Quite enjoyable little romance. Short and sweet. I couldn't connect with that. He's been looking for ever since. When the paranormal council summon him. He thinks the woman that got away is gone forever. 5 out of 5. Good narrator heated romance and a bond worth fighting for. \*I received an ARC in exchange for an honest review. He can't marry Aella because Lia is his mate. This was a quick sweet read. Two shifters meet bound and it causes a few problems. Just so sweet. Except there's one problem; Lia. i liked the characters. the plot went no where the characters went no where. basically it was a good idea with terrible execution. major disappointment. The conflict is minimal making for a light-hearted read. I can't wait to see what's next in this series.
