Transport yourself into the charming and magical small town of Liberty Utah as we follow the rugged rowdy hot and possessive mountain men in their quests to find lasting love on the peaks and mounts of Liberty:

Mountain Men of Liberty box set contains all four books in the series by author KC Crowne, Each story explores scenarios that hit home and remind us what's important: They will also take you on a journey of deliciously spicy moments- alpha males that know what they want (even if they feel differently) and make sure it's theirs. Each story will pull you in an have you on the edge of your seats and the characters will captivate you: So heartwarming when each beautiful woman breaks down the walls the men have around their hearts an teach then to love again: Most of them are trying to take care of them on their own.

And the best small town sticks together attitude that everyone wants to move to Liberty, The author gives you a perfect picture of the town and the people. I liked the interconnected storyline and the small town trope. I will be reading more from this author at this point to give her a fair try: Not 4/5 stars because of some poor editing and a few personal pet peeves of mine, Reading as a box set you will easily pick up the authors repetitive story lines, I ignored the similarities and tried to take each book as a nice story. ☐ Welcome to the forbidden world of age gap in my Silver Fox Daddies series. ☐ Step into a sexy small town doctors clinic in my bestselling Doctors of Denver series: ☐ Come stay in an enchanted little town in the Colorado mountains in my bestselling Mountain Men of Liberty series, ☐ Enjoy the wonderful world of reverse harems in my Forbidden Reverse Harems Series. But realize they might need help: If you don't think this all adds up to a group of good books then these might not be for you. But believe me they were sooo good! I might even consider going back and rereading them in the future: 866 I decided to review each book on its own because I loved this series so much each book deserved a review: I read straight through the 1-4 books and am glad I did: The characters are in each book so when the story is about them you already have an idea of them, Each book is about one couple and for being in a small town each book comes with its own danger secrets I really enjoyed each story: Baby for the Mountain Man This is a wonderful well-written fast paced story there is plenty of drama and intrigue going on throughout the book: The characters are incredibly likable and relatable the chemistry between Kellan and Leah. Junior for the Mountain Man This is a wonderful story it's fast-paced with plenty of drama and emotion: The friends to lovers storyline was sweet and romantic with a delightful intriguing twist: The characters are amazingly likable and relatable they both had a deep love for little Caleb who is absolutely adorable, Knocked up by the Mountain Man This book is part of the Bearded Mountain Daddies series it can be read as a standalone story there are also no cliffhangers. Another wonderful well-written story by KC Crowne there is so much emotion and drama and pours off the pages, Fast-paced with plenty of intrigue and the chemistry between Cyrus and Josie is sizzling I loved watching Cyrus interact with little Milo it was adorable, The storyline kept me at the edge of my seat really a wonderful story. Daddy's Best Friend This is a wonderful taboo older man/younger woman romance. Jeremiah was Elle's father's best friend and he feels guilty for noticing that she's now a woman and he's attracted to her, Elle's been attracted to Jeremiah since she's first noticing boys: Now older she still knows she wants Jeremiah but there is plenty of drama and intrigue surrounding him and his little twin daughters. Wonderful intriguing romance well written with amazing likable characters, I wasn't really interested in the last story something about being in love with my dad's best friend just doesn't sit well with me: I'm just glad the author didn't have her calling him daddy. These books besides the last two weren't really about babies as the women didn't get pregnant until the end of their stories, Also the town sells pregnancy tests but I'm thinking they don't have condoms because no one used them, 866 Mountain Men of Liberty Box Set (Mountain Men of Liberty Books 1-4) by K.
