machine** Finally this is couched with a lot more plot than expected, **Book Warlords enigma variations** There's a murder mystery twists and turns that are kind of just what? And of course the slave-prince-trope is beginning to become one of my favourite. {site_link} MM BDSM Sci-Fi Erotica An angry prince. A pleased warlord. An enigma to unravel.
