photographer who has a toxic unsupportive family low self-esteem and an annoyingly hot neighbor living right beside her who seems to always be catching her during her most embarrassing moments. **Kindle Trouble with the Guy Next door book** However because of her insecurities she's also seen as terribly stubborn and she kind of has that mentality that no way a hot guy would ever be interested in her and the hot guy MUST be a player and there's just no way it'll work out. Something juicy is going on there and I need to know what that is! If you love a curvy girl read then give this one a read, **Book trouble with the guy next door pdf** I loved it! And alpha male. I loved how supportive he was of Kennedy. I loved how protective he was of her. Especially when it came to her family. Speaking of her family; they were awful. I'm glad she had Brooke. That girl was a great bestie for Kennedy. I really want a book with her and Liam. I enjoyed every second of it. I read this in one sitting. The writing was superb. But what can I say about Tucker. I need me one of those. Good God beautiful story!! I even cried in the epilogue. Literally. I loved this aspect of Tucker. And the angst. Man oh man.
