

Fifth Soul (The Renegade Dragons #1) By Laura Greenwood **PDF Fifth souled** — A paranormal reverse harem set in the Twin Souls Universe Fifth Soul (The Renegade Dragons #1) *I received a free copy of this book via Booksprout and am voluntarily leaving a review. **Fifth Soul book** She loves gaming! Unfortunately for her gaming appears to bring along the very things she's been avoiding most of her life...I loved the interaction between the characters and all the gaming elements in it (I was an "almost" gamer at one point but never quite got into it seriously). **Fantasy Fifth souled** But it appears to have gained them a few frowns from the Fire Dragon community... I'm looking forward to the next book and finding out what happens! Final rating: □□□□ - Really liked 170 A light and short book. **Book Fifth soulcycle** The "fated mates" thing acts as a crutch to have Lola and Rachel move in with the guys saving up on actual relationship building - which does happen later but I admit it doesn't feel like enough. **Book Fifth soulmate** For example there's a scene where Lola's drunk and searching for Rachel - but because everyone sounds the same I wasn't sure she had found Rachel or had drunkenly mistaken a guy for her. **Book Fifth soul eater** There were no antagonists and little character development all of which made the plot really dry 170 Lola is a fire dragon who has a mate mark and is aware that she is destined to find her 3 fated mates. **Fifth Soul kindle direct** Lola won't mate when Rachel cannot! Torn between loyalty to her best friend and to the pressing need to seek her mates she chooses to ignore that search for her mates and instead as an avid gamer heads to a gaming tournament for distraction. **Fifth soulbound** Laura specialises in quick reads whether you're looking for a swoonworthy romance for the bath or an action packed adventure for your latest journey you'll find the perfect match amongst her books! *I received a free copy of this book which I voluntarily chose to write an honest review for, **Fifth Soul booklet** Meet Lola an avid gamer that is gearing up for an upcoming tournament of her favorite game, **Fifth soulbound** As a dragon she is destined to find her three mates some day but she resists due to her BFF being different and not wanting to leave her alone. **Fifth soullocke** Unfortunately her opinion does not matter when it comes to fate so when she meets three guys at the tournament her life will be forever changed. **Fifth Soul booking** We get an extra mate as well which is just awesome and outside the norm for their world. **Fifth soulard** This leads to some challenges as they try to work things out. **Fifth soulard** Great world building filled with interesting characters that you can relate to while enjoying the story. **Fifth soullocke** There was a lot of humour within this book.

Fifth soulkeeper

The story is wonderful, **Fifth soulkeeper** I have loved it from the first page! Can't wait to read more, **Fifth soulless** 170 Fifth Soul by Arizona Tape and Laura Greenwood is a slow burn reverse harem paranormal romance that I listened to on audio narrated by Susan Greenway. **Fifth soulbound** I absolutely love Arizona and Laura's books! Their books usually leave me with a smile on my face, **PDF Fifth souled** I really enjoyed the slow burn relationship between Lola and her four mates, **PDF Fifth souled** I can't wait to dive into the next book in the series Fifth Round to get more of their story. **EPub Fifth soul food** I look forward to listening to more of her work in the future, **Fifth soulkeeper** I would recommend this book if you love paranormal romances.

An unexpected mate. **Paranormal Fifth soul** This reverse harem story is an intriguing unexpected mix among multiple characters, **Fifth soulkey** The characters were strong enough to go against traditional expectations and change the rules to find their happiness. **Book Fifth soul** Grab your copy and share their efforts to go where Fate leads them: **Fifth soulburner** 170 This book received a 1 star because I stopped reading it around chapter 12 The plot of this was: **Book Fifth soul** The main character Lola seems to have a good heart at the start of the story. **Book Fifth soulcycle** She feels bad that her friend Rachel won't ever find love or be able to have babies. **Book Fifth soulcycle** That kind of selfless.

Fifth soulless

I laughed out loud at parts: **Fifth soulbelly** It moved along quickly and kept me hooked with the banter and sweet romance. **Fifth soullocke** I love Susan Greenway's voice and she did a good job portraying Lola and Rachel, **Fifth soulbound** When I read the first chapter of this book I thought the heroine was a fool, **Fifth soulblight** And I continued thinking the heroine was a fool throughout the entire book, **Fifth Soul paranormal cirque** This book really just centered around the heroine's best friend: **Fifth soulless book** The heroine had 3 male mates but was making out with her best friend. **Fifth Soul book** 170 First of all the cover is gorgeous! I absolutely love it! This story was so amazing. **Fifth soullocke** I was instantly drawn into the world and wanted to just stay there. **Fantasy Fifth souled** Where could one go wrong? I didn't want to come out of the world quite frankly. **Book Fifth soulcycle** My only critique is that it was too short! I know there are a few other books in the series but still: **Fifth Soul booklet** I also wish the whole dragon heritage was explained in more detail, **Fifth soulbound** I feel like I got to know Lola and Rachel the most in the book but I have a strong feeling I'll get to know the three men as the series progresses: **Book Fifth souled** The closeness of best friends and the love of lovers! Where can you go wrong? The narrator was pretty fantastic as well: **Fifth Soul ebookers** I'm not sure if I've listened to other books by her in the past but I can assure you that I plan to listen to more. **Fifth soulless book** There's a chance that I'll eventually feel that maybe all three of these books could have been condensed into one books: **Fifth Soul paranormal witness** AudiobookObsessionReviewer 170

One to three and three to one: **Fifth Soul fantasy premier** Lola's always known she has three fated mates but as an outcast her best friend doesn't: **Fifth soulking** So when yet another mating ceremony comes around Lola would rather skip it in favour of a gaming tournament: **Fifth Soul paranormal witness** *Gaming Dragons...? Totally awesome!! I'd actually read a preview of this after reading Torn Soul another book set in the Twin Souls Universe: **Fifth Soul ebook** So it was a bit awkward reading again through drunk Lola's antics although it was nice to have some context to it finally: **Fifth Soul kindle reader** Lola is running away from everything to do with Fire Dragon tradition: **Fifth Soul booklet** But what she does want is to support her friend a misfit who's been outcast by the Fire Dragon community and gaming, **Book Fifth soulcycle** Lola cares about her mates once she finds them all of them and truly does try her best to please them all, **Fifth soulbelly**

Besides Rachel none of Lola's interactions with her mates feel anywhere near romantic enough to justify an eternal bond: **Fifth soulkey** There was no attempt to give any of the characters a distinctive voice which made some scenes confusing since everyone sounds the same: **Fifth Soul booklet** I can't say it was a bad narration but I'd be lying if I said I enjoyed it either, **Fifth Soul paranormal activity** But like the plot I am hoping this too improves with the next book, **Fifth Soul book** 170 Writing was fine story was fairly mehThe writing was fine there were no typos but there was also no drama, **Fifth soulbelly** All the way through the book there was all this build up to no one accepting their mating but nothing came of it, **Fifth Soul ebooks free** They said that covering her mating mark would affect her and it never did. **EBook Fifth soul eater** She had hidden her mating mark with a tattoo yet it did not let her ignore the three fellow gamer guys at the tournament that smelled so delicious to her: **Book Fifth soul eater** Lola has found her three mates and is having a hard time fighting her instincts -- she cannot avoid the mating and must allow her destiny to continue, **Book Fifth soulja** Her relationships deepen and this isn't going to turn out to be the anticipated foursome among the fire dragons. **Fifth soullocke** This time there is a "fifth soul" added to the mix throw myself on the blade kind of attitude that makes her sound noble is quick to vanish, **Fifth soulkeeper** Lola becomes a self centered the world revolves around me kind of character and by chapter 12 has everything handed to, **Fifth soulkey** It's all surface level problems that are resolved in a way that works out for selfish Lola: **Book Fifth soul food** She gets everything she wants with no troubles and her increasingly annoying petulant attitude becomes unbearable before the book even has a chance to conclude, **Fifth soulbound** I wouldn't recommend this book to anyone looking for well rounded heartfelt characters or anyone who enjoys seeing characters struggle and work for the happy ending the get to. **Book Fifth soul** 170 Laura is a USA Today Bestselling Author of paranormal fantasy urban fantasy and contemporary romance, **Fifth soulkeeper** When shes not writing she drinks a lot of tea tries to resist French macarons and works towards a diploma in Egyptology, **Kindle Fifth soulja** com/groups/the paranormal For a full book list please see here: {site_link} www, **Fifth soula day** authorlauragreen Laura is a USA Today Bestselling Author of paranormal fantasy urban fantasy and contemporary romance, **Fifth soulless** When she's not writing she drinks a lot of tea tries to resist French macarons and works towards a diploma in Egyptology, **Fifth soulbelly** com/groups/the paranormal For a full book list please see here: {site_link} www. Great for fans of fantasy poly type relationship books. I really liked it so I give it 4/5 stars. 170 I loved this. Lola was fantastic and I love her men and Rachel. Susan did a great job on the narration. okay sounding. Not ground breaking or even that different but just okay. The execution not so good.I listened to the audio version. Her male voices weren't as strong though. Overall I enjoyed her narration. 170 This book contains some LGBT themes. The whole plot revolves around a gaming tournament. I'm not sure what this was honestly. Overall I really disliked this. 1.5 stars. There are dragons and online games. But maybe it will in the next books. The characters were pretty amazing. I totally ship Lola and Rachel though. It was so beautiful. I want a relationship like that. The accent was so adorable. Not including the next two for this book. She has a lot of talent. I could see her becoming one of my top favorites. That won't happen until after I've read all three books. Either way reverse harems or slow burn romances. How it's always been how it's always done. Little does she know what she's going to discover. Fated Mates Mating Ceremonies she wants none of it. In the end everything works out for them. Fingers crossed the next book improves on this.The narrator's delivery was distractingly flat. Her friend Rachel is an outcast a white dragon. But this mating bond is different.There is no real conflict.
