### **Mystery Blood and treachery runeword**

Notes: Another great addition to the series. It's more like a story in progress that you can watch. D. Kirk that I have read in the last few months. Like Mayhew and Smith Kirk publishes under various names. Hutchison. Both series under the pen name J.D. This one was another great read. It'll be a massacre. And Logan's struggle with the drink was masterfully written. But soon the pieces are not fitting well. I just could not put the book down. D. Kirk. It is an excellent crime thriller and a great mystery. It is a good read in an excellent series. I highly recommend it. For me this one felt a little too easy. In fact it was not overly shocking at all. 5 Stars plus. You will not be disappointed with this series. D. Kirk. At first DCI Jack Logan did not know why he died. I recommend this book. It'll be a massacre. At least I do. This was as good as all the others. J.D. Kirk writes these crime thrillers consistently well. And then I read the next one. Suspenseful with unexpected twists
