I can't wait for Jess' next work! English Left destitute by her late husband and under pressure from his family to vacate her home Imogen Huxley sees no other option but to seek out a lover to protect her. **Book The Redemption of a rogue credit** She was never comfortable with her decision to seek such a man at a notoriously seedy establishment but when she sees a dead body and recognizes the two people discussing the murder she flees for her life. **Historical Fiction The Redemption of a rogue credit** As one of the many infamous illegitimate children of the late Duke of Roseford Fitzhugh has tried to distance himself from that life determined to keep a wall around himself and not let anyone get too close. **The progress of redemption** \* I cared about the main characters and hoped they would find their HEA\* Will & Joanna\* Seeing some of the other characters from previous books\* The steamy scenes\* That the murderer was taken down\* Love this author book and series \* All of it really except...What I did not like: \* The evil murderer and his colleagues\* Knowing that the evil in the story still occurs today Did I enjoy this book? Yes Would I read more in this series? Definitely Thank you to NetGalley and the Passionate Pen LLC for the ARC - This is my honest review. **The Redemption of a rogueryyce** Imogen Huxley was already questioning her decision to seek out a lover at a notorious brothel but never more so than after she witnesses a murder! She flees for her life and runs right into the arms of Oscar Fitzhugh a mysterious club owner. **The Redemption of a roguery** The Redemption of a Rogue (The Dukes By-Blows #4) Series: The Duke's By-Blows #4 Publication Date: 10/13/20 Number of Pages: 246 From the exciting first page through the final sigh-worthy epilogue this book kept me riveted to the page. **Book The Redemption of a rogue** Her husband's family would put her out immediately if they found she was looking for a protector at some of the nicer establishments so she ended up at The Cat's Companion a brothel of the worst sort. **Book The Redemption of a roguelike** I am okay with most levels of steam in a book but at times I felt as if the danger to Imogen was just there to provide a couple of filler scenes between the sex scenes. **The Redemption of a Rogue epub** I'm sure it was used but I'm also sure it wasn't used as freely as it seems in some

of the new historical romances I'm reading - and I'm also sure it isn't used as freely in mixed company. **The Redemption of a Rogue ebooks pdf** English 'The Redemption of a Rogue' begins by introducing Imogen Huxley who is seeking out a lover at a notorious brothel for protection but accidentally witnesses a murder before fleeing for her life and runs right into the arms of Oscar Fitzhugh (literally) a rival club owner who unknowingly is investigating the death of his former mistress. **Historical Fiction The Redemption of a rogue credit** They were hot don't get me wrong but Oscar periodically will claimed that he enjoyed rough sex—spanking choking dominating his partner in bed and there was little of that in this novel. **EPub The Redemption of a rogue lineage** It had the perfect blend of drama damaged characters broken familial ties steaminess hot chemistry and scenes that will have you saying woo-wee! English The Redemption of a Rogue The Duke's By-Blows Series #4 Jess Michaels <https://www>. **The Redemption of a Rogue book 1** Imogen Huxley was already questioning her decision to seek out a lover at a notorious brothel but never more so than after she witnesses a murder! She flees for her life and runs right into the arms of Oscar Fitzhugh a mysterious club owner. **The progress of redemption** When her husband died and left her penniless his family was far from sympathetic they told her she could stay in their care for her year of mourning and then they were done with her so with no family and no skills Imogen decides that she has no choice but to become a courtesan. **The Redemption of a roguerxyce** Terrified her husband's family will learn of her actions before she can find a protector and kick her out she looks for a man in some of London's seedier brothels including the Cat's Companion. **Book The Redemption of a rogue cast** It is there where her life takes a turn from bad to worse when she sees the madame Maggie and the Earl of Roddenbury standing over the body of a dead woman and overhears them discussing the fact that the earl killed her and that she wasn't the first Imogen gasps and draws their attention to her - she takes off and runs out into the alley where she runs right into the arms of Oscar Fitzhugh. **Rogue lineage roblox compendium** He and Louisa parted ways when she fell in love with him and wanted him to love her in return when he made it clear that he was not capable of love she left him and not long after he got word she was dead. **EBook The Redemption of a rogue lineage** Unable to turn his back on her he whisks her away to his home and when he learns what she witnessed he knows her life is in danger and believes the Roddenbury is likely responsible for Louisa's demise as well. **Book The Redemption of a rogue cast** Imogen agrees but it is obvious that neither one of them is going to be able to abide by the terms especially when things with Roddenbury escalate and Oscar is forced to face his feelings not only for Imogen but for Louisa and his siblings as well. **Kindle The Redemption of a rogue book** Oscar might be one of the most emotionally suppressed heroes I have ever read he has such a good heart and cares deeply but he refuses to name his emotions thinking that if he doesn't admit to them they can't hurt him but once he meets Imogen the wall he has always used to keep his feelings in check begins to fall apart. **Historical Fiction The Redemption of a rogue credit** The story is full of mystery emotion great secondary characters including cameos from Selina Derrick and Nicholas and well as Lucas and Diana from the 1797 club a really nasty villain steamy love scenes and finally a very touching declaration scene leading to HEA. **Book The Redemption of a rogue cast** \* English

She is lucky enough to be married to her favorite person in the world and live in the heart of Dallas, **Kindle The Redemption of a rogue credit** She has written for numerous publishers and is now fully indie and loving every moment of it (well almost every moment). Oscar protects her. There is so much passion between them. I could feel their connection from the beginning. This series was really good and I enjoyed them all. I'm excited to see what is in store next. \*Received via Netgalley in exchange for an honest review. This in no way impacted on my view. This was an excellent conclusion for this series. She was so bold about it and I loved that. All thoughts and opinions are my own. She runs into Oscar and he insists on helping her. Couldn't put this down. Definitely a book you will want to re-read many times. He hasn't wanted to associate with any of his siblings. I liked her. As I got to know him I liked him more and more. But Imogen is too intriguing not to protect and seduce. Danger is at every turn pleasure in each touch. If he finds them all will be lost. Heat Level: Very sexy and a little frisky. Uh-Oh. He has a huge sense of guilt though. While I loved Oscar Imogen was the one to watch. She was strong and determined. She wasn't going to let Oscar get away with anything. I just really liked her. However I didn't understand her choices. She was unquestionably a lady - born and bred. All thoughts and opinions are my own. Wowza. The only let down were the sex scenes. [facebook.com/JessMichaels](https://www.facebook.com/JessMichaels). But Imogen is too intriguing not to protect and seduce. Danger is at every turn pleasure in each touch. If he finds them all will be lost. Heat Level: Very sexy and a little frisky. Since he was named then introduced I was curious about Oscar. As his mother described him he is broken. Eager to learn more of the ways in the bedroom. With Oscar she reveals a different side of herself. But rejecting love he is guaranteed safety nor happiness. Sometimes taking a bit of risk can lead to bliss. <https://www.facebook.com/429830134272>. They have this wonderful chemistry between them. I feel their pain and love. We see them through their highs and lows. With no options Imogen gratefully agrees. I enjoyed this book and would happily recommend this title..
