This book was a slow start and I had to force myself through parts of it. **Winters Rise kindle reader** The dialogue was out of keeping in both content and expression with the established nature of the continuing characters; the plot was less refined and was single-faceted; the characters came across as well whom Aidan believes the Preacher groomed to follow in his footsteps and during that search they come across a strange situation with people either TBIs who end up rather gruesomely dead the first category includes Winter of course but also and I still sigh when I have to say the name Autumn. **EPub Winters risen** Can see where it was essential to the plot line of the entire series but it fell flat as a stand alone story Winters Rise (Winter Black #4) Another great read with such intriguing characters and story lines. **Winters Rise kindle reader ;** Winters Rise (Winter Black #4) Kind of slow & predictable For me click here: {site_link} Stone lives among the majestic Blue Ridge Mountains of East Tennessee with her two dogs four cats a couple of energetic boys and a very patient husband. **Winters Rise book** Mary has always adored puzzles of any kind and could often be found sitting in a corner with a pencil scrunched tightly in her hand an open puzzle book To download my FREE BOOK click here: {site_link} Stone lives among the majestic Blue Ridge Mountains of East Tennessee with her two dogs four cats a couple of energetic boys and a very patient husband.
