She kicked H in the balls right after she made him think that she was going to BJ him after whipped it out & demanded a BJ). **Hating youforce** Yet she knew her limits & didn't push too much so she wouldn't jeopardize her beloved older-sister's mental rehab treatment per her agreement with their cold-hearted social-climbing father. **Hate you more book** Loved that she accepted the sacrifices she had to make for her suicidal rape-victim sister but clear that she hated it and wanted to move past her current martyr role to complete independence from her dad once her sister was safely-established in her treatment facility. **Hating you dating you** Liked that H's cruel vengefulness was tempered with some guilt over hurting h & his long-time obsession with her so he'd had to force himself to remember his brother she & her sister sent to prison 2 years ago for raping her sister. **Hating youforce** Good romance & emotional development.

DNF @ 36%This isn't working out for me :/ While the MMC is quite mean (what I want) there's no punch to this story. **Hating your parents** Revenge runs rampant within Parker's veins he hates Willow with a vengeance she ruined everything not only the life of his brother but his too all because of one little lie but that lie had consequences and like a domino effect it changed a lot of lives. **Hating your body** It was hot it was gritty it made me squirm it made me question my morals but fuck it those died long ago with what these authors throw at us lol BUT as a side note if you've read Sam Mariano's Untouchable book there is a scene which is similar to that where the boys take things up a notch in the classroom. **Hating your partner** " 204 My lips tip up at the sides and I'm sure I look like the monster (□□□) she portrays me to be in every way. **Hating your ex quotes** The GOOD: \*\*\*SPOILERS\*\*\*Good combo of 18yo virgin college-student h's goodness & innocence with grit & sass & what made 18/19yo popular college-student H's cruelty to her more bearable because she

often fought back even with sarcasm when she didn't have much of a choice with H. **Hating you loving you** And then the angst from both H&h learning the truth re: who was involved in the rape of her older sister (\*\*it was H's bro after all plus their mutual friend who tried to rape h later too but H's bro didn't wear a condom unlike his friend so his DNA evidence landed him in prison 2 years ago while the friend left free\*\*),

Beck and Cassandra Hallman.I love their writing style. Its a mess. Not even the twist at the end can help. Nothing can save this book.L. Beck's 'Blackthorn Elite' series. Spoken in 'Dual Perspectives.' In this we meet Parker and Willow.L. Loved H's alpha-dominance & stalkery obsseion with h. Good S chem/hot S scenes.Sexual History:Not much info on virgin h's dating life. They heard but didn't see.L. Beck. Email: jobeck0813@gmail.L. Beck. Email: jobeck0813@gmail. There's some telling in the narrative that's rather OTT. The dialogue feels.stilted? Or maybe overdone? idk. This feels easily forgettable. I'm on a roll with dnfing new adult books. Willow and Parker were like fire and ice. My anticipation grew with each turn of the page. Stockholm syndrome and all. What I found out this book is a FSOG wannabe. Its so bad. They own the school they own the people. no No one will help her. She's on her own. "Yes but you like it." Deep shit right here kids.Implying that.e. Same thing happened later.
