I liked the setting of the story different worlds opposite one another one dark one light the allegory behind that. **Princess diana death book** There is no real mention of how she looks no duper long descriptions of her body/face features or if she's beautiful or breathtaking and other adjectives I really hate reading about. **Princess of deathtrap book** That being said I will definitely read the sequel because the ending makes it really interesting and I think it will be better! English Princesses and her choices are surprisingly selfless for a girl who presents as a generally selfish creature. **Princess of deathwalker** Soraya with her magical abilities and desperate longing to belong somewhere was a relatable and lovable character; Bae was a stand up pirate/potential suitor with many motivations that I can't wait to discover. **Princess of deathnyc** Sea witch on one side of a magical boundary goddess on the other and all 'round and enigma wrapped in a mystery- I NEED to know more!! Book two needs to be in my hot little hands yesterday! ☐☐ English.

Darren and Bae I felt as though the other characters needed more depth as well, **Fantasy princess of darkness** They felt a little stiff for me and I couldn't relate or feel for their plight, **Princess of deathzone ip** Final Verdict: Princess of Death has an intriguing plot that anyone who loves pirates and princesses will love, **Princess of deathverse** Originally posted on YABC: YABC INDIE STAFF REVIEWER | My Website English - ARC review -I was really interested by this story because I hardly ever see a YA novel with pirates. **Princess of deathverse** And who doesn't like pirates right? They are mysterious dark brooding rebels and scoundrels at times. **Princess of deathstroke** The way the author writes she really takes you into a world that I had no problem imagining, **Princess diana death book** I liked the intrigue the mythical Undine (is she good or bad). **Princess of deathholme** I also liked the fact that the lights does not always shine on the main female character. **Princess of deathtouched** The author seems to leave it to you and your imagination to create your version of Cali as well as Bae (okay I really have a problem with that name: **Princess of deathpls** I keep thinking that it's short for babe and I hate that xD okay I'm out)But, **Princess of deathwish skateboards** I don't know why but I thought it went all wayyyyy too fast: **Princess of deathrun fortnite** I think it's the first time I've ever thought this of a story: **Princess diana death book** I felt like there were no transitions that it was all jumping from one part to the next. **Princess of deathverse** I can't quite put my finger on what was wrong but it felt like there was no clear climax in the story. **Princess of deathnote** Her motivation and her behaviour makes her too naive too perfect. **Princess of deathnyc twitter** I felt that even when she started revealing a darker side of herself: **Princess of deathquake 1980** It's almost as if she's flat superficial and transparent which is weird because she's supposed to be the main character: **Princess of deathzone network** In fact when I think of it you don't really get to know the characters, **Princess of deathrun nokssito** Perhaps it's because it's the first book of thee series and it's kind of the setting of the story? I secretly hope this will change in the sequels: **Princess of deathholme wow** I'll be rooting for a HEA between a certainly sexy cursed pirate and a wayward princess: **Princess of deathwalker** From the first chapter I was completely hooked! The synopsis is what first caught my attention, **Princess diana death book** Who can say no to princesses pirates and magic? Not me that's for sure, **Princess of deathoftheparty twitter** The world building was very well done and has left enough room for the author to expand as the series continues, **Princess of deathroot locations** English This was a great story! Full of mystery and intrigue. The best friend was definitely just a plot point. Cali the main character was really hard to relate too. Bae the pirate I could take him or leave him. She's a fascinating character.

In other words I liked many things.there's a but.I really did not like the main character though.in other words a Disney princess. The author does not seem to explore who they are. We get bits of info but it's all rather superficial. The characters were enjoyable to read. English So this is a definite 5 star read for me. And we also get BAE! I need more Bae. I cannot even lie to you right now. He is a panty-dropper. I can promise you'll fall in love with him. 5 Stars. Would definitely recommend.
