Theoretical physics has become a modern version of the Emperor's New Clothes where ridiculous and absurd theories are proposed and accepted because doubting them would indicate some mental impairment or lack of knowledge. **The Great Einstein hoaxxx** In a science that is supposed to be based on observation and experimentation the acceptance of a conclusion that experiments know if they are being watched and change the results when observed invalidates all experiments and observations. **The Great Einstein hoaxum** His general and special relativity theories are based on the assertion that the speed of light is constant in a vacuum and cannot be exceeded which he proposed in his theory of the photon and for which he won a Nobel prize. **The great einstein hoax taylor** A wave is an energy disturbance within a medium and it was believed that for a wave to dislodge an electron from an atom it must transfer a quanta of energy to the electron and this would not happen immediately. **The great einstein hoax quote** The speed of a wave is determined by the forces in the medium in which it travels and cannot be constant while a particle's energy is transmitted as kinetic energy and can be constant. **The Great Einstein hoaxport** If light is a wave with no particle attributes then its speed cannot be constant and Einstein's assertion that the speed of light is constant and his relativity theories based on this assertion are wrong. **The great einstein hoax book free** This explanation means that the absurdities created by Einstein's theories like black holes.

The great einstein hoax quote

Or photons time dimension the myriad of subatomic particles invented to support his theories and the varying of the characteristics of matter with speed are wrong and do not exist. **The great einstein hoax book pdf** It also maintains that Newton's law of gravity was wrong and that by correcting these errors physics can once again be a science based on reason and reality instead of a make-believe world populated with invisible matter and energy and ruled by magic spells: **The Great Einstein hoaxmc store** Physicists have abandoned reason and reality and turned physics into a make-believe science where illusions are created to support their delusions. **The Great Einstein hoaxzl** This degeneration of physics from a science to fantasy is a result of Einstein's theories, **The great einstein hoax book free** The photon was proposed as a solution to the problem of the photoelectric effect and to define the nature of light, **The Great Einstein hoaxos** Light was known to be an electromagnetic wave but when certain light waves strike certain metals or crystals it produces an immediate electric current: **The great einstein hoax quote** The photon proposed that light had bundles of waves.

The great einstein hoax book summary

That acted as a particle so light had both a particle and wave nature. **The great einstein hoax**

quote This book proposes that there is an explanation for the photoelectric effect that is consistent with wave theory that explains the photoelectric effect without creating the photon. The Great Einstein Hoax.
