

Once Upon A Time In Sri Lanka (A Kiwi Gypsy Mystery) By M.D. Abbott **Once upon a time... online book** The Boss Rules! I hope there will be more Travelogue adventures for the dynamic duo! I received a free copy of the book from the author and I am thrilled to be able to give you my honest review. **Once upon a time... online book** Abbott A beautiful look into a way of life and a place new to me through stories of a couple in Sri Lanka dealing with everything they encounter as they go about their day. **Once upon a time... online book** It was filled with delightful descriptions of places totally different from anything I've ever seen before people who proved that people are basically good the world over and it proves that no vacation is without its ups and downs. **Once upon a time... online book** Abbott's descriptions are detailed enough that it is easy to picture the scenes he is describing but not so detailed that the reader begins to feel bogged down by the weight of it. **Once upon a time... online book** Oh and his love and respect for The Boss are almost palatable! So if you are looking to visit an exotic land without having to leave home check out Once Upon a Time in Sri Lanka:

### **Once upon a time... online book**

The things you may find and experiences are second to none. **Once upon a time... online book** A fabulous book that shows you life in a place we may never visit ourselves: **Once upon a time... online book** And you will believe that you have visited an enchanting part of the world: **Once upon a time... online book** I received an ARC from the author and I offer you only my honest thoughts and feelings in this review: **Once upon a time... online book** Abbott Up close and personal An in-depth view of a month-long stay in the island country of Sri Lanka, **Once upon a time... online book** You can sense the severe heat.

## **Once upon a time... online book**

{site\_link} post a comment Once Upon A Time In Sri Lanka (A Kiwi Gypsy Mystery) KiwiGypsy and The Boss take on Sri Lanka, **Once upon a time... online book** I'm a fan of Mark David Abbott's John Hayes series so I was intrigued to read this travel story: **Once upon a time... online book** I was not disappointed! He brings the country and the places to life and the humour?, **Once upon a time... online book** The fascinating descriptions and scenes have you right there beside them: **Once upon a time... online book** the smells of the foliage the hardships witnessed always finding that no matter where you are most people are good. **Once upon a time... online book** You feel the love the couple have for each other and they offer that love and kindness every where they go, **Once upon a time... online book** You must take care when dealing with folks as good and bad exist no matter where you are: **Once upon a time... online book** But if you dare to trust a little the somber views of war-torn areas almost smell the various fragrances in the air, **Once upon a time... online book** The disconcerting way one area can be serene and another be hectic and stressful: **Once upon a time... online book** These are all things one would experience on an adventurous journey of this type, **Once upon a time... online book** Abbott I received a review copy from the author at my request and this is my honest opinion. **Once upon a time... online book** Because travelogues are usually not my cup of tea I was a little bit hesitant to accept a review copy from the author. **Once upon a time... online book** However I have thoroughly enjoyed every other book of his that I have read so I thought I would take a chance: **Once upon a time... online book** Neither does it feel as if the author is writing simply to fill up space, **Once upon a time... online book** His love for the land and people he is describing comes through loud and clear. **Once upon a time... online book** I enjoyed the feel and flow of this book and the stories within. **Once upon a time... online book** It's always interesting to peek behind the curtain and learn about new places. but we can there through the author's words. Interested? Take a quick visit to Sri Lanka. without traveling at all!! M.D. The reader can completely envision this beautiful place. M.D. Well written and fully engrossing. M.D. I'm so glad that I did. Mr. I highly recommend it. M.D. Abbott This was like stepping into a whole new

world. This book did a great job of capturing the culture. M.D. Abbott
