The Werewoman Experience (Part Three Conclusion): A Sultry Story of Recreational Gender Bending and Feminization via Werewoman Pills (The Werewoman Experience Book 3) O M G Whenever I read a series of books I rate the first two then write it up at the end!!! I was stunned at the ending: When getting to the end of the book I was hoping Andrea and Eve would possibly get together some how: then Roe said Evelyn said to say hello - I was over the moon!!! Needless to say I have a new favorite author ☐ Zoe Brown.
