

Erase (The Expiration Duet, #2) By Lou-Ella Fields **Erase background** It really at times was painful to read how Liv was looking at her past vs her present and then wondering if she was doing the right thing and I wondered would SHE make the right decision for the chemistry was always so strong and right between Seb and Liv. **Eraser** I will say there are many twists and turns in this story that will have you begging for more books set in this town.

And at Liv who was just infuriating at times. **Ebook reader** You can usually find them running up their phone bills as they spend hours on the phone plotting and planning various ways to break hearts before deciding how to deliver the perfect happily ever after. **Erase jump drive** I found for all the main characters involved this was a painful yet necessary road that they needed to take so that they could get to a new normal so that they could start to heal for all involved. **Era sekarang adalah era** 9 stars *****I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review*** Contemporary Romance Arc received against an honest reviewThe second addition of the expiration date novel was even more intimidating and brimmed with scalding emotions. **Erase kindle paperwhite** The authors were right and just in telling the tale of Olive and at the same time I cannot believe she goes through the same pain again as she went through in the first edition. **Erase jump drive** It is a must say that the authors of this know how to wound their characters beyond limit emotionally only to bring a momental happy ending back to her life and the ones closest to her. **Erase iphone** Dear readers this book can easily hold candle to the prior and it is one of its plus points as usually the sequel novels are not really that interesting to read if the first addition is a big hit. **Era sekarang adalah era** In the end authors taught us that sometimes going through the same pain is necessary to realize the beautiful gift love can be and the power it can hold to let us forget and forgive the grudges of the past for the sake maintaining the relationships and giving them the priority above and over the hurt cause by the same people because dude life's too short for that kind of shit! And I am amazed and flabbergasted at the intelligence and imagination of these two beautiful authors who have the capability to push us through hard times or even just a few lonely nights. **Erase background** Cheers and gudluck for more endeavors of yours Lou-Ella Fields!! □□□□□□□□- Romanceofilia xoxoxo Contemporary Romance I loved loved LOVED it!!! I was so excited to read this: Book 2 in The Expiration Duet. **Era sekarang adalah era** Contemporary Romance If you have not read book 1 - Elapse please stop reading this review :) This is the continuation of Olive's story and there is the potential for unintentional spoilers. **Erase ubuntu and reinstall** For Zeke who has missed out on so much for Seb who now feels threatened and worried about his relationship and of course for Liv who is stuck in the middle of it all. **Pdf eraser pro** Sebastian was REALLY sweet - prime book boyfriend material for some ladies for sure - but this book just didn't do it for me in the sense that well I won't even remember it after today,

This was a road that at first they didn't want to take but it had to happen, **Erase contemporary art** You can't force love once it left back yet that was what Zeke was trying to do in a series of underhanded moves which caused friction, **Erased anime** Zeke never had it and he truly lost when he ran away from it all: **Ebook resell** I felt truly sorry for him but I was at least glad he did the right thing in coming back to get to meet his baby and admitting his mistakes: **Kindle easter eggs** Liv and Seb are the real deal and made me so invested in their love and their story: **Eraser** Their passion is enticing and their story had me hooked back in book 1, **Erase background** I loved the secondary cast of characters and how the enriched this story and added flavor: **Erase contemporary art** It rounded out the story and helped give background to the main characters. **Era**

sekarang adalah era There is a lot of back and forth and unsure emotions in Erase: **Eraser** But the constant second guessing and not knowing which way things were going to go was exhausting: **Erase kindle paperwhite** I knew it was going to be trouble when Zeke came back but I really didn't expect things to unfold how they did: **Erasable markers** Things are said and done by all three of them that can't be taken back or forgotten: **Ebook reader** There was more angst in this part of the story for sure. **Epub reader free** The way things go will be sure to keep you on the edge of your seat, **Erase jump drive** Contemporary.

Lou and Ella Fields have always been lovers of the written word especially when it comes wrapped up in a neat little package of pages and labelled romance: **Ebook resell** This is a very satisfying conclusion to book 1 "Elapse" by Lou-Ella Fields: **Eraser game** In this book the characters (Liv Seb and Zeke) go thru A LOT more angst and anger was present in this book than in the last which amplified the emotions and feelings, **Book erase** This book is another nail bitter for we watch Liv confronted by her unexpected intruder in her now very satisfying and happy life, **Erase kindle for resale** She is beset by angst confusion and that leads to a series of decisions that can lead her down a road that may not be so happy to find her HEA: **Erase books off kindle library** It was painful to see that for some of the characters because I know I would love to read more with the characters brought forth. **Erase bg** This author has a fresh writing style that makes the characters seem real and the town feels as though you grew up there: **Erase background** In this addition we readers see a different and maybe a significant mature side of Zeke which wasn't expected at all, **Erase background** The story is a turbulent one that threatens and troubles the lives of the trio Olive Sebastian and Zeke. **Ebook erstellen lassen** Also we see Rose growing a bit older in her infant stage which is quite adorable: **Erase bookmarks in chrome** She is a child who makes an unimaginable impact on the onlookers and the ones who loves her already, **Erase ubuntu** But it doesn't mean that this novel is less saddening or swallowing. **Book eraser** I abso-fucking-lutely loved each and every character that got the chance of evolving their life through their words. **Facebook** There were also some amazing and hot clit clenching worthy sexual scenes, **Erase kindle fire** I loved and my tongue rolled in a pleasure reading those sensuous words and had me fan my hand. **Eraserhead** The ending was a bubbly holiday worthy treat laced turkey filled an ultimate packed scenery, **Eraserhead** It was vivid as a real scene playing out in front of my eyes and I could see the journey and its worth finally: **Erase kindle paperwhite** I will remember this sojourn I took with the help of your sweet dark twisted yet happily ever after romance. **Erasable markers** And you people made me believe even more in that concept: **Eraser** It's another rollercoaster ride for Liv as she works through her emotions and learns to deal with her unexpected intruder in her now satisfying life: **Eraser** Confusion and a series of poor decisions by all had me unhappy but glued to it hoping for a much needed HEA, **Erase pdf text** It really is a painful journey for all of them as they try to find their new normal, **Erase jump drive** It's so well written it flows so nicely that it doesn't feel overly angsty or dramatic; it feels real, **Eraser tool** It made my heart hurt and my eyes sting as they were mostly filled with tears. **Erasable markers** It's sad but happy frustrating beautifully sweet mushy at times and I loved every minute. **Erase bookmarks on kindle fire** It's about forgiveness friendships love trust and finally moving forward that had me smiling and teary-eyed: **Eraser game** The chemistry between Seb and Liv is so strong you can feel it. **Ebook resell package with niche topics** The support characters in this story are also very strong Millie Beau Ryan Wilma....., **Erase acne scars** They see what Seb Liv and Zeke don't see and are not afraid to say it: **Erasable markers** The story feels complete no unanswered questions which I love! This is another great story by Lou-Ella Fields, **Erase jump drive** I am hooked on this author and can't wait to read what's next! I'm hoping for Millie and Beau's story or even more about Zeke. **Erase contemporary art** Ended at 82% Contemporary Romance Truly enjoyed this emotional duet: **Eraser** I can't wait for more from Lou-Ella Fields! Contemporary Romance

I loved loved LOVED it!!! I was so excited to read this: Book 2 in The Expiration Duet: **Eraser tool** It's another rollercoaster ride for Liv as she works through her emotions and learns to deal with her unexpected intruder in her now satisfying life. **Erasable markers** Confusion and a series of poor decisions by all had me unhappy but glued to it hoping for a much needed HEA. **Eraserhead** It really is a painful journey for all of them as they try to find their new normal: **Eraser** It's so well written it flows so nicely that it doesn't feel overly angsty or dramatic; it feels real: **Eraser contemporary art** It made my heart hurt and my eyes sting as they were mostly filled with tears, **Eraser game** It's sad but happy frustrating beautifully sweet mushy at times and I loved every minute. **Erase kindle paperwhite** It's about forgiveness friendships love trust and finally moving forward that had me smiling and teary-eyed. **Erasable markers** The chemistry between Seb and Liv is so strong you can feel it, **Eraser background** The support characters in this story are also very strong Millie Beau Ryan Wilma: **Eraser** They see what Seb Liv and Zeke don't see and are not afraid to say it. **Pdf eraser online i love pdf** The story feels complete no unanswered questions which I love! This is another great story by Lou-Ella Fields. **Era sekarang adalah era** I am hooked on this author and can't wait to read what's next! I'm hoping for Millie and Beau's story or even more about Zeke. **Erase kindle paperwhite** if you have read book 1 you know that it ended on quite the WTF moment, **Erased anime** We jump right back in to that moment where Zeke the absentee father of sweet baby Rose has unexpectedly returned and has just shown up at Olive's house. **Erase kindle** You could feel the tension immediately and knew that you were in for a bumpy ride. **Era sekarang adalah era** At Zeke for his hidden agenda at Seb for what he ends up doing Romance Great ending to a drama filled story, **Erase kindle paperwhite** Contemporary Romance Loved this book even more than the first one. **Epub reader free** The characters experienced a lot more angst in this book but it was well written and had you really hoping for a HEA. **Eraser contemporary art** Still plenty of laughs and even hotter chemistry as the characters were more established, **Eraser pdf text online** Definitely had my moments of being cranky at nearly everyone in this book but that's what I want - a book that makes me feel: **Erasable markers** Fantastic second release and I look forward to more books from this author: **Erased anime** 5 Stars I have nothing original or thoughtful to write here about this book, **Eraser jump drive** I could literally just copy/paste my review for book one here because my thoughts are basically the same: **Eraser** For those interested I said this: Even though the writing was fine (minus a few typos etc. **Era sekarang adalah era** here and there which I don't really care about) the story was decent and the side characters were great, **Eraser contemporary art** I really liked Sebastian but he and Olive were just boring to me quite frankly, **Erase kindle paperwhite** Like I said though I think a lot of people won't have this problem and will really enjoy this book as a whole: **Erased anime** Which isn't to say that I didn't enjoy it; in fact I am almost done with book two: **Ebook rase** In fact I probably would have rated this lower if I hadn't gotten it via kindle unlimited, **Eraser jump drive** But as I said in my previous book I think this is a decent read that a lot of people will justifiably like more than me: **Eraser** Contemporary Romance He was everything I thought I didn't need until he became everything I couldn't live without, **Book eraser I** let him slip through the cracks of my broken heart before the fractures had time to heal. **Eraser**

contemporary art My second mistake was allowing myself to take another chance on love thinking I'd survive. **Era sekarang adalah era** Now I've fallen head first into the kind of madness that I didn't even know existed one that devours the heart and soul. I could literally feel it between them. It's hard to say much without giving something away. I look forward to seeing what she had next up. My Rating: 4. I loved the pace of the novel too. It was a quicker read in comparison to the earlier one. Nope. I love second chances and second love. Emotions....hurt.....stress.....anger.... You can't help but love them. Even Zeke grew on me. I love how they all tell it like it is. Either way I'm ready for more. A Book Lover's Emporium Contemporary Romance This one dragged. Too much bland drama. Just couldn't get through it. Emotions.hurt...stress...anger. You can't help but love them. Even Zeke grew on me. I love how they all tell it like it is. Either way I'm ready for more. OK so let's seeeeeeee.... I had a feeling it was coming but WOW it hit hard. My heart went out to each of them for different reasons. But then....then I was angry at each of them. Still hate Zeke not matter what that man is a douche. Seb what a keeper. Liv is a strong loving and confident woman loved that. Epilogue was perfect. It picks up right where book one finished. Contemporary Romance 3 - 3. I had trouble feeling the connection between Olive and Sebastian. I didn't see what made Olive so special. She was very bland. Millie overshadowed her at every turn for me. So yeah that's pretty much how I feel about this one too. It just didn't do it for me. That was my first mistake. But when love is all you have it isn't always enough. Erase (The Expiration Duet #2).
