My Husband Is STILL Sleeping With His Sister : Part 2 Spin-Off (My Husband Is Sleeping With His Sister) My husband is still sleepingWelp who would have thought Nation would resort to Christina's demands? Who would have thought that Victoria would go from the naive woman to a champion? My Husband Is STILL Sleeping With His Sister : Part 2 Spin-Off (My Husband Is Sleeping With His Sister) My Husband Is STILL Sleeping With His Sister : Part 2 Spin-Off (My Husband Is Sleeping With His Sister)

Great storyline poor execution!!The opening paragraph of the series grabs you!! After you get into the story everything changes when you really can't side with the main female character Victoria: She definitely deserved to be happy especially after the sh!t Nation and Cristina put her through: I really enjoyed this from book one to book two a great literary ride. My Husband Is STILL Sleeping With His Sister : Part 2 Spin-Off (My Husband Is Sleeping With His Sister) This was a pretty good continuation of part 1, It did have a few things that kind of had me going back to make sure I was reading right. I cant believe that Nation was still willing to even consider being with Christina after everything that went down. I mean come on.

He lost the best woman for him, and the woman who was down for him and helped build him up to help him own his own businesses, And for what for a woman that is not worth anything and has nothing else to bring to the table other than sex and now a daughter. In all of this I feel sorry for Victoria and most of all Summer. They are both caught up in this mess created by Christina and Nation, I mean come on Christina was way out of control and there was nothing that Nation did or said that was gonna make her better. I was glad when Victoria had enough and was ready to walk away, I was mad but I kind of understood where she was coming from. But as we see in the end everyone got what they earned. This book did feel a little rushed to close out but it was still a pretty good read: My Husband Is STILL Sleeping With His Sister : Part 2 Spin-Off (My Husband Is Sleeping With His Sister) Finding Yourself I read both books and loved them, Vic was like so many women

putting her man first for him to truly fuck you over, My Husband Is STILL Sleeping With His Sister : Part 2 Spin-Off (My Husband Is Sleeping With His Sister) Good ending I was surprised how well the book ended. He wanted to love her and please her and he done just that, It's too many weak characters in this series!! The only ones I cared and rooted for were not even main characters love.

Let's not even talk about the editing. I am glad Victoria got her happy ever after. Nation really got his karma full circle. Victoria ended up Victorious as she should be and Mr. Malachi was □. It read at a nice steady pace. And it definitely had a lot of crazy. I can say that I did not see this ending. What can I say. What a way to wrap this up. There was a mix up of character names in the beginning. And although every area was touched. I still felt like I may have been missing something. but then again it could have just been me. And she is not even a good mother to his child. She was just all around crazy. Then with this turn of events. Quardeay keep up the good work. It covered everything and I'm glad Cristina is dead. Christina was crazy. Nation got what he deserve. I was glad Victoria met her a new guy
