The Cecil HotelVery interesting book. Very well written. Worth the time to read. Held my interest. Much more interesting because it was non fiction. I would recommend. It is a non-fiction book wrapped in fiction. That is weird and creepy. The Cecil Hotel has always fascinated me. I wish there was more in-depth history about it. I enjoyed this read.I loved the nonfiction part. The fiction part? I didn't enjoy that as much. (The Cecil Hotel is interesting enough. You don't need to add more. The story flows seamlessly from beginning to end. I highly recommend it. Unfortunately this book is just very badly written. Poorly edited and amateurish. A damn shame because I really wanted to like this book. for me this was really bad. Like I had written this myself kinda bad. Wouldn't recommend. True Crime Historical Fiction Nonfiction.
