His first approach to Nova is creepy but it's hilarious and cute too: He makes her look online for houses and immediately moves them there. KNIGHT IN SHINING KILT I'm still drooling over Baylor's sexy Scottish accent: I'm in agreement with Nova on that there is nothing sexier than an accent. I'm a huge sucker for books where the guy is a billionaire successful businessman and sweeps the down on her luck lady off her feet: Add in Baylor's sexy accent and the HOT intimate scenes and you better believe this was a book for me! Kindle Edition I'll be honest I'm a little sad, I enjoyed this story a lot!! My problem with it was well the way Baylor's accent was rough for me to sometimes read: Baylor aka hot random Irish man has been obsessed with finding the girl who ran away from him, He knows she is going through something and all he wants to do is protect her: So he spends the next day or two looking for his girl: While walking along the street a strange man stops his car next to her and she runs off: After that he comes to Nova's rescue the next day and the rest is history, Baylor is so alpha male I love how he takes charge and treats Nova like a princess right off the bat. Nova is such a sweetheart her and Baylor are a perfect fit: If you want something short and sweet I recommend this book: I received a free copy of this book and am voluntarily leaving a review. Kindle Edition Baylor and Nova So many times through this story it made me smile. Kindle Edition I confess I am a complete goner for a guy with red hair so much so that I married one, Baylor is definitely book boyfriend material he is just too hot for words, Nova is such a sweet girl put in a terrible spot by a person she trusted, She leads Baylor on a merry chase when she is too wary to take a chance that the safety she feels around him is real: So hot and steamy yet so caring and protective I couldn't help but love Her Scottish Savior: Another fabulous tale from the talented Shaw Hart! Kindle Edition.
