From Wall Street Journal and USA Today bestselling author Lauren Landish comes a hard-riding romance of cowboys who run wild—and the women who tame them... Bull rider James Bennett lives for those eight seconds of exhilaration. **Buck wild wrestler** Sophie Stone has to admit it: James Bennett is a checklist of cowboy hotness—ruggedly handsome with piercing blue eyes a hard-muscled body and just enough swagger to make her toes curl. **Buck wild rescue** How can Sophie possibly say no to a man who makes her heart buck like a bronco? And when their summer fling comes to an end how can she possibly say goodbye? Buck Wild (Bennett Boys Ranch #1)ARC received for review3. **Buck from the call of the wild book** Buck Wild (Bennett Boys Ranch #1) Good god this was good! It had everything:Small town charm [] Great banter [] Dirty talking cowboy [] Smart and sassy heroine [] Off the chart smexy scenes [] I am in love with the Bennett brothers! Can't wait for the next book. **Book buckingham palace** But after a rather rough start she finds herself spending plenty of time with James as he helps out on his family's ranch until he returns to the rodeo circuit in a few months. **Buck wild racing** Dual POVSafe no ow/om drama H isn't made out to be a total womanizerTriggers no apparent triggers Buck Wild (Bennett Boys Ranch #1) I haven't read too many cowboy romances in my time however if they're all as hot as this one I might just have to change that! Buck Wild was warm sweet and steamy goodness. **Buck wild bison** Although the plot didn't really seem to be going anywhere aside from a bit of drama from a rival family #1) Lauren Landish is a WALL STREET JOURNAL USA TODAY bestselling author and her books have garnered a legion of praise from her readers. **Buck from the call of the wild book** When she's not plotting about how she will introduce you to your next sexy as hell book boyfriend you can find her deep deep in her writing cave furiously tapping away on her keyboard writing scenes that would make even a hardened sailor blush. **Buck wild wrestler** Lauren who lives in NC with her boyfriend and fur baby warmly invites you to her worlds of rock hard abs chiseled smiles and men with deep fat pockets...but beware! Lauren Landish so I was especially happy to have discovered a new author (to me) Cowboys and that this is the first book in the Bennett Boys Ranch series. **Buck wild racing** James is taking a break from professional bull riding to help out on the family ranch after his fathers death and meets Sophie when she along with her mentor attend the ranch to assist with a difficult birth. **Buck wild bison reviews** Lauren is a new to me author and I chose this book because I have a huge obsession to cowboy romances and thought this would be a great way to introduce myself to this author. **Buck wild wrestler** So when he first met the sexy little veterinarian student who didn't hesitate to put him right in his place he was shocked at his reaction to her and how much he couldn't wait to see her again. **Buck wild reality show** Buck Wild (Bennett Boys Ranch #1) Title: □ □- Buck WildSeries □ Bennett Boys Ranch 1#Author: □ Lauren LandishPublication: September 25 2018□ □ □ □ ♡ Sophie Stone had her plan set in her mind to follow in her older brother's footsteps. **Buck wild mix** She moved to small town (Great Falls) to do her interning with a local Vet for the summer Sophie is use the big city & men there so she didn't bat eye when the 6"3 cowboy gave her attitude James Bennett is the youngest of the three siblings... James came home to help out on the family farm after his dad passing James's father use to call him the 'wild child' & for good reason see James is 8 second man ...he has working the rodeo circuit for years. **Buck wild vegan chips** This started off as just a summer fling until what seem like Sophie getting too serious & James freaking out...Is James dying for his escape to come sooner than expected in the fall? What will happen once the fall season is pond these two? Will they just walk away or with they make it work somehow? □ You can always find Lil dirty talking some sassy strong females sexy as heck males & steamy moments in one of Lauren Landish books□oh I don't know which was funnier the three siblings poking at each other or the fun loving flirting between Sophie & James. **Buck wild voice actor** □ Hope you enjoy this read & also always keep in mind this is just my opinion & my honest review □ □ ARC provided to me by NetGalley in exchange for an honest review□ □ .

Buck wild tap room

I still found myself enjoying it and found myself getting lost in the pages. **Book buckingham palace tour** The romance wasn't really there but I was still rooting for the two of them to ride off into the sunset together, **Buck wild wings bolingbrook** I also really liked how the author tied in previous beloved characters into the story without taking away from the main ones: **Book buckingham palace tickets** This was definitely something different from this author but I think she made it into a success, **Book buckingham palace tour** A rodeo cowboy in his prime all he wants out of life is something to straddle. **Buck wild pale ale** That's why James is feeling a little restless spending his summer off working his family's ranch: **Buck wild snack mix** That is until a spirited and gorgeous veterinarian-in-training shows up and puts the cocky wild boy—and his ego—in place. **Buck wild origin** Though she's a feisty one James is always up for a challenge. **Buckwild pgh** She thought she was done with her bad-boy phase but exceptions must be made. **Buck wilder** James comes home from the rodeo circuit after their dad dies: **Buck wild racing** Sophie is in town for the summer working with the local vet before going to vet school in the fall, **Buck wild nashville hot snack mix review** He's having issues about returning to the circuit and abandoning his family and falling in love with someone who will be leaving, **Buck wilds fort worth** She knows she has to go to school and falling in love was never part of the plan: **Buck wild meaning** Buck Wild (Bennett Boys Ranch #1) DNF @ 59%I couldn't get into this book. **Buck wild wrestler** There were some things I liked in theory like the brothers and their relationship with their mother but the execution didn't work for me: **Buck wild oakland** But the relationship between the hero and heroine was too easy too quickly with the frequent sex scenes thrown in willy nilly without enough genuine chemistry. **Book buckingham palace** I opened the book this morning to continue reading saw how much was left and groaned which was a sign that I needed to simply back away. **Buckwild urban dictionary** I'm grateful for the opportunity to read an ARC and I'm sure others

will enjoy this more than I did, **Buck wild wrestler** Buck Wild (Bennett Boys Ranch #1) Sophie has plans that include the summer interning for the local vet and then off to veterinary school in the fall, **Buck wild wrestler** Nowhere in her plans is there a place blocked out for a wild bull riding cowboy. **Book buckingham palace tickets** Neither are looking for more than a summer fling but sometimes fate has other things in store: **Book buckingham palace tickets** This was a relatively low drama read with the conflicts this couple face pretty low angst and quickly dealt with. **Book buckingham palace** While I enjoyed both of these characters sometimes their intimate moments were a bit cheesy and overdone with the cowboy-isms, **Buck from the call of the wild book** They were still hot as heck but I quickly started skimming every time they started all the silly talk/play in the bed or wherever else they found themselves, **Book buckingham palace** This is a total me thing as I can only handle a few scenes such as that and this book exceeded my limitations. **Buck wild book** Nevertheless there's enough steamy moments that there was still plenty left for me to read all the way through, **Buck wild nashville hot snack mix flavors** I liked the way this couple worked out their concerns in a completely adult manner and other than a little blip of insecurity they never allowed them to come between them: **Buck wild hummer tours grand canyon** This story also sets up what I assume to be the background for future books and what may be some additional conflict for the other Bennett brothers. **Buck wilds houston** It is well written has a pretty good pace that was never repetitive other than those pesky cowboy-isms and was rounded out with a very nice epilogue, **Buck wild rags** Overall if you enjoy cowboys country living with momma's home cooking and a bit of trouble from someone who wants all the land to themselves I would totally recommend this: **Buck from the call of the wild book** I voluntarily read and reviewed an advanced copy of this book provided by NetGalley and Montlake: **Book buckingham palace tour** It was full of feel goods low on angst and had easy to like characters: **Book buckingham palace tour** landish Follow me on twitter: {site_link} {site_link} I have read very few Cowboy romances and I regret that now: **Buckwild mtv** I do love a feisty female character and I got that with Veterinary Intern Sophie Stone, **Buck wild boxers** I liked her character strength and personality and I really liked the chemistry between her and James Bennett, **Book buckingham palace tour** Their chemistry and passion really did jump off of the page. **Buck wild tours** There are so many great characters within this book and they all felt extremely well developed. **Buckwild show** I feel that a well written story has well written characters throughout and not just the characters that are the main focal point: **Buck wild vegan chips** In fact it delivered on all fronts! The writing flowed really well and I liked the way the story-line developed, **Buck wild wrestler** The great thing is that there is more to this series because from what I saw of the rest of this family this series has a whole lot more to offer, **Buck wild wrestler** Thank you to Lauren Landish and Social Butterfly PR for providing me with an ARC copy of Buck Wild, **Buck wild boxing club** 5 STARS Buck Wild is book one in the brand new series Bennett Boys Ranch by Lauren Landish. **Buckwild tv show** I think I'm going to be unpopular when I say that for me the book was just okay: **Buck wild boxing club** And although the sexy times between these two were hot hot hot I never really felt the romance: **Buck wilde** It's off season and his father has just passed away so he has come home to his family's ranch to help his two older brothers and mother with keeping everything going. **Buck wild vegan chips** But at the end of the summer he will be back on the circuit: **Buck wild wrestler** His constant moving from one rodeo to the next prohibits that, **Buck wild vegan chips** And if there's anything I like more than riding bulls it's trouble, **Buck wild band** "Sophie Stone has just finished college and is preparing to enter veterinary school. **Buckwild quotes** She has scored a summer internship with a small town vet and is thrilled with the experience working with him will give her. **Buck wild vegan chips** When they are called to the Bennett ranch to deliver a foal she meets the Bennett men but it's one in particular that catches her eye. **Buck wild vegan chips** But the next time they met things went better and the chemistry between them sizzled, **Buck wilde** "She's an angel with a body built for sin...and she's unafraid to show me both sides, **Buck wild wrestler** They both know their time together will have an expiration date, **Buck wild boxers** Sophie is going off to vet school in the fall and James back to his rodeos. **Book buckingham palace tickets** But the more time these two spend together the

more their feelings grow making them both wonder if they will be able to walk away as planned, **Buck wild book** Now that the Bennett boy's mamma Louise is alone it seems as there might be those who are ready to take advantage of her. **Buck wild bison** But her boys are ready to do whatever it takes to defend their home, **Book buckingham palace** Sophie and James have chemistry that steams right off the pages, **Buck wild wrestler** Still it was an enjoyable read and if you are a lover of sexy cowboys you will probably enjoy this book! "Sometimes fate has its own plan for us: **Buck wild racing** 5 stars ☐ This book isn't any more than what it tries to be: a fun steamy cowboy romance. **Buck wild wrestler** It felt comfy to me like a cozy book perfect to read outside in a mountain or something. **Buck wild vegan chips** I loved the characters the writing and the promise of a million other books with glimpses of future protagonists, **Buck wild boxers** I don't know if I'll ever read them all but it's nice to know I can. **Buck wild vegan chips** ☐ Buck Wild (Bennett Boys Ranch #1) Sadly I'm going to let this one go after one week of trying to push myself to finish it, **Buck from the call of the wild book** 57% in and I'm not interested in the characters the plot is too simplistic and I can see what's coming clearly: **Buck wild rental cabin** But a Lil bump in the road had change the course in her life: **Buck wild hummer tours grand canyon** She went from studying business to completing her bachelor's degree in becoming Vet: **Buck wild oysters** New city every weekend pretty much so summer on the family farm was more of oviligation until he meet the feisty sassy mouth assistant Vet☐ James & Sophie were adorable. **Buck wild bison** Either way this is a good readI can't wait to read about Luke & Mark. **Buck wild pale ale** * ** ☐ ☐Paulette Review ☐☐ Buck Wild (Bennett Boys Ranch #1).

. James and Sophie definitely blew hot.Release: 09.25.2018Genre: Western Contemporary RomanceDual POV - 1st personHeat: 3.5Standalone - Bennett Boys Ranch #1☐.☐.* ARC provided for an honest review .☐.5 stars James and his brothers are hot. In the end love conquers all. All thoughts and opinions are my own.facebook.com/lauren. Initially they clash then the sparks fly. Buck Wild really did deliver on this front. This is my honest review. Buck Wild (Bennett Boys Ranch #1) RATING 3. It didn't hold my interest the way I wanted it to. I didn't swoon or sigh. So in that respect I was a bit disappointed.James Bennett is a very successful professional rodeo bull rider. James is not the relationship kind of guy. "This girl might be trouble. Their first meeting though was not a pleasant one."Sophie and James enter into a summer fling.This book definitely has some steamy sexy times. I think my lack of connection was probably just me." Buck Wild (Bennett Boys Ranch #1) 4. Omg can't forget about see more of Mama Louise.**This has not influenced my review
