

Madder Love: Queer Men and the Precincts of Surrealism By Peter Dubé **EPub Madder lovenox**  
The rich complicated culture we've created for ourselves is constantly ready to allow us to follow our dreams and fantasies carried by the surging waves of sexuality into some pretty and magical places. **Love can turn to hate quotes** Given the similarity of their motivations why have the two so often been in violent opposition to each other? Madder Love is an anthology of cutting-edge writing that wants to look at that a little closer. **Madder rose the love you save** From dream states to erotic obsessions from the muttering of the unconscious to parallel worlds (and the weirder cracks in this one) Madder Love tackles why surrealism can be so queer and why being queer can be so surreal.
