

The Bone Witch (The Osseous Chronicles, #1) By Ivy Asher **The bone witch age rating** Ivy Asher has such a fun writing style and I absolutely could not put this one down! I found myself thinking about this book all day (mom life means I only get to read at night) and theorizing all kinds of things about Lennox...and Rogan. **The bone witch series ivy asher** 5/5 stars Even though I was expecting to love THE BONE WITCH thanks to the high praise I've heard from friends in the bookstagram community this book still managed to be a surprise. **The bone witch book 2** I love reading about witches even if I don't do it nearly as much as I would like and Ivy Asher was able to give me so many of the elements I love in one addicting package! The Bone Witch drew me in from the very first pages thanks to its protagonist Lennox whose humor was off the charts! I love a sassy protagonist and Lennox was absolutely hilarious. **The bone witch audiobook** I saw a lot of my own personality in hers from the need to make irony on things that would otherwise be too much to handle to her ability to say the awkward thing at exactly the wrong time to the big heart she tries to hide behind all her swagger. **The bone witch audiobook** I'm not always a fan of a contemporary setting in fact whenever there's magic involved I tend to prefer imagined worlds inspired by the past but I actually appreciated the modern setting in The Bone Witch. **The bone witch summary** There are several different kinds of witches in this book as well as other creatures (werewolves make an interesting appearance in this one for example) and the way the world was built reminded me a lot of intricate secret societies within the human society which was super interesting. **The bone witch age rating** Those who follow me for a while know that though I don't necessarily need romance to enjoy a book I'm a happy bean whenever my ship bone tingles and let me tell you...it's tingling! I absolutely adored Rogan's character. **The bone witch age rating** He's by no means perfect in fact he does some things very early on in the book that made me narrow my eyes at him despite his pretty face wanted to distract my ovaries and his quest made a lute of my heartstrings. **The bone witch pdf** His grumpy protective sometimes arrogant personality was such a great complement to Lennox's spunk and their banter was entertaining and full of angst from start to finish! It's true that there were a few scenes in the middle that I felt were a bit redundant but they were still entertaining to read and didn't impact the fast enjoyable pacing of the story overall. **Ebook the witcher** What more do you need to know to pick this book and read it?!!! 292 Average reading I like Ivy's books but every other sentence was a snarky reference to something pop culture. **Bone witch books in order** This could be a great story line but it just needs to be toned down and more emphasis placed on the plot versus how many supposedly snarky things she can get into one book. **The bone witch review** Lennox always thought the magic was going to go to her cousin and that she would always be living the life of a human so despite her grandmother's efforts she never bothered to learn more than what was strictly necessary. **The bone witch read online** But she has to learn fast now because taking up her grandmother's shop will be the least of her worries when dark and handsome Blood Witch Rogan walks into her life and...asks for her help in finding his brother who is only the latest Bone Witch to mysteriously disappear. **Bone witch books in order** What I was not a fan of was that she basically repeatedly gets taken advantage of by Rogan and 98% of the time is because she was thinking with her vagina and with compassion instead of straight up treating him like a hostile entity who was out to do her harm. **The bone witch book 2** 292 cliffhanger (Peh)\*spoilers\*It's a good read mostly! The FMC is not bad if a bit clueless the MMC is a douche who forcibly does something to her to link them together(non-con) and then sets her up to be taken (again non-con) which is all kinds of f'cked up as the only thing worse here than forcing someone is betrayal. **The bone witch book** It's urban fantasy so if completely fictional worlds aren't your thing but you'd like to try something different than your normal realistic fic I definitely recommend giving The Bone Witch a try. **The bone witch series in order** " << as a self-proclaimed coffee snob this one cracked me up! 292

Ivy Asher is addicted to chai swearing and laughing a lot (but not in a creepy laughing alone kind of way), 292 Romantic urban fantasy with a hefty serving of humor, **The bone witch book 2** 292 The shadows stretch out across the park like they're rising from a deep sleep and are readying themselves for some mischief. **The bone witch audiobook free** Mark this one as another reason why I'm much preferring indie books to traditionally published books these days: **The bone witch age rating** It's like Serpent & Dove.

## The bone witch book 2

I never thought in a million years that the bones would choose me: **The bone witch 2** The power the magic was supposed to go to someone else in the family: **The bone witch book 3** But now my Grammy Ruby is gone and here the bones sit on my kitchen table. **Ebook the witcher** But I've barely had time to find a familiar before trouble comes a-knocking, **The bone witch book 2** The kind that possesses smoldering green eyes and a smile that can turn any woman dumb: **Kindle the witcher** His name is Rogan Kendrick and he's certain that someone is hunting down and taking my kind: **The bone witch series in order** This is a world that I never wanted to be a part of but magic gives no fucks and takes no prisoners, **The bone witch summary** I don't know what my ancestors were thinking when they chose me but I'm going to give them a run for their money. **Ebook the witcher** My name is Lennox Osseous but you can call me the Bone Witch, **The bone witch book 2** The Bone Witch (The Osseous Chronicles #1) This was really good and the writing was funny and entertaining: **The bone witch review** Leni is a very down to earth protagonist and she has a lot to deal with in her first days as a bone witch, **The bone witch book series** She has a way of walking into trouble! 292 Actual rating: 4: **The bone witch series ivy asher** I appreciated that she wasn't overtly learned on the world of witchcraft because it gave me the opportunity to learn alongside her, **The bone witch trilogy** But Lennox is a big girl who can fend for herself and Rogan proved himself worthy of my raging hormones along the way: **The bone witch audiobook free** The ending quite literally had me staring wide-eyed into space with my mouth hanging open, **Bone witch series book 2 rin chupeco** You're going to want to have a copy of the second book The Blood Witch at hand when you start reading this one: **The bone witch age rating** Thank you so much to the author for gifting me a copy of her amazing book. **The bone witch review** One conversation had five references and it was eye rolling to say the least, **The bone witch book series** 292 In this moment I feel like a gif I love of a guy playing the guitar and screaming. **The bone witch audiobook free** It's from a show but I don't know which one it is: **The bone witch 2** What I do know is that I loved this book and now I want everyone to read it! The Bone Witch is the first The Osseus Chronicles: **Bone witch books in order** The main character is Lennox who unexpectedly inherits her grandmother's magic and becomes her clan's new Osteomancer, **The bone witch summary** For starters I LOVED Lennox (Leni for friends) who's sass quickly turned her into one of my favorite female protagonists: **The bone witch series in order** I also liked how she faces the challenges before her head on without succumbing to fear even though she wisely does feel some. **The bone witch series in order** He does some questionable choices and Leni kicks his smexy behind for it but the dark and

brooding characters always make me weak in the knees: **The bone witch 2** Their interactions were amazing! Fun intense and at some point very angsty, **The bone witch book** I am very much looking forward to them doing something about it, **Bone witch books in order** ) As far as the storyline goes I'm invested in the mystery slowly unfolding: **The bone witch trilogy** My Murder-She-Wrote-loving self is trying to investigate alongside the characters although I admit I'm still nowhere close to formulating any coherent theory, **The bone witch book 2** But it's not my fault Rogan distracts me! This book is perfect for fans of paranormal books witches romance and intriguing plots, **The bone witch book 2** Am I saying everyone should read it? If you like adult romance like me then yes: **The bone witch read online** You definitely should! Thank you to the author for blessing me with a copy: **Kindle the witcher** 292 The cover I love it you probably love it somebody else probably loves it and that is the reason why we probably picked the book to read, **The bone witch book 2** She was muddling her way through her new role as we all do with life: **The bone witch read online** Ooh I hate liars in general in life moreso in stories and also pseudo-couples who do not communicate: **The bone witch audiobook free** If you read the book you'll understand why I am calling them a pseudo-couple. **The bone witch review** The fact that he was meant to be this tough witch when he just did not pull it off: **The bone witch 2** Was the plot interesting enough? Yes at some point I was hoping this would be my next Charley Davidson-esque series but it fell short, **The bone witch summary** 292 Not good\*Spoilers\*Normally I like this author but this book is just really not good, **The bone witch audiobook** The relationship between the two main characters is more like abuse than anything else, **The bone witch pdf** Leni acts like she's super badass but doesn't really do much of anything but get taken along for the ride. **The bone witch book 2** Rogan pretty much magically rapes her but hey he's hot so it's okay. **Ebook the witcher** He constantly lies to her and ends up betraying her in the end: **The bone witch series ivy asher** There are no redeeming qualities to him other than he's hot. **The bone witch review** She's not strong or independent either so not really a great heroine. **The bone witch book 2** I will not be reading the next and I'm really glad this was a KU book instead of having paid for it. **The bone witch review** If the second book doesn't fix this with retribution and a severed tether I won't go any further and will come back here and change this review to 1-Star: **Kindle the witcher** I'm currently reading book two The Blood Witch and it's just as amazing as book one, **The bone witch summary** Bonus: the series is on Kindle Unlimited so it's super easy (and affordable) to binge read: **The bone witch read online** Perfect for fans of slow-burn enemies to lovers The Bone Witch will appeal to so many types of readers. **The bone witch book 3** The witty banter cracked me up and the underlying mystery kept me on the edge of my seat. **The bone witch audiobook** Please please do yourself a favor and read this book! I'm ready to welcome All The People into the fandom so we can fangirl together, **The bone witch book series** Thanks so much to the author for sending me a copy of the book: **The bone witch read online** A couple more quotes because I loved these and couldn't choose just one: "Don't cast the truth aside just because you don't understand how it works, **The bone witch audiobook** "'I take a sip of my coffee and it forces me to close my eyes and revel in the explosion of flavors on my tongue, **Pdf the witches** I welcome the heat that pours down my throat as I swallow and I swear this cup of coffee is a better lover than a fair percentage of my past dalliances, **The bone witch book 2** She loves the snow books and her family of two humans and three fur babies, **Pdf the witches** She has worlds and characters just floating around in her head and she's lucky enough to be surrounded by amazing people who support that kind of crazy: **The bone witch read online** Ivy Asher is addicted to chai swearing and laughing a lot (but not in a creepy laughing alone kind of way): **The bone witch audiobook** She loves the snow books and her family of two humans and three fur babies, **The bone witch book series** She has worlds and characters just floating around in her head and she's lucky enough to be surrounded by amazing people who support that kind of crazy[1]

I'll come back here and give future readers . hope. Loved loved loved. It's a good night for magic. 5 stars:I. Loved. This. Book. I was counting on it. I thought bitter relatives would be my biggest problem. According to him I'm next. At least we have that much in common. Another element I

thoroughly enjoyed was the romance. I do have a theory...but the cliffhanger is brutal friends. All opinions are my own. 292 Intriguing sexy funny magic & fantastic. Lennox could be next. I lost count of how many times she made me giggle. And what can I say? I loved Rogan too. (I hope. \*sends a silent prayer to the bookish gods. Jessica Fletcher would be disappointed. Opinions are my own. I loved Lennox. I was even a fan of her cursing. and as a result we have the irritating cliff hangar. Then we have Rogan. I was basically over him and his shenanigans. I don't think I'll be continuing with the series. Even the (ex)familiar are apathetic and useless. Overall this book actually sucked. (I 5-Starred this so shut it). If it does except better. Much better. All thoughts and opinions are my own. {site\_link}.
