Historical Fiction Mystery Paranormal Wavily witches: the complete cosy mystery seriesCouldn't put it down loved the characters and the storylines so it's a well deserved five stars and I would recommend this book to everyone Historical Fiction Mystery Paranormal fun and laughsLaughter till the end.

A bit wacky but funny as heckDefinitely out there but hilarious too, Squeaks was hands down one of the best familiars and Evian's interactions with him were entertaining as all get out. Evian drove me a little crazy but Rita was the bomb outside of sleeping with her best friend's fiance, Once Evian learns she's a witch things really start to spiral out of control: Her innate ability to cast spells that don't go quite as planned to finding herself embroiled in the latest criminal activity from theft to murder. Add in the mouthy familiar a hot bounty hunter demon a few other memorable characters and we'll this was fun to read, Historical Fiction Mystery Paranormal Great series!I wasn't sure what to expect since this was set in a land foreign to me but all 6 books kept me reading and wanting more. It drew me in and i didn't want to put the book down, I'm sad its over and hope there will be books to follow up: Historical Fiction Mystery Paranormal Crazy bat filled fun in KenyaEvian Wavily runs guest services at her grandmother's hotel in Tea Town: the hotel has a startling difference to others however as it's a safe house for fugitives from the law, Granny Wavily is hiding murders hitmen and various other criminals wanted by Interpol under her umbrella spell: as long as they stay within its boundaries law enforcement cannot find them, Evian has no idea that her family are witches or that she's one too until she finds a mysterious box in granny's room: left to Evian by her missing father it reveals some of the truth but the stories told by granny don't seem to match the version in her box. Evian has several adventures while trying to discover the truth about her father and find her own way forward with her unique magical skills which she's struggling to control. Funny crazy and some very interesting characters make it a light-hearted enjoyable read. Historical Fiction Mystery Paranormal Could be classed as a YA readThe main two characters could be classed as teenagers instead of 30 something year olds: I kept waiting for the main heroine to grow up a little but it took until the 6th book for that to start to happen: Her bff started the growing process the end of book 3 beginning of book 4, This is more like one looonnnngggg book than 6 whole books & no if there are anymore books in the series I will not be getting them: Historical Fiction Mystery Paranormal Wavily WitchesI loved this set of books, The main character (Evian Wavily) has a series of adventures starting with finding her familiar who souds like a gangster and is a fruit bat: Historical Fiction Mystery Paranormal Ive been a writer since I could hold pen to paper which is a lot longer than I care to admit, When Im not writing I pretend to work as an environmental consultant: Visit my world at {site_link} pick up 3 FREE books about paranormal mysteries set in colonial Africa, I've been a writer since I could hold pen to paper which is a lot longer than I care to admit, When I'm not writing I pretend to work as an environmental consultant.
