

For Real (Spires, #3) By Alexis Hall **For real bartenders** Just two men one older one younger; one experienced in the scene one completely new to it; one broken by losing love through no fault of his own one urgently seeking something he's never had. **For real for real song** He has come to realize that he's a Dom and what he craves is to give his strength and control and pain to someone who wants them to a man who is strong himself but who finds satisfaction in submission. **For reality** He was very erudite for 19 but as a kid with a famous artist for a mother raised in a house where most of the books were poetry and creativity was the god his mother worshiped I could believe it. **Real book login** Laurie might easily have been stuck at work unexpectedly in a crisis and with Toby's lack of transportation not having a way to call him and let him know seems like a big lapse for someone who is as much of a caretaker as Laurie. **For real life**) But I could just accept it as a blind spot part of Laurie's very real reservations about their age difference his reluctance to make himself anything more than a passing fling in the life of a guy with 20 more years of youth to expect as Laurie heads into middle age. **Realme book laptop** The idea was great; a younger inexperienced but natural Dom who gets off on the idea of hurting someone and making them cry meets the older experienced sub who can possibly show him the way. **For real estate photography** ugh why was his POV in past tense and Toby's in present? That was obviously deliberate and for what? To show us Toby's puppy enthusiasm at wanting everything now now now and Laurie's reservation with his past? Again I don't know. **Ebook for free download pdf** I think I get what the author was going for and it wasn't that I didn't like the book I couldn't connect with it not even during the sex which was supposed to be hot. **For real life** If the world tells you how you are going to be treated you are in trouble—James Baldwin For Real is a love story upending labels and stereotypes (sexual or otherwise); how two people come together not allowing themselves to be flattened into labels—dom/sub top/bottom beautiful/plain younger/older educated/uneducated high class/blue collar etc. **Four real book** Laurence Dalziel the Oxford-educated wealthy trauma doctor with the high social standing shouldn't be involved with Toby Finch the seemingly uneducated kid who has no idea who his father is lives with his artist mother in a loft in Shoreditch and works at a café in East London. **Epub for android** Their story shows that a lot of what we think we can't or shouldn't do at different ages and social standings or educational backgrounds is largely arbitrary because we're basing it on what society or culture dictates essentially becoming static beings confining and imprisoning ourselves into categories groups classes with specific stereotypes attached. **Book for real estate license** Laurie and Toby instinctively trust each other on a sexual level but struggle to find trust outside of that context allowing their insecurities their sense of inferiority (each for his own reasons) to dominate their relationship. **Realme book prime** For Real is also a lot of fun (I laughed out loud multiple times while reading it) and it features a set of great secondary characters—the sort you want to learn more about. **Pdf for reasoning questions** I particularly enjoyed Jasper (I loved him—what wouldn't I give to have his and Sherry's story told in a separate book) Dom (the dom who plays the alto sax and is a heartbreakingly good person—I'd like to read his story too someday) Toby's mother (who's an artist and doesn't believe in having sex with the same person twice or in wearing clothes in your own home). **For real bro** Laurie's character became a bit blurry at times and I didn't feel I had enough to understand his personality very well—maybe if he was more conflicted if he struggled more with his submission to Toby's hesitant dominance. **For reality** The pacing was also a bit uneven and it could have benefited from some narrative tension but even though it's a long book (and maybe it could have been shorter by a 15%-20%) it doesn't become tedious or monotonous at any point. **For real dog** By the way I know I digress but the first 20% which correspond more or less to the first mini arc of the story were absolutely fantastic and as Karen puts it in her review made me want to dance around with glee. **Book for real estate reddit** Laurie was a trauma doctor who should have irregular working hours or weekends cancelled at a moment's notice yet he never got Toby's number nor did he give Toby his own) but they were minor and didn't take me out of the story. **This time for real second book** the story opens with the two protagonists meeting at a club where one of them has been dragged by his friends leaving it together soon after to have sex in private then parting ways with one of them getting lost in

unfamiliar surroundings) but I assume they were intentional and I attributed them to the stories being set in the same verse (Spires). **Real book login** Letting each other know that they are safe helping them gain their emotional equilibrium...However dear Sir what about your readers? Don't they after experiencing the euphoria of your magnificent story deserve a little aftercare too? After entering into the hypnotic subspace brought on by reading "For Real" I find myself in dire need of some loving aftercare. **For real juice wrld lyrics** This story explores what it means to be a 37 year old desperately seeking fulfillment through anonymous kinky sexual encounters while darkly drifting through life after the collapse of a great love affair. **For real good to know how it works** If that doesn't make him fabulous enough he is also named after the famous 'Beyond-cat' of "extraordinary intelligence" in Saki's short story Tobermory Laurence "Laurie" Dalziel has suffered a Great Disappointment and has been mourning the loss of his love affair for years. **Real book login** etc and that I really just wanted to read something filthy and romantic without rape or abuse and why was that particular combination so damned difficult to find?And he said something along the lines of Um I might have written something like that it's in edits but I'll send it to you. **For real estate photography** And boy do you get it here! Hotter and steamier than any BDSM book I've read in years! But what will surprise most of you is that behind all this glorious pain and submission is an absolutely beautiful love story. **Real estate investment ebook** When the relationship ended (the reason behind the break-up is a bit of a spoiler so I'll let you discover that for yourself) Laurie was terribly upset and he continues to mourn that loss. **Book for real estate agents** If you enjoyed the strong emotional connection between Corey and Sean in The Final Line Matthew and Kira from the Turning Point series and Prophet and Tom from the Hell or High Water series you will love Toby and Laurie. **For real life** Even when I read the synopsis for For Real and was oh so tempted by the age gap the BDSM and the return to contemporary romance I reminded myself to be strong and RESIST. **Comic book realm** Now I'm not talking about sexual positions because I TOTALLY get how the receiver could be the one in charge (see every female Domme ever) but Toby just wasn't a powerful enough presence for me to get a Dom vibe from him. **For real life** I loved the concept of him doing things he didn't want to do in order to please his Dom (a turn on of mine as well) but I think he didn't always follow that stance. **For real for real for real this time** Laurie does just that in a moment of impetuosity but he's all kinds of hung up on his past long-term relationship (which incidentally ended six years prior) and on the 18-year age difference between himself and Toby.

Heaven is for real book pdf

Laurence Dalziel is worn down and washed up and for him the BDSM scene is all played out. **Pdf for reading** Six years on from his last relationship he's pushing forty and tired of going through the motions of submission: **Realme book prime** Toby doesn't know who he wants to be or what he wants to do: **Epub for laptop** But he knows with all the certainty of youth that he wants Laurie. **Pdf for reading** He wants to make him hurt he wants to make him beg he wants to make him fall in love. **For real good to know how it works** The problem is while Laurie will surrender his body he won't surrender his heart, **Real estate for dummies book** And what they have—no matter how right it feels—can't last. **Real ebook reader** A previously published alternate cover version of ASIN B07BRD69LV can be found here: **Real book login** For Real (Spires #3)

Genrequeer writer of kissing books, **For real for real song** If you would like to get in touch the best way is via email which you can find in the contact section on my website 3Wow, **For real juice wrld lyrics** BDSM but with much more focus on the psychology the needs of the two men and the balance of the relationship than any mechanics of the physical side. **Heaven is for real book pdf** Not that there aren't excellent sexual episodes in it but there are no formal scenes here no careful planning and stylized progression: **Book for real estate** (If you haven't tried this author yet and were daunted by the accent or the steampunk of other stories try this one, **For real juice wrld lyrics**) The men are imperfect physically as well as in their very human emotions and psychology: **For reality** The progression through the relationship is organic not formalized moving in very believable fits and starts. **For really big mistakes eraser** There are wonderful moments and painful moments and I read it in one breathless evening then went back to the beginning, **For real juice wrld lyrics** Laurie is a doctor in his late thirties and six years out of the relationship he thought would be his forever: **For real life** His ex was his first everything - first real kiss first sex first love first Dom - the man with whom he seemed to fit effortlessly. **Book for real estate reddit** But a moment of crisis pushed them apart and by the time Laurie looked around his ex was moving on without him: **Sovereign of the three realms epub download** Since then he has played in the scene gone home or to a club with one Dom or another, **For real juice wrld lyrics** But while he has given his obedience to them and received a degree of brief satisfaction and relief he has never really given his submission to anyone in six years. **What english really is epub** Toby is nineteen and a very plausible nineteen young unsure not a virgin by any means but a guy for whom sex has been about fumbling and physicality and never really satisfying: **Book for real estate license** He goes to a local club not with great expectations but with curiosity and hope. **Pdf for reasoning questions** And Laurie sees him a very young guy thin small with acne not gorgeous or conventionally hot and yet a guy who stands tall and somehow touches the caretaker sub in Laurie, **For real life** And in the first moment meeting in the club when Laurie kneels for this man a new bond is forged which will carry them through the story. **For really big mistakes eraser** I liked the way they did what felt right without a lot of planning and discussion and yet always with care for each other: **Book for real estate investing** I loved that Laurie would try hard (and sometimes wrongly) to balance his joy in submitting with his greater age experience and wealth. **Realme book laptop** I believed that at first it was hard to find the way to come together for more than sex or to believe there could be more. **For really big mistakes eraser** Laurie's age his competence and the veil of fatigue that had muffled his life until the cool fresh wind that was Toby blew it open were palpable: **Book for real estate investing** The writing is elegant and emotional and the sex scenes are wonderfully done especially the first couple, **For real juice wrld lyrics** The beginning of the book was such a delight - I love that moment when you think Yes a new favorite!: **Kindle for reading at night** One essential plot point seemed unlikely to me (That they didn't exchange phone numbers: **Kindle for reading books** Both men's reactions to the age issues were fitting and added depth to the story, **For real estate agents** There is a lovely slow build both in bed and out of it between the main characters: **Pdf for free online** Through sex at first and then gradually through moments of life built up around

the sex they work to figure themselves and their relationship out, **Book for real estate investing** In some ways each seems more tuned to what the other man needs than their own issues. **Realme book prime** Almost as if through the eyes of love they see each other plainly but pay less attention to themselves. **Real estate for dummies book** The book is by turns sweet funny sad fascinating and hot, **Realme book prime** I tried for me and for my friends who really liked it: **For real for real meme** I am the odd ball out on this but I think the author is a one hit wonder for me, **For real juice wrld lyrics** I like the age gap and the play on roles but I could not connect with either of these men: **Realme book prime** I think for me when you label characters and then try to NOT label them by their actions you lose something in the translation: **For real estate photography** No I don't mean in the traditional setting of a BDSM themed story I just never bought the dude as dominant even when he was playing at it: **For real estate photography** That is what it felt like a little boy playing at an adult game and that really had nothing to do with his age. **For really big mistakes eraser** The sex that I read was good it was sexy and then flowery words or purple prose was tossed in and I lost it. **Book for real estate agents** Lost it as in laughing because it was too cheesy for me: **Sovereign of the three realms epub download** I wanted to be in that boat with my friends who enjoyed it, **The real anthony fauci book** For Real (Spires #3) You've got to tell the world how to treat you: **The real anthony fauci book** It's the story of Laurie and Toby who should have nothing in common who on the surface are diametrically opposed to each other whose paths would normally never cross, **Real book login** A man pushing forty shouldn't get involved with a boy eighteen years his junior: **Real book login** It's how they learn to trust not only each other but themselves and their instincts and their feelings—because they are real. **Commercial real estate for beginners book** For Real is also a deeply emotional and a very erotic story approaching BDSM in a way that feels natural and fitting for the characters: **The real world 7th edition ebook** The chemistry between them is instant and scorching and undeniable. **Realme book laptop** And even if you're not into that kind of thing you understand why they are into it and what kind of needs it fulfills for them: **Pdf for reasoning questions** That's also one of the reasons why it works why the age difference never really matters, **Commercial real estate for beginners book** If you've read Waiting for the Flood Edwin and Marius make a brief appearance too though not in the same scene. **Comic book realm** On a technical level the dual POV and the switch between past and present tense work seamlessly and effectively especially for Toby's perspective: **Access states the real world for free ebook** I was a little worried before I started the book because I'm not a huge fan of present tense in this genre at least: **Realme book prime** But I needn't have worried because it was exceptionally done. **For real good to know how it works** The writing is lovely as always; elegant and powerful and evocative: **For reality** The voices of the characters are distinct and Toby's in particular is an absolute delight. **Heaven is for real book** He comes across really authentic like the nineteen-year-old he is: **Realme book laptop** Also the first two sex scenes and especially the first penetrative sex scene were epically awesome. **Book for real estate reddit** This is an extremely hot book and the other intimate scenes were great too but those first two were my favourites, **Real estate investing for dummies epub** There were a couple of plot points that strained credibility somewhat (e, **Real racing 3 update for kindle fire** Like I said my niggles were minor and didn't affect my enjoyment of the story: **For real for real meme** I liked it so much I procrastinated on work and cancelled plans just to be able to get back to it. **For real life** It was a wonderful reading experience as always with Alexis Hall and it cemented his favourite-author status. **Epub for android** For Real (Spires #3) Some word vomit will be added to this when I've managed to compose myself: **Pdf for free online** I know that you are familiar with the loving recovery that follows a highly charged BDSM scene. **For really big mistakes eraser** I know that you are familiar with it because your characters demonstrate aftercare so sweetly in "For Real: **Realme book prime** " Gentle caresses tender snuggles affectionate murmurs water to rehydrate...All given to show that they are there for each other, **For real bruno mars lyrics** The story was so brightly beautiful that it brought me to my knees and lashed my heart: **Book for real estate** "For Real" is so entrancing that while reading it the world disappeared for a time and now it hurts to return to real life. **For real bruh** Your

wonderful book wrecked me so deliciously (just as Toby does to Laurie) and I loved it! There are so many layers and complexities to this lush and lyrical story: **For real bruh** On one level it is about a 19 year old young man tasting the delirious joys of kinky sex for the first time, **Epub for old kindle** On another level it is about this same young man finding his way in the world coming to terms with love and loss and discovering his true passions, **Comic book realm** The relationship between Toby and his grandfather is heartrending and made me cherish even more the love of my own grandparents, **For real juice wrld lyrics** "For Real" explores what it means to fully embrace and offer love and all of the pain and pleasure that accompany this brave gift: **For real estate photography** Tobermory "Toby" Finch who at 19 is more sensitive self-aware cosmopolitan and generous than most people twice his age stole my heart: **Real player for kindle fire** Toby is a Dom; he loves metaphysical poets quotes Dorothy Parker is an amazing cook and works in a greasy spoon café: **For reality** Laurie is a Sub; he is a graduate of Oxford and is a doctor who consults about emergency and prehospital medicine and works with London's Air Ambulance: **Real doctors note for work pdf** He has shut down emotionally craving sexual pain but afraid to feel the pain that accompanies a love affair. **For real life** When Toby and Laurie come together they complement each other so exquisitely: **For real for real** The sex is kinky and hot but is also loving and sweet. **For real dog** I want to give him everything and the things I can't give I want him to take, **For real for real song** Hall...I will be waiting for a hug or a gentle pat on the head because this gorgeous story wrecked me...and I loved it!! For Real (Spires #3) spectacularly good: **Real book login** hall's books are always so thoughtful and his aesthetic so similar to mine—i am simply powerless to resist them, **For real juice wrld lyrics** more please!PS: it is occasionally and gloriously a one handed read: , **The real anthony fauci book** For Real (Spires #3) A few months ago I was whining to Alexis Hall about how few kinky books there are that don't seem to have ghastly rapey backstories etc: **Kindle for reading in the sun** To which I said OMG GIMME or something equally horrible and enthusiastic: **For real puppy** So he sent me this book and I read it and I wrote back: this book is gorgeous and romantic and beautifully filthy: **For real estate agents** I've re-read that mid-edit version probably a half dozen times and I find more to love with every re-read: **Book for real estate reddit** For Real (Spires #3) Advanced review copy of For Real provided by Riptide Publishing via Net Gallery in exchange for an honest review: **Kindle for reading pdf** Folks attracted to this book enough to read reviews are most likely looking for a hot and steamy BDSM romp. **This time for real second book** For Real is a M/M romance which just so happens to include characters that enjoy a D/s relationship, **Ebook for free download pdf** Laurie Dalziel is a 37 year old trauma doctor still pining for a relationship that was over more than 6 years ago, **For real clue** Laurie and his ex Robert shared a D/s bond for 12 years and Laurie was happy and in love, **For real for real song** (You will see Robert's name pop up constantly while reading this book, **Book for real estate agents** It does get a little annoying especially when he is speaking with Toby but I believe that Laurie does not miss Robert the man but the connection they shared: **Ebook for free online**) To help ease some of the loneliness Laurie does engage in one-night-stands but he has been unable to find someone he trusts enough to enjoy his submissive tendencies. **For real good to know how it works** Toby Finch is a 19 year old cook at a greasy spoon diner. **Epub for linux** He knows he is gay but he feels his sexuality is different from his peers: **Realme book prime** To see if that kind of kink is really for him he visits a BDSM club called Pervocracy where he first meets Laurie: **For real babies** Laurie decides to help Toby figure out if his eagerness to dominate is a worthless predilection or if he really does have the power to dominate. **Realme book laptop** He brings Toby home to share a scene and of course their chemistry is combustible: **Book for real estate license** The meat of the story is Laurie enjoying a D/s relationship with while trying to keep emotionally detached from Toby. **Four real book** Their vast age difference is a problem and he feels Toby has a lot of growing to do and life to see before he settles down with one person. **For real dog** Toby does everything in his play book to get Laurie to fall in love with him so they can start their HEA. **Realme book laptop** There is super-hot melt-the-paint-off-the-walls sex more angst than you can shake a stick at sexual experimentation and bucket loads of passion: **For reality** FUN! One of the best ways

for me personally to figure out if a book is right for me to read is to see what other people feel are similar books. **Four real book** I'm going to list a few in case you still need convincing: **Realme book prime** Toby reminded me of Darian from Alexis Hall's wonderful Glitterland, **For real clue** If you liked Glitterland you are going to love this book, **Real racing 3 for kindle fire** If you liked the kink and depravity of Bound by Lies and Uneven you will find the same type on depravity and humiliation in this book, **Ebook for resale** I have given For Real the highest possible rating I can which is 5 stars and a place on my Fuck Yeah 5+ Stars shelf, **Ebook for free download** This is one of the best books I have ever read and I look forward to re-reading it many many times. **Realme book laptop** HIGHLY RECOMMENDED!! This review is also posted at Gay Book Reviews For Real (Spires #3) *4, **Book for real estate investing** I had started fearing everything that I had loved about Alexis Hall's Glitterland was a figment of my imagination. **Real estate for dummies book** Perhaps I had dreamed the wonderful squee-worthiness that was Glitterland? Stranger things have happened: **Real book login** I tried with epic failures to read his other stuff (Iron & Velvet Prosperity Waiting for the Flood): **Book for real estate reddit** Each of those books was a huge disappointment and I decided to just throw in my Alexis Hall towel and snuggle down to dream my dreams of what Glitterland meant to me: **Pdf for reasoning questions** I was feeling really really firm in my stance of NO MORE ALEXIS HALL: **For real puppy** In all honesty I hate to be a downer and constantly posting somewhat negative reviews of his stuff was beginning to wear on me: **For real estate photography** Everyone and their mother seemed to be rec-ing this book to me, **Win real money apps for kindle** People who know my tastes very well assured me that I would love this book and so I went ahead and took the plunge: **Book for real estate** It was everything that I was hoping it would be and then some, **Book for real estate agents** Funny endearing lots of emotion some surliness and some brattiness- I'm talking the entire well-rounded package, **Book for real estate investing** The age difference was lovely and worked perfectly with the story, **Realme book laptop** Now if you are a die-hard fan of BDSM I'm not sure how you will enjoy this book, **For real juice wrld lyrics** I like BDSM a great deal but certain facets more than others: **For reality** I'm a huge fan of power plays humiliation submissiveness and cheeky bottoms. **Jim cramer's real money ebook** This book was certainly more towards my kind of BDSM in a lot of ways: **Book for real estate investing** I LOVED and I mean loved the idea of a young skinny Dom with some insecurity issues but I often felt like he was in the submissive roll, **For real baby dolls** He had his moments but I wish his actions mirrored the game he talked in his head: **Real book login** He said he doesn't switch but I often found him to be the more dominant one: **Book for real estate** It seemed like they were both a little switchy for my tastes. **Book for real estate agents** I also think that the sex could have been a bit dirtier. **Epub for laptop** Maybe it is just my kinktastic side talking but I love me some dirty dirty DIRRRRTY talking, **Fantasy for adults tigrard** However if you are interested in an offbeat atypical BDSM book with some fantastic dialogue multidimensional characters and really well-paced plot you MUST pick this one up. **Comic book realm** Don't let some bumps in the Alexis Hall road turn you off from this goodie, **For real life** **Copy provided by the publisher in exchange for an honest review** For Real (Spires #3) ~4: **Real racing 3 for kindle fire** beautiful all strong and straining needy and aggressive at the same time and sheathed in gleaming skin with these drops of moisture crowning the tip like tiny perfect opals : **For real estate photography** In his review Julio called this book subversive clever and full of surprises: **Realme book prime** Toby is young skinny a little awkward plagued by occasional acne. **Commercial real estate for beginners book** Well maybe he's a little naive but he's willing to push his own boundaries to explore. **For real dog** He's a gentle sadist and he just wants a man to drop to his knees: **Real estate investment ebook** He crowds his feelings and drowns in his work as a emergency care physician, **For real juice wrld lyrics** Because we are privy to both Toby and Laurie's perspective we're aware of their insecurities and fears, **Book for real estate agents** The two men do much talking negotiating learning and thinking, **Book for real estate investing** and there's moonlight and we dance and dance and dance until we fly and my heart is so zing I can't even. Then he meets Toby Finch. Nineteen years old. Fearless fierce and vulnerable. Everything Laurie can't remember being. He wants him on his knees.

Because Toby is too young too intense too easy to hurt. It can't mean anything. It can't be real. Please note: I don't read / reply to DMs. This book goes straight into my favorites. and the young inexperienced guy is the Dom. This worked for me on so many levels. The writing is excellent. But at nineteen finding that seems impossible. I loved their differences and how they fit together. The voices of each man were distinct. Toby felt young in most ways. I wanted to slow down and savor it and couldn't. This is a story about connections and about trust. Absolutely a keeper and a reread. For Real (Spires #3) No rating. DNF @ 38%. Okay. I tried. I really did. I had to give up at 38% and just call it a wash. Toby is a Dom and yet I never felt his dominance. Laurie. Just no. Oh lord. So I tried. I wanted to like it. I missed the love boat for real dude. I wanted to finish it. I couldn't. I tried. A scrawny nineteen-year-old prone to acne can't be a dom. A dom doesn't bottom. A thirty-seven-year-old can't sub to an inexperienced kid. A sub doesn't top. A medical doctor can't be with a university dropout. Yet they do. And it's liberating for both of them. It is a story about trust and its multiple expressions. My niggles with the story were few and minor. There were also some similarities with Glitterland (e.g. I look forward to reading more of his work. So in the meantime. All the stars. This gets all the stars I have. For Real (Spires #3) 5+ Snowdrop Stars Aftercare Mr. Hall. Such a heartbreakingly beautiful love story. He's my prince. Fierce and fragile and tender and cruel. The affection and devotion between Toby and Laurie is poignant. When Toby teaches Laurie to dance I wanted to swoon. So Mr. subversive clever and full of surprises. My hands-down favorite bdsm-themed romance. I ate this badboy up like a slice of lemon meringue pie. Make of that what you will. And it is. Gorgeous romantic and beautifully filthy. To date my favorite of AJH's books. Highly recommend. He likes to dream of hurting another man for pleasure. SO. MUCH. I could not have loved him more. The passion and emotion between the two men is spectacular. 5 stars* I love it when I'm wrong. But then. I caved. Everyone. The relationship had a nice slow burn and felt organic. This is a very long book and it simply flew by. I'm not such a huge fan of pain and impact play. but yet something wasn't quite right. Toby was a weird Dom for me. Same with Laurie. I think the opportunities were there but just underutilized. 5~ Nearly 500 pages of brilliant thoughtful writing. But his [cock] I could be kind of obsessed with. It's really . they'd taste of heat and salt and tears and him. And that is the most delicious description of a cock. EVER. I concur. Laurie's friends call 19-year-old Toby a fetus. But he's not naive. Laurie lives in his head. The book is very much relationship focused. It's kinky and sexy and British. Toby wants MORE from Laurie but Laurie is a closed book. For Real is all about the DANCE. BDSM isn't all dungeons and leather and whips. It's vulnerability spreading yourself open pushing taking giving. It's about tears. And hurts. And jealousy. And love. [W]e put our arms around each other again. I lead and Laurie follows . For Real (Spires #3).
