. Niccolo Mancini was not your average billionaire. He was not your average vampire either. I was expecting a novel not novellas. Čo je asi najhoršie čo sa knihe môže stať. I really enjoyed it. This includes 2 books so its not a full novel book. I had real trouble relating to Nick and Gabrielle. I get that. I just wish we saw a emotions with them both. I dont mean just them as a couple. Both characters seemed a little cold to me. Kind of flat. So this was just blah for me to be honest
