I fell in love with this series and these characters right from the beginning and to have read the ending is just so sad and bittersweet - did not want to say my goodbyes to this world and these characters so soon. Pearson clearly pours her heart and soul into writing and the results are fabulous!The world she has created for this series is so very interesting! The details of the people their lands their magical abilities and their lives are just incredible. Pearson! I eagerly look forward to your next adventures! Such a Dangerous Game (Stolen Tears #3) I read the first two books a long time ago and I loved them both so when I was told that the third book is coming out I had to get my hands on it. I was worried that I would not remember anything since I read the second book but the strange thing is once I started reading the things that happened in the first two books came back to me. I started the first half of this book in late 2019 or 2020 and because it's been so long I'm not sure I can write a proper review for this since I can't remember half of what happened☐ And even longer since I read book one. Which of us will win? Emotions clash worlds collide and even the best intentions go wrong in this heart-pumping final installment in USA Today bestselling author Cortney Pearson's Stolen Tears series. A satisfying read!Their fate is in the cards: What a marvelous conclusion to this series!A jaw-dropping conclusion - the best book in this series, What a journey it has been - so bittersweet now that the series has ended. Full of wizards prophecy games war enemies traitors action betrayal sirens nymphs angels madness tears emotions and love, Such a Dangerous Game (Stolen Tears #3) I

received a free copy for an honest review, A couple of questions were left unanswered and I really hope a novella or a book comes out that answers them. This is an amazing series to read if you are a fan of fantasy and adventure with smidgeons of romance in the mix. Such a Dangerous Game (Stolen Tears #3) I have thoroughly enjoyed the Stolen Tears series and Ms: Pearson did not disappoint with Such a Dangerous Game the conclusion. I felt as if the characters in the series were my friends: I knew them well cared about what happened to them cheered for their victories and cried at their difficulties, I can't state enough how fascinated I've been by the whole series. There is so much detail involved that it will definitely be just as captivating as the first time read: The only thing I disliked about this series is that it has concluded! Well done Ms. I found the book to be more intense and moved more quickly there is suspense intrigue romance action it kind of is. It was so good I read it too quickly and burnt myself out and I had trouble picking it back up. I think if you're looking for a unique read and a different take on magic systems you'd definitely enjoy this one, It also has an arranged marriage betrayal plot twists a sort of love triangle but not actually and an enemies to lovers trope: Such a Dangerous Game (Stolen Tears #3) An exhilarating end to a wonderful series. good and we all know that good triumphs but Courtney Pearson weaves the characters betwixt and between the good and evil effortlessly: This is a great series and will capture your heart as it did mine: Such a Dangerous Game (Stolen Tears #3) A treacherous game of destiny: Talon must atone for his broken oaths and marry a woman he doesn't love or face banishment forever, While the thought of him marrying someone else rips me apart inside I have bigger problems. I found out they're part of a game of destiny a long-lost access point that can help me gain command over an angelic army, This is a great series and will capture your heart as it did mine: The Perilous In-Between Such a Dangerous Game (Stolen Tears #3).

Wow I didn't see that coming. I didn't see any of it coming really. This was a fantastic finale to a great series. Talon Ambry Ren Shasa Jomeini. Ms. It's definitely one that I will enjoy reading again. The author did not disappoint. Which also explains the reason I rated it like I did. Oh and characters you love to hate. Talon and Ambrey wove a link to my soul. This series has so much evil vs. The cards the Seer gave me don't just divine my future. An army powerful enough to wipe out an entire race. I need that army to save my people. The Arcaians need that army to destroy them. A jaw-dropping conclusion. Such a Secret Place<sup>2</sup>. Such a Daring Endeavor<sup>3</sup>.
