

Angel Unchained (SciFi Prison Romance Book 1) By J.S. Wilder :

I loved it! I received a free copy of this book via Booksprout and am voluntarily leaving a review. Samantha and Knox are a great pair I enjoyed reading their relationship form, Together in prison on the prison planet they work together to survive. I enjoyed the storyline look forward to reading more of this series, 133 You've been imprisoned and tortured for literal YEARS how dare you not instantly trust me! Is not a good look for ANY lead of ANY gender, 133

This was an interesting quick read about a human woman sent to an alien prison on trumped up charges, Samantha was thrown into a cell with a huge alien that the jailers tortured daily, Knox looked like an angel and the guards wanted him to impregnate Sam, I enjoyed the characters and premise although I would have liked to have more detail about this world: I received an advance copy of this book and voluntarily left a review. 133 This is the first book in a new series and also my first time reading this author. The plot is entertaining.

The first book in the SciFi Prison Romance series a well written start to this new series, I received a free copy of this book via Booksprout and am voluntarily leaving a review. Going into it I was intrigued but I wasn't sure if I'd like it or not, Some unexpected twists to the plot made it so that my interest was maintained, It's a fairly short read and didn't take me much over an hour to read cover to cover. I received a free copy of this book via Booksprout and am voluntarily leaving a review. 133 A must read book! Samantha teaches aliens how to drive unfortunately her boss have her a cheap car and it doesn't have a brake, This books is full of action and some torture a lot of steam and love, Great read! 133 This is my first book by this author, The premise of the book had sparks of originality but in my opinion was not executed well, The male protagonist appeared interesting but it was his guilt that became annoying and then how he quickly gets over it and falls for the female protagonist was unbelievable, The female protagonist is really naïve in believing that justice actually existed then and now, (The one with the most \$\$\$ can afford that commodity which she quickly learned the hard way). Points for that! 133 An intriguing story with paranormal aspects: I liked how a simple everyday occurrence sets off an unbelievable journey for the lead character. I requested a copy of this book so I could provide an honest review. 133 Angel Unchained (SciFi Prison Romance Book 1).

. 133 A Good Story to pass the time with. There is suspense drama danger villains and romance. I want to read the next book. This is a new Author to me. 133 This is a really unique story. However and the characters are well written. The kid she is teaching wrecks the car but blames her. She's tossed into prison with an alien Angel cell mate. Knox is not af and he is beaten daily . They want him to breed Samantha. But she actually kicked some ar\*e and saved her man. It was imaginative and entertaining to read this book. The author played on my emotions. I liked this book
