Like the energizer bunny. She has a knack for seeing how the pieces fit together. I am an ARC member and this is my honest review. Mary and Donna you two rock as team writers. 340 BETTER THAN THE PREVIOUS BOOK I said. that will never buy another book from this series but. I'm glad I broke the promise. This book was way better but still in the 3-4 range. The Characters. Jillian is becoming a really interesting character. Her development leaps over everybody. She's becoming the brains of the series. She thinks discards and yes guide Kline. The Story. With every chapter new details are being discovered. Isn't a deep trigger events but is clearly exposed. I had high expectations for the next book. This is a continuation of Cold Truth. Ellie begins to remember her kidnapping in greater detail. Money really can buy anything. On to "Cold Threat" book 3 in a series of 9. Not sure if I will continue or not. Good story but not sure if that compelling. Provocative characters that keep you guessing. Non stop action. Storyline moves quickly and you can't put the book down. I received ARC copy and this is my honest opinion. 340 Really intense. I loved reading it but hated the way it ended. These two women are on a roll. I can't wait to find out what happens next. 340 Hunt or be hunted. And it's not the first time. She has to find him stop him. Scared sure but she just needed to know. Needed to see with her own eyes. Scared sure but she just needed to know. Needed to see with her own eyes. This isn't to say she's a loner. Come on open a book. Mary dares you to look under the bed with her. {site_link}.
