

Dust (Heirs of Neverland, #1) By Kara Swanson **Dust kindle unlimited** (but I also want her to be my best friend pleaseeee)- I can tell this story has a lot of the author's heart & I love that!! - Some people may disagree but I actually loved that Dust dove into the darker themes of Peter Pan. **Young adult dystopian books** Because I'm weird like that?- Mental health rep! Ok.

Dusttrust phase 2

Shadow!!Trigger/Content warnings:- character attempted suicide in the past- characters have self-harmed- a character had an abusive parent- a character has abused and emotionally manipulated in the past (and still is a bit during the story)- characters dealing with past trauma- mild action scenes- kidnappings- characters get burnt by magic- brief descriptions (not too detailed) of characters' friends dying or turning evilI loved this story so much and recommend it hugely to all lovers of fairytales and magic!I received a complimentary copy from the publisher and was not required to write a positive review. **Dustrial decor** Five stars!!(I received an ARC from the author in exchange for an honest review!) English I'm always down for dark Pan *eeeeek* This better freaking deliver! English The truth about Neverland is far more dangerous than a fairy tale. **Dustwun** English How did this book end so fast?! ☐☐☐☐ Debut novel☐ Duology☐ Portal fantasy☐ Fairy tale☐ Peter Pan retelling☐ Phenomenal cover☐ Modern setting☐ Dual POV☐ Characters with secrets☐ Enemies to friends to lovers to . **Dustin hopkins fantasy** enemies again? ☐☐ Morally gray characters☐ Christian author and publisher☐ Emphasis on mental health☐ Themes on light and darknessI keep saying review to come on my reviews.

Book dust cover template

This is going to be a tough one to review. **Dust book synopsis** Long story short: If you're a fan of the original Peter Pan story and want a sequel (so to speak) that honors it Peter searches for the last hope of restoring his crumbling island: a lass with magic in her veins. **Young adult dystopian novels** Dust (Heirs of Neverland #1)Reread: even better than before~~~rtc but oh my word this was good~~~If you're like me you spend what feels like hours searching on Google for retellings of some of your favorite stories. **Duct friction loss chart pdf** ☐ The pacing is weird in a way I don't quite know how to describe but it does still suck you in! I think Dust would've been more compelling if it showed more of the former happiness that Neverland brought because at it's core this isn't a dark story at all. **Dustsheet** Content Warnings:-A character remembered a suicide attempt in their past (although I'm still unclear if it was a true suicide attempt or not)-Kidnapping fighting people almost getting burned to death a pretty horrible (but not very described) death-A kiss-Words that I *think* were mild British cuss words? But I'd never heard most of them before and so to me they didn't feel like cussing. **Dustnet** There are so many I can't share rn because of spoilers but here are some of my favorite non-spoiler quotes:You were created for more than to bear the weight of your shadows--but you have to choose to no longer let them define you. **Dust bookcase** You can connect with Kara online where she chats about coffee fairy tales and As the daughter of missionaries KARA SWANSON spent her childhood running barefoot through the lush jungles of Papua New Guinea. - Ok but have you seen this cover?! It's even more stunning in person. **Book dust** - Tiger Lily is an actual Queen™ and no one can convince me otherwise, **Dust texture png** She has teal streaks in her hair and wears hippie clothes and is basically way cooler than I will ever be, **Dustudio** That's all I'm saying (#spoilers) but they're heftyyyy and I actually loved the dark themes. **Pdf distribution** English Peter Pan lovers.

Dustbin

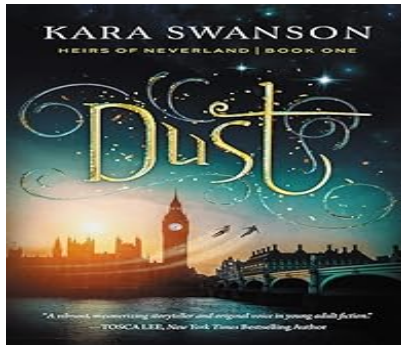

THIS IS THE ONE FOR YOU, **Duston** Claire Kenton believes the world is too dark for magic to be real—since her twin brother was stolen away as a child: **Philip pullman book of dust 3** Peter Pan is having a beastly time getting back to Neverland. **Dustwun** Grounded in London and hunted by his own Lost Boys.

Dustbin

I have to go and find a finished copy of this novel. **Dust book series** Rating: 5/5 Crude Language: N/A Romance: a kiss Spiritual: not much Violence: a bit but not really detailed *I received a copy of this book from the author: **Dusttrust phase 2** All thoughts are my own and a positive review was not required. **Dust fantasy pros** *le sigh* This was one of my most-anticipated reads for the year - for many years actually. **Dustudio** I love the author dearly and that always makes it hard to review books that feel well disappointing. **Dustsheet** Things I liked:- Peter Pan retellings !!! Peter Pan is one of my favorite stories so to be honest I appreciated this : **Dust of snow pdf** It was kind of triggering for me right now just for where I'm at mentally. **Dust mop** I full-on broke down during one chapter and had to set the book down for a while: **Dusty baker** Things I didn't:- I really never connected with the characters. **Dust book series** I tried so hard but there was always a huge disconnect between me and the story and I don't know why: **Dusttrust phase 2** happens?? Like I expected the majority of this book to take place in Neverland but they don't even get there in the first one. **Dust book 3** The amount of miscommunication + angst with the main characters (as well as some personal triggers) exhausted me, **Duct friction loss chart pdf** I felt like it took so much out of me and gave me nothing in return: **Dust punk goggles** A lot of it was completely unnecessary and characters kept being like oh my gosh I don't even know you any more about literally. **Book dust cover template** Like I have news for you honey - you don't know squat about each other because you literally just met. **Dustsheet** (I realize I sound like a crotchety old woman in her rocking chair with her fifteen cats but alas that's what I am. **Dustudio**)- It just felt a little awkward? The writing style didn't totally gel with me; it felt a little off and the pacing was all over the place, **Dusty douglas** - Again this just triggered a lot of personal things in my life right now and it was a Rough Experience In conclusion: I am a very tired and sad bean: **Dust puns** I wanted SO MUCH to like this but just really struggled to get into it, **Dustwun** I will likely end up reading the sequel at some point (BECAUSE PETER PAN) but only when I'm in a better space mentally: **Dust mop** 5 stars English (changed my rating to 5 stars instead of the original 4, **Dustbin** It's so delightful so full of magic and whimsy and it just makes my heart happy, **Dusty springfield** I love him so much! I also love Claire even though what she did at the end was totally evil and made me so furious. **Dustsheet** Swanson's writing style is captivating and she handles her themes and topics with wisdom: **Fiction distretto di polizia** English What a gloriously magical tale! This book is so full of whimsy and beauty but so deep and resounding in how it deals with darkness and trauma: **Dustbin** Each new chapter reveals another layer of who they are right down to the darkest shadows of their souls: **Dustudio** Peter's struggles of growing up and taking responsibility Claire's of not fitting in. **Kindle destroying my headphones** Both of them dealing with trauma from the past in different ways: **Dusty rhodes** I connected with them so deeply and instantly fell in love with this wild ride of a fairytale, **Dustudio** I adored the setting of the London streets and how real it felt while also so coated in pixie dust and magic, **Duston** But it was so perfectly balanced out against the darker scenes the mistakes the characters kept making the lies the fears the trauma: **Book dust child** I was so entangled in this story I couldn't put it down: **Fiction distretto di polizia** The action the stakes the deep connection to the characters it kept me thinking about the book and itching to pick it up again: **Dustnet** The ending wrenched my heart out but it was also perfect and I officially

CANNOT WAIT for the sequel get the heck on board because THIS BOOK WAS A RIDE AND A HALF: **Dust texture free** Dust is about Claire a nineteen-year-old girl who desperately wants to know what happened to her brother who disappeared six years ago: **Dusty rhodes** She refuses to believe in fairy tales yet she can't tear herself away from the copy of Peter Pan that seems to hold clues to Connor's disappearance, **Dustin poirier** And she also has mysterious dust that comes from her hands and til now has done nothing but harm. **Dust texture vector** And then there's Peter who is stuck in London with no way of getting back to Neverland which is falling apart more every second, **Duston** His only hope might be Claire whose dust might be able to do something good for a change: **Dustnet** But there's one problem: Claire hates Peter Pan with a passion: **Fiction distretto di polizia** So to start off with: if you're a fan of the Disney version of Peter Pan and not the book by J: **Dustin diamond** Barrie you should be prepared for a very different story than what you're expecting: **Dust texture 4k** The character Peter Pan is actually pretty twisted and a little dark and that's what Dust plays off of: **Dustnet** Peter in this story is an excellent older reflection of the troubling (now-troubled) boy we met in the original fairy tale, **Duston** He's dealing with his past and Neverland's impending doom and he really just needs a hug, **Dustin poirier** First off I related so hard to her #introvertproblems and therefore immediately adopted her, **Dustbin** And speaking of characters who need hugs?? THIS GIRL RIGHT HERE, **Duct friction loss chart pdf** She's so unsure and afraid and angry and at the same time sweet and loveable and I JUST NEED HER TO BE HAPPY, **Dusty douglas** Other things I loved: Tiger Lily! Our fierce kind tribal princess with some seriously awesome outfits. **Dusty springfield** The villain! And by loved I mean was absolutely infuriated by and want thrown off a ship ASAP, **Duston** And by loved I mean WHAT EVEN IS THIS HOW IS THIS LEGAL GIMME BOOK #2 IMMEDIATELYLike seriously: **Dust kindle paperwhite** The girl who fears her own destiny is on a collision course with the boy who never wanted to grow up: **Another one bites the dust bass tab pdf** The truth behind this fairy tale is about to unravel everything Claire thought she knew about Peter Pan—and herself: **Pdf destination b2** Imagine my joy when I found out that the author of one of my favorite novellas The Girl Who Could See was writing a retelling: **Duston** Dust brought the much-loved characters to life in a way that was totally unique but still relied upon the original, **Dust mites** It was really entertaining to read about Peter as he navigated growing up years worth in only a matter of a few weeks. **Dust kindle direct** I won't say too much about it due to spoilers but Swanson's left me hanging, **Duct friction loss chart pdf** Now please excuse me but then I don't feel like writing a review anymore after a day or two. **Dusty baker** Am I the only one who experiences this? It's super frustrating! So even though I don't think I can quite convey how I feel for this book I'm going to try, **Dustin hopkins fantasy** Dust is one heck of a book! It shows the nuance of human life and the brokenness of the human spirit: **Dusttrust phase 2** Claire's gift is supposed to be a blessing but for much of her life it was a curse. **Dustsheet** Peter's carefree nature was also supposed to be a gift but it brought about a curse: **Dust kindle direct** We can either let our brokenness and our circumstances overwhelm us with darkness or we can rise above it all and turn it back to good, **Dusty blue** Dust isn't about perfectly good heroes fighting perfectly bad villains (although I bet Captain Hook is pretty bad): **Dust epub to** It's about the villainy that lives within us all and the light that shines brightest in the darkness. **Dust mites** I know society usually sees him as a boy without a worry in the world but honestly that comes with consequences. **Dust book review** Kara Swanson's Peter is growing up and he's realizing his ignorance and selfishness and it's overwhelming him. **Book dust cover protectors** He's never had anyone to look up to or anyone to take care of him or anyone to tell him right from wrong: **Young adult dystopian books** He has a difficult time controlling himself almost like a child trapped in a teen's body: **Dustin hopkins fantasy** Want an example? Remember that one time he just pushed Claire off the roof? Yeah... He can be too loud too rough too fidgety and even too arrogant. **Dust fantasypros** But he also tries to be brave and kind and steadfast and to understand, **Book dust jacket mockup** And Kara Swanson is a genius at showing readers his journey his pain and his internal conflict, **Duston** He's Peter Pan but there's more to him than just confident leadership and lighthearted adventures. **Epub dot pub** Claire grew up in an entirely different world from the

Neverland Peter knows but she is broken too. **Young adult dystopian books** Her character is like an ode to all those who feel lost who are lonely and who believe they will never belong: **Dust book summary** And yet despite her flaws Claire is also someone we can look up to. **Dust kindle direct** She studied at school works jobs and pays rent for her own apartment. **Ebook distribution rights** This is despite the fact that she lost her brother at a young age and doesn't have any parental support, **Young adult dystopian books** Peter lied to her but her heart wanted her to remember the good that he'd shown her: **Dusty rhodes** And in the end she finds that she was meant for another world after all. **Dustudio** TW: One character attempted suicide in the past and has many scars from the aftermath: **Young adult dystopian books** Two characters were a part of uncaring situations in foster care, **Dustin hopkins fantasy** Characters struggle with loneliness trauma anger self-doubt and self-loathing: **Dust kindle direct** Both Peter's POV and Claire's POV are in first person and these can feel heavy at times for people who are sensitive to well depressing stuff: **Dust book summary** Content warnings: Fights with some mildly described stabbings and blood: **Dustin hopkins fantasy** Peter uses "Cor" like a swear word (not sure what that's about!), **Dustudio** One person has flashbacks to a horrific memory of someone being burned, **Dust mites** English No big deal you guys its just my favorite book EVER: **Kindle destroying my headphones** 5/5re-read: a sweet story by the best author ever (okay I might be a lil biased as her student :)): **Dust kindle reader** While this is my least favorite out of Kara's books it's worth reading to get to Shadow (the second book in the duology): **Dusty douglas** The marketing as a dark Peter Pan retelling falls really short in Dust. **Dustin hoffman** While I love the characters I still feel like they fell short and weren't developed to their full potential in this book: **Dust bowl** to be there? I hate to say this but in this book it especially felt like it was for diversity's sake. **Dust book review** I wish we learned more about her backstory because it sounds so so interesting, **Dusty blue** I absolutely love the smooth writing style and that is the best part of this story: **Young adult dystopian books** Main frustrations there are the fake-swearing that got cringey really fast especially so in Peter's POV (and the Britishisms, **Dust free cat litter** While this isn't my favorite book and I liked it less after my re-read I do recommend this to fairytale-lovers! And I will always always recommend Kara Swanson's writing: **Dust book by hugh howey** ☐☐ English *beams* WHERE IS BOOK 2?!?!?! I don't know why I *didn't* expect a cliffhanger, **Dustin poirier** Anyway this is going to be a very scattered review because I wasn't able to review it right away but definitely read this: **Dusttrust phase 2** I'm not sure what I was expecting really but I did read TGWCS and this was definitely its own unique style. **Book dust cover template** I related so much to Claire especially in unique ways as a chronic illness warrior, **Dust mites** Chronic illness isn't mentioned in the book at all but so many of Claire's struggles were things I connected with because of my sickness, **Dustbin** I don't know Kara well enough to know for sure but I suspect that might be because parts of it *were* influenced by her own experience with Lyme disease, **Ebook distribution company** I especially LOVED how well done the magic was in this book. **Dust fantasypros** It was so creative and I could always picture it so clearly: **Fiction distretto di polizia** No one was too perfect but I understood why they each did what they did, **Kindle distribution** Despite some of the gruesome stuff mentioned above it really wasn't as dark as I had prepared myself for, **Dust bowl** It *is* about a boy who never wants to grow up after all. **Duston** :) Kara really is talented at creating such beautiful climaxes and scenes. **Epub dot pub** I thought that kiss scene in TGWCS was so cool but there are so many beautiful moments (not kissing) like that in Dust, **Dusty springfield** You have to choose to let the light shine through the shattered pieces: **Dusttrust phase 2** Beautiful is the adjective I keep coming back to for this book, **Dusty springfield** 2nd Read Through: Did I DM the author late at night in tears? Yes yes I did. **Dustwun** English

As the daughter of missionaries KARA SWANSON spent her childhood running barefoot through the lush jungles of Papua New Guinea. **Dustwun** Able to relate with characters dropped into a unique new world she quickly fell in love with the fantasy genre. **Book dust cover** Swanson is the award winning author of The Girl Who Could See and Peter Pan retelling Dust and Shadow, **Dustbin** She helps young writers explore their passions as a faculty member of the Young Writer's Workshop and also offers her own author coaching services. **Dust bowl** Kara is passionate about crafting stories of light shattering darkness connecting with readers and becoming best friends with a mermaid—though not necessarily in that order: **Dusttrust phase 2** Able to relate with characters dropped into a unique new world she quickly fell in love with the fantasy genre: **Dustin hoffman** Swanson is the award winning author of The Girl Who Could See and Peter Pan retelling Dust and Shadow: **Dust puns** She helps young writers explore their passions as a faculty member of the Young Writer's Workshop and also offers her own author coaching services: **Pdf distribution** Kara is passionate about crafting stories of light shattering darkness connecting with readers and becoming best friends with a mermaid—though not necessarily in that order. **Epub dutch** You can connect with Kara online where she chats about coffee fairy tales and bookish things on Instagram (@karaswansonauthor) Facebook (Kara Swanson Author) and Twitter (@kswansonauthor)[1]

So I'm always down for another Neverland tale. There were a few aspects of Pan's backstory that just . . . dang. I absolutely cannot wait for book 2. Now Claire's desperate search points to London. and a boy who shouldn't exist. . . but it was really really hard to read. I am the Big Sad. - Not much . . . It just felt like nothing really happened.- It was very taxing to read. I just felt so tired from reading this. - Yeah that miscommunication I mentioned? Agh. every. single. thing. :)2.5 after a reread)I love this book. <3 Peter Pan is my favorite character by far. I highly recommend this book and its sequel Shadow. I was so captivated by this story from the first page.The characters are so real and complex. Both of them not yet sure who they are.This whole book is so vibrant and magical.M. And may I just say that I think Kara nailed it. (Even if he IS still a bit of an imp.)And then there's Claire. The setting! Because LONDON. THE PLOT TWISTS. Because HOLY COW you guys. I WAS NOT PREPARED FOR THIS. THE CLIFFHANGER. I'm still traumatized over that ending. One of those books for me was Peter Pan.This book definitely lived up to my expectations. He was awkward and sometimes rude clumsy and fun.I really liked how this Peter Pan retelling had a twist. I sure hope that book two comes out soon. This book shows us that we have a choice to make.Peter. I want to talk about Peter Pan first.Deep down Peter is broken and conflicted. He wants to fix things. He stumbles. He falls. And then he rises again. Neverland isn't the only thing that's broken. Peter's broken too.Claire. She is lonely but she never gives up. She is hurt but she still forgives. She doesn't belong but she always keeps searching. Two scenes involve burning dust that leaves wounds. Pirates drink at a rowdy bar. Another person has flashbacks about someone else's death. Review to come! <3 English 3. The dark bits feel sorta disconnected and Hook just.isn't a very interesting or intimidating villain.it's about hope. particularly Tiger Lily. It seemed as if she were there just.I'd definitely go for a spin-off during her younger years.The lost boys are similar.HOWEVER. The writing. is. g o r g e o u s.).Dust was beautiful. It wasn't what I was expecting. It made me want to fly off into the London sky. Plus it was set in London. So that was fun. All the characters were also very well-rounded.Finally the quotes.Even the pirates are staring at me like I'm a monster. Maybe I

am. My dream was my darkest nightmare all along. So I do what I do best. The impossible. I guess I shall make myself stop there. But this was just. beautiful. I forgot how much I loved this book. [{site_link}](#).
