He comes to Avery for help. I enjoyed reading how the curse gets broken. Harper Ash Noah and Avery's relationship is in the past. That's where it needs to stay. Avery has spent years avoiding the ghosts of her past. Oh he does spent money. But he doesn't really care for anyone. He wants a 'perfect' wife for his 'perfect' life. Christmas magic in a totally different way. She wants nothing to do with him. He needs a bit of Christmas magic. Neither of them want a second chance. Wonderfully imperfect and genuinely likeable characters. Harper Ash
