Reckless Conduct (Cabrini Law #4) Gay romance author living in the rainy Pacific Northwest who adores strong alpha men rugged cowboys blue collar smokes shows mortal enemies and childhood friends who will make you SWOON when they fall in love! 4 reckless stars! Sorry for the cheesy title ☐ I don't think I awarded the stars recklessly. **Reckless conduct endangering death** Definitely one of my favourite characters in this series especially because of all his crazy antics ☐ The case was a little underwhelming but seeing as its not exactly the main story I'd let that slide a little but still. **Reckless conduct florida** Wished we had more meat in it but welp and that is amazing because normally I am not the biggest fan of cop or lawyer books either they are boring for me or they are full of action and thus lacking in the romance part. **Book Reckless conductor** Although he shines as a detective he has a tendency to forget that he needs to eat and sleep and shouldn't try to kill himself with some Rambo-type actions whilst on the job. **Suspense Reckless conduct** I decided on a down rate from 4 simply because Miguel is such a babe! And it's nice that the author always includes the guys from the previous books in some form! Reckless Conduct (Cabrini Law #4) That was another absolute cracker from Parker I'm running out of ways to explain just how much I love this series from Parker St John. **EPub Reckless conductivity** Despite the connection both men forged during a pivotal moment in their lives years ago Fate took them on different paths - Ray becoming one of the best but crankiest detectives on police force while Miguel becoming the attorney and trying to make a difference at Cabrini Law Clinic. **Reckless conduct endangering death** From adversaries to reluctant partners from friends to lovers Miguel and Ray needed to learn each other how to be together since both men were complicated and full of memories that weighed them down, 5 Reckless Conduct (Cabrini Law #4) We finally got Miguel's book and it was just as great as I thought it would be: **Suspense Reckless conducted** Miguel has been a constant character through most of the books and he's always been stealing the show whenever he showed up, **Reckless conduct texas** My expectations for this book was sky high and I didn't get disappointed. **Reckless conduct il statute** The suspense plot line took the backseat for the romance and banter between Miguel and Ray, **Reckless Conduct kindle app** Reckless Conduct (Cabrini Law #4) Another great installment of this outstanding series: **Reckless conduct il statute** I really love every book and every story here.

been popping up in this series right from book 1. **Reckless conduct il statute** He is a carer and a nurturer who loves to look after people a genuinely nice guy and a happy soul, **Reckless conduct texas** It's obvious they're made for each other just that Ray isn't totally out and doesn't want to invest into anything that involves feelings even vaguely: **Reckless Conduct suspense date** I enjoyed this book just as the previous ones but the mystery plot is not the strongest imo. **Reckless Conduct kindle unlimited** The romance mainly consists of Miguel chipping away at Ray's reluctance to have a relationship until he gives in: **Reckless conduct endangering death** On the face of it there's nothing new or unusual about these stories but each one has that undeniable quality which makes them a success. **Reckless conduct endangering death** This fourth book gives us Miguel's story and it's a doozy given his former SWAT background. **Book Reckless conduction** I loved how much Ray needed Miguel's absolute care even though he was scared to admit it, **Reckless Conduct kindle direct** Their shared history is one of trauma but also support and understanding: **Reckless conduct endanger serious injury jcv** Throw in sneak appearances from the rest of our happy couples and I was beaming all the way through this book: **Reckless conduct causing death** **Reckless Conduct (Cabrini Law #4)** The fourth book in Cabrini Law series features less known characters of Ray Travis and Miguel Acosta, **Reckless Conduct epubor** To the outside world Ray seems to be a daredevil hardass detective who puts criminals away no matter what, **EBook Reckless conductivity** Ray is a study of contradictions - artist at heart who never felt good enough so he gave the job that chose him his all while his life went by. **Reckless conduct il statute** He needed someone who would care for all his sharp angles settle his reckless nature and help him slow down, **Book Reckless conduction** Ray resisted so hard but there was no stopping the force that was Miguel, **Book Reckless conductive** Miguel grew up in a big loving family but mistakes of his youth left scars that would always remind him where he came from, **Book Reckless conductor** When his nephew seems to try and follow in his footsteps he has to intervene and come face to face with the man who will not leave his head or his heart, **EPub Reckless conductive** I loved Miguel's steady presence in Ray's life his kindness and the way he put everyone at ease: **PDF Reckless conducting** I liked that there were several suspects that made sense who were the culprits, **Reckless conduct nh rsa** The author showed that police investigation was not only glamour and wild chases across town but inordinate amount of paperwork and following up empty leads. **Book Reckless conduct disorder** I liked that Miguel saw right through Ray and knew what he needed despite denials and resistance: **Reckless conduct endangering death** He saw the vulnerable man who needed someone to take control to let him be and not think: **Book Reckless conducted** Well Ray needed a smack on the back of his head now and then but he figured it out in the end. **PDF Reckless conduction** Another fast paced suspenseful story full of loyal friends strong willed men falling head over heels in love and dangerous pursuits: **Reckless conduct florida** Copy received for my honest and unbiased review **Reckless Conduct (Cabrini Law #4)**

Sometimes you can't win everything eh. **Reckless Conduct (Cabrini Law #4)** 3. I appreciated that since it's usually the other way around. I need more books in this series ASAP. Miguel Acosta grew

up rough. But the ghosts of his past are never far away. Ray Travis has something to prove. The spark between them has almost gone cold. but it ignites again with just one touch. Miguel swears he'll save Ray from himself. Ray swears he won't take Miguel down with him. He'd watch the city burn first. It contains an HEA and no cliffhangers. I liked this. Parker St John clocks another win. It was nice to finally see his story.slightly underwhelming.I love the action/adventure part I love the romances. My favorite was definitely book 4 - Reckless Conduct. Reckless Conduct (Cabrini Law #4) ***4.5 □*** Reckless Conduct (Cabrini Law #4) Meh. Ray is just a mess inside and out. Something didn't feel quite right about it all.This is a clear 3.5 stars rating. But there is more to the man than his job. The murder case got tangled by the minute. Their dynamics was natural. I enjoyed it
