Heroes & ghosts of st But as I gradually read on I found myself less enthusiastic about the characters. **Book Heroes & ghosts of st** A reclusive and clumsy scientist being rejected by his part time lover orders a living companion after too many drinks one night, **Heroes & ghostspeak** And then to discover that Rye was a real human and the dedication to his rehabilitation back to society all tinged with sexual attraction. **Heroes & ghostspeak** I liked Rye and Ichi's personality and their misunderstandings from what they perceived to be their flaws: **Book Heroes & ghosts season** Just that 3/4 into the book Rye and Ichi stopped being interesting and some of their behavior and actions seemed slightly off (or I stopped trying to understand their motives). **Heroes & Ghosts ebook3000** I enjoyed some of the insightful glances into Ichi and Rye's thinking and the slow exploration of their relationship in all its shades, **EPub Heroes & ghosts pc** But the story revolving around them pushing them towards certain actions didn't flow easily for me and broke the spell of the story, **Heroes & ghoststop store** Heroes & Ghosts I had no freaking idea what to expect from this book other than a kick ass review one of my goodreads peeps wrote. **Book Heroes & ghosts cast** The writing reminds me of Manna Francis so detailed you see the movie playing before you: **Book Heroes & ghosts of st** Heroes & Ghosts Please do me a favor dear reader of this review. **Heroes & ghostspeak** Nothing ordinary happened in his life other than a few strange and deadly insects mating: **EPub Heroes & ghosts cast** Avalons are telepathies something that Ichi with his high logical mind can't understand: **Book Heroes & ghosts of st** But he like his co-workers specially Will and Amanda that Ichi can almost consider close as friends, **Heroes & Ghosts epub air** His research seems promising his friends are invasive knowing his feelings but he like them. **Heroes & Ghosts bookkeeping** because he can't get more from life can he? After a night drinking way to much a geek should Ichi did the unthinkable. **Book Heroes & ghosts tv** I liked the multiple narration that gave me a lot of different point of views, **EPub Heroes & ghosts cast** from main characters or not all voices in this book were needed: **Book Heroes & ghosts season** I liked Ichi and Rye long way to learn how to trust another human being. **Book Heroes & ghosts** I liked the sci-fi theme very well explained and full of details. **Heroes & ghostspeak** I liked the action got also scared knowing their love was doomed to worst. **Book Heroes & ghosts of st** a stubborn and very closed mind scientist with a amnesic human used as pet: **Book Heroes & ghosts tv** I can't give less than 5 stars and unfortunately I can't give more: **Book Heroes & ghosts season** So well my 5 stars and also my applause Heroes & Ghosts I'm actually blown away by how GOOD this novel was: **Book Heroes & ghosts of st** Excellent world-building great characterizations and a love story that flowed naturally, **Heroes & Ghosts book 2** Heroes and Ghosts sat on my TBR stack for at least a year and once I picked it up from page one I was hooked, **Book Heroes & ghostscript** Ichi is a cool detached scientist who comes a culture in which showing emotions is frowned upon, **Heroes & ghostspeak** Unfortunately he resides on a scientific station in which the residents are all psi-gifted and whom are much more open with their thoughts and feelings: **Heroes & ghostspeak** Looking forward to a well-deserved vacation his plans are placed on hold due to an outbreak. **Book Heroes & ghosts** However when the promised pet arrives Ichi discovers that he's been given an upgrade and over time realizes his pet is far more than just some human toy. **Heroes & Ghosts books** Ren the pet is a man with secrets and sins upon his soul. **Heroes & ghostspeak** As he slowly begins to regain his memories he discovers that Ichi is nothing like those who'd owned him before and that the shy scientist needs someone to love: **Book Heroes & ghosts** Ren discovers his immense fighting skills when the station is mysteriously taken over by pirates which causes everyone to wonder just who he really is, **Heroes & Ghosts book 3** Neither are perfect--both have deep emotional scars that even with the ending one feels they will continue to deal with: **Heroes & Ghosts book series** The lovemaking scenes are sweet hot and tender (and yes explicit): **Book Heroes & ghosts of st** My only complaints are that it ended far too fast and not satisfactorily enough and that there were some not-too serious spelling mistakes (i. **Heroes & Ghosts epubublishing** Still what I liked was that Ichi and Ren are men and written as such, **Heroes & ghostspeak** In spite of it being a yaoi novel there was none of the standard uke/seme pairing. **Heroes & Ghosts books** And tnat's the hallmark of a good book is that one doesn't want it to end thatt the characters are like good friends: **PDF Heroes**

& ghoststop I started off really liking it I'm a sucker for stories about sentient sex toys: **Book Heroes & ghosts season** The middle dragged horribly there were random tangents all over the place and it was much too long which is a complaint you will almost never hear from me: **Heroes & Ghosts book 2** I was getting so bored and couldn't wait for it to be over, **EPub Heroes & ghostscript** It picked up again at the end though and I think I ended up liking it overall, **Book Heroes & ghostscript** The story is great it just really needed tightening up and a bit stronger focus. **Heroes & Ghosts pdffiller** There was way too much head hopping sometimes the point of view would shift several times within a few sentences, **Heroes & ghostsmas** It was also rampant with typos but even worse were the words that were just straight up spelled or used wrong. **Book Heroes & ghosts of st** There were several instances of ridicules that should have been ridiculous dominate should have been dominant than used in place of then other's instead of others etc: **Heroes & Ghosts book series** There were also a bunch of incomplete sentences and sentences missing words. **Heroes & Ghosts book series** It drove me completely bonkers and distracted me from the story so badly: **Heroes & Ghosts book series** I have a fairly high forgiveness level for typos in things published for free online but this was so bad I actually had to stop reading at times, **Book Heroes & ghoststop** The depth adjustment and unique turn of all the characters just grabs you from the beginning and doesn't let you go: **Heroes & Ghosts book 2** Honestly Ichi's fascination and love for rabid carnivorous bugs is kind of repelling and pretty darn confusing . **Book Heroes & ghostscript** but in the sections focusing on only him and bugs his reaction and emotional attachment to them it makes sense, **Book Heroes & ghosts cast** That's incredibly hard to do from a writer's point of view - making something so weird seem so normal: **PDF Heroes & ghosts tv** The transition from Pet to [=spoiler=] is gradual and very believable. **Heroes & Ghosts ebookey** The ending conflict came across to me as a bit anticlimactic but then again it seemed to Rye that it was as well - something more was expected the result harder to obtain: **Heroes & Ghosts book 2** The last few chapters/epilogue wrapped things up beautifully and Rye's gift to Ichi?Priceless: **Heroes & ghostspeak** ^_^; Heroes & Ghosts I don't know how to review this, **Heroes & ghostspeak** I don't want to ruin this for anyway with my stupid fumbling words, **Book Heroes & ghosts cast** (the whole doll thing makes you think this is trashier than it really is. **Book Heroes & ghostscript**) Heroes & Ghosts Ichi the only gay male on a science space station is devastated when his first holiday in over 3 years is suddenly cancelled due to a sector shut-down. **Heroes & Ghosts ebook3000** Frustrated horny and lonely Ichi gets drunk with his friend Will who tries to cheer Ichi up by designing a human pet (artificial human) to Ichi's deeply-buried desires. **Heroes & Ghosts books** When Ichi wakes up the next day he's horrified to see the confirmation of his order flashing on the screen something he must have done in the midst of his drinking binge: **Book Heroes & ghosts tv** After the sector is re-opened Ichi's order fails to arrive leaving him feeling both relieved and disappointed. **Heroes & ghostsmas** Ichi slowly becomes accustomed to living with his petwhom he has named Rye but as he does he notices something strange about him: **Heroes & Ghosts book 3** Rye seems to show signs of fear and other human responses which leads him to investigate his new companion, **Heroes & ghoststop store** What he finds though is something he never could have imagined: **Book Heroes & ghosts tv** Together Rye and Ichi explore Rye's past and through horror and danger they find a love neither ever expected: **Book Heroes & ghosts season** Payne's writing tends to explore the dark side of life and this is no exception. **EBook Heroes & ghosts season** While not as dark or brutal as Derekinga Snake's writing there is some similarity in the themes explored and it is not for everyone: **Heroes & Ghosts book 2** Admittedly most of it happens in memories and dreams but it still has a significant impact, **Heroes & Ghosts book 3** That said this is still a romance and the finding of an unexpected love is even sweeter after a dark and sad past. Which Im told is a very good thing. Which I'm told is a very good thing. {site_link} Kenichi liked to keep to himself. And it did deliver on that account. Sadly it was pretty downhill after that. Also there were MAJOR issues with the writing. It made those sections incredibly difficult to read. Heroes & Ghosts A FANTASTIC novel. Rye is a charming character well build from the ground up. Sometimes things really ARENT earth-shatteringly hard though. This was just -- God so adorable so sexy. So surprisingly dark and intense as well. It was just-- perfection. 100% recommended. But oh God. It was not. Not at all. I just-- sigh. S.A. Heroes & Ghosts.
