

The Girl from Silent Lake (Detective Kay Sharp, #1) By Leslie Wolfe **The girl from silent lake review** Overall The Girl from Silent Lake was a solid start to the series and I will definitely be continuing and picking up the sequel.

Was sent to prison for 6 months on a trumped up charge and returns home to Mount Chester to look after Jacob's house and try and get him released. **The girl from silent lake ebook** One thing is for sure - the person they are seeking is very clever indeed! As the police chip away at the evidence and get closer Kay takes a massive risk to unmask the killer. **The girl from silent lake kindle** Profiler inserts herself into a serial killer's killing spree while the FBI is never called in to assist. The killer transforms himself from homeless to college graduate/star athlete in said college forensic specialist who goes back to school to become a lawyer and ultimately the DA in the same small town where nobody recognizes but in which he grew up as a boy. **The girl from silent lake review** Former FBI Agent Dr Sharp is no stranger to family trauma and this has had profound implications on her life going forward — she moved away from her childhood home to escape the haunting memories and the abuse that happened at the hands of her father. **The girl from silent lake kindle unlimited** Having left the FBI where she had been employed as a forensic psychologist involved in criminal profiling based out of San Francisco when her younger brother Jacob is incarcerated for a term of 6 months on a trumped-up charge after a bar fight in which he punched someone but that resulted in no one getting hurt Kay returns to the beautiful Northern California mountain terrain to houses it at his residence until he is released. **The girl from silent lake review** While there she can't help but hear of the previously missing young woman who had just been found buried in the area but any guidance she's given police of late has fallen on deaf ears. **The girl from silent lake by leslie wolfe** It doesn't take long before she receives a visit from Detective Elliot Young from the Franklin County Police Department who requests her expertise in the most recent murder presumably out of desperation. **Girl from silent lake explained** Reluctantly she agrees and as she assesses the information she's been handed her formidable instincts tell her that the most recent killing is the work of a seasoned professional who has both murdered before and will do so again. **The girl from silent lake by leslie wolfe** The series of murders and abductions of women have been on Kay's mind recently and she believes they will not cease until the ruthless evil serial murderer is caught and punished. **The girl from silent lake kindle** It will take the whole of the local police's resources and Kay's continually updated analysis of the killer's traits to put a stop to the terror that has enveloped the rural town. **Girl from silent lake explained** It shifts between developments quickly keeping the action moving without ever a dull moment and you lose yourself in the pages as you're immersed in the fascinating main thread regarding the murders and abductions and the equally interesting minor threads exploring Kay's personal life and family. **The girl from silent lake ebook** It is told from the perspectives of present-day Kay and that of the past as well as including the killer's thoughts and motives and the way the timeline shifts is carried out seamlessly addressing her awful and deeply-affecting childhood years and later it is also revealed that she has a secret which I presume will come into play in upcoming instalments. **The girl from silent lake ebook** \*\* 356  
Possible Trigger Warnings: Torture child and mother abduction  
The Girl from Silent Lake is the first in a new series by Leslie Wolfe and the first book of hers I have read. **The girl from silent lake by leslie wolfe** Since when would a civilian more or less off the street no matter how big her brain is be asked or allowed to participate in a serial killer manhunt for just offering some advice? I could see that they might ask her to profile the killer but not help hunt for him. **The girl from silent lake ebook** She left the FBI where she worked as a profiler in San Francisco when her younger brother Jacob the pace was cracking and the character of Kay was so single-minded in her pursuit of the killer really commendable. **The girl from silent lake ebook** But - I think the story line where the kick ass female lead ignores orders and protocol and storms off to single-handedly save the day is getting stale so I took off half a point You could see this one coming a mile away! Nevertheless -

good plot good characters good action and a great whodunnit. **The girl from silent lake review** The only evidence that they were ever there is an abandoned rental car with a suitcase in the back gummy bears in the open glove compartment and a teddy bear on the floor. **The girl from silent lake ebook** But will it be enough to get inside the mind of the most twisted killer she has ever encountered or will another blameless child be taken? A totally gripping and utterly pulse-pounding crime thriller series for readers who love Lisa Regan Robert Dugoni and Kendra Elliot.

It's a race against the clock to find the killer before it's too late, **Girl from silent lake explained** The plot in this book was intriguing with just the right blend of mystery and suspense. **The girl from silent lake review** Kay becomes involved with the investigation very quickly after arriving in town and it doesn't take her long to discover a serial killer is at work: **The girl from silent lake by leslie wolfe** It was interesting watching Kay work with Elliot and the rest of the sheriff's office as they're all initially resentful of her involvement. **The girl from silent lake by leslie wolfe** Kay is very good at her job which causes the others to feel inadequate as she thinks of things they don't: **The girl from silent lake ebook** I was happy to see though that everyone became accepting of her judgements as the book went on, **The girl from silent lake ebook** Throughout the book we get chapters from the killer's point of view which ups the creepy factor significantly: **The girl from silent lake kindle unlimited** The killer in this book is sadistic and as we spent time in his head I was getting more and more creeped out, **The girl from silent lake ebook** I thought the final confrontation with the killer was well done as it was fast-paced and suspenseful. **Girl from silent lake explained** She's intuitive.

And doesn't let small-town prejudices get in her way. **The girl from silent lake review** We learn how good she is at her job throughout the investigation and I liked her methods of investigating: **The girl from silent lake kindle unlimited** There are some flashback scenes to Kay's childhood which give some insight into her present day reactions to stuff that comes up during the case. **The girl from silent lake ebook** Elliot is an interesting character and I enjoyed the dynamic between him and Kay. **Girl from silent lake explained** Elliot hasn't worked cases like the Silent Lake murders and I liked that he deferred to Kay and her expertise. **Girl from silent lake explained** There were a few bumps along the way while the pair got integrated but overall I thought they worked well together. **The girl from silent lake by leslie wolfe** No sooner has she arrived back home than she gets a visit from Detective Elliot Young from the Franklin County Police Department seeking her expertise with a recent murder case: **The girl from silent lake kindle** As soon as she familiarises herself with the case she feels that the recent killing is the work of a serial killer who has killed before and will kill again, **The girl from silent lake ebook** They find more bodies and learn that some of the women's children are still missing, **The girl from silent lake kindle unlimited** Are they dead too? Or worse? It is clear from the bodies that this killer holds his victims for some time and subjects them to. **Girl from silent lake explained** Her developing profile of the killer is helpful but there still seem to be some pieces missing. **The girl from silent lake kindle** Although the plot was by no means unique.

An FBI profiler who gives up everything to go home: **The girl from silent lake kindle unlimited** Normally I don't get picky over details after all it's fiction. **Girl from silent lake explained** However there were just too many yeah sure moments for me to get past with this one: **The girl**

from silent lake kindle unlimited 356 Maybe it's just that I've read too many of these but this one was boring and terribly unremarkable: **The girl from silent lake kindle unlimited** It's your average cozy mystery meets romantic suspense and I was over it before I got to chapter two. **The girl from silent lake review** Add to that the corny and borderline offensive stereotypes of Texan cops and you've got a series I won't bother with from here on out, **The girl from silent lake by leslie wolfe** Bence konu felan güzel olsa da işleniş ve karakterler ancak ehhhh seviyesinde, **The girl from silent lake by leslie wolfe** But a phone call from her younger brother sends the FBI Profiler back to a place that holds no good memories: **The girl from silent lake ebook** It's a small community and she's asked to help solve a crime: **The girl from silent lake ebook** A dead woman has been found by Silent Lake under the dew-covered Fall leaves her hair braided and her body wrapped in a blanket, **Girl from silent lake explained** Kay warns the local police that they have a serial killer in their midst, **The girl from silent lake ebook** And that's not the only body that will be found in the same exact condition, **The girl from silent lake kindle unlimited** So what's the connection? How is this killer finding his victims? Where is he keeping them . **The girl from silent lake ebook** The intricate plot is full of twists and turns swirling around credible characters. **The girl from silent lake by leslie wolfe** Page-turning action starts on page one and doesn't stop until the explosive conclusion. **The girl from silent lake by leslie wolfe** Many thanks to the author / Bookouture / Netgalley for the digital copy of this addictive new crime thriller, **The girl from silent lake kindle** Read and reviewed voluntarily opinions expressed here are unbiased and entirely my own, **Girl from silent lake explained** 356

The Girl from Silent Lake is the first instalment in the Detective Kay Sharp series set in her hometown of Mount Chester: **The girl from silent lake by leslie wolfe** Little does she know that in doing so she will reveal links to her past. **The girl from silent lake kindle unlimited** This is a compulsive compelling and unbelievably twisty as well as twisted storyline and moves at rapid-fire pace giving you barely a moment to catch your breath, **The girl from silent lake kindle** Kay is a strong fierce and independent protagonist just trying to make her way in life whilst also trying to look out for those she loves, **The girl from silent lake review** I loved that we get a full backstory of the killer including how he became who he is today which made for intriguing reading: **The girl from silent lake review** 356 The Girl from Silent Lake is a great start to a new mystery thriller series following profiler Kay Sharp. **Girl from silent lake explained** When her younger brother lands in jail for six months Kay Sharp takes leave from the FBI to head back to her hometown to keep an eye on things while her brother is gone: **The girl from silent lake by leslie wolfe** After she reads an article in the local newspaper about a murdered woman Kay can't help herself and sends a few of her ideas to the local sheriff's office: **The girl from silent lake ebook** Soon Kay finds herself drawn into the case and quickly discovers they're dealing with a serial killer, **The girl from silent lake review** After Kay and her partner Detective Elliot Young realize another woman has been missing for several days dedicated to her work Beneath Blackwater River, **The girl from silent lake ebook** \*\*I received an advance copy of this book from Netgalley and the publisher in exchange for an honest review, **The girl from silent lake ebook** The story follows the path of most

crime/detective series and is a worthwhile read: **The girl from silent lake ebook** I had a few problems with the believability of the actions by this seasoned detective, **The girl from silent lake kindle** Kay was an FBI profiler not an agent that quits her job to return to her hometown when her brother is arrested for a barroom brawl, **Girl from silent lake explained** Problem question#1 - Why in the world would a seasoned profiler quit a position like that just because of an arrest for a bar-room brawl? He didn't kill anyone. **The girl from silent lake ebook** he was only held overnight so the police must not have considered him a danger to anyone, **The girl from silent lake ebook** Now Question #2- While getting acclimated at her old home and town Kay offers some advice on a local murder and ends up helping in the investigation of a serial killer, **The girl from silent lake ebook** Kay was not an agent although I'm sure she had some knowledge as a profiler but she is not even employed any longer by any law enforcement agency. **The girl from silent lake by leslie wolfe** She goes to the crime scene to see what she could discover but has no credentials now to take an official role in the case, **The girl from silent lake review** This doesn't seem to be problem for the detective Elliott who says her brain is bigger than an ol' pickup truck: **The girl from silent lake ebook** In spite of my two main questions the story is fast paced interesting and I never guessed the killer, **The girl from silent lake review** but the reader needs to be aware that there is also a HUGE TRIGGER WARNING in this book: **The girl from silent lake kindle unlimited** The victims are mothers that are kidnapped with their children and there are vivid descriptions of the victims being tortured: **The girl from silent lake review** The story idea is not bad but you will need to be a really big crime novel fan to overlook parts of it. **The girl from silent lake ebook** I guess you will need a brain bigger than ol' pickup truck. **The girl from silent lake by leslie wolfe** :) 356 Six hundred and ninety Goodreads members have rated this book an average of 4. **The girl from silent lake by leslie wolfe** Since Goodreads' ratings are one of my most significant barometers for selecting new authors I decided to give Leslie Wolfe a shot. **The girl from silent lake review** Either the 690 are nuts or I am more likely the latter. **The girl from silent lake by leslie wolfe** I read about a quarter of the book and just couldn't go any further. **The girl from silent lake by leslie wolfe** Although I liked the fundamental plot I found the quality of the prose to be amateurish and the plot became too melodramatic for me. **Girl from silent lake explained** Clearly I am done with Wolfe's books and cannot recommend this one to others, **The girl from silent lake ebook** Leslie Wolfe is back! Dr Kay Sharp is a forensic psychologist. **The girl from silent lake review** Thanks to Netgalley Bookouture and Leslie Wolfe for providing a copy for me to review: **The girl from silent lake ebook** 356 Her daughter with emerald eyes and the sweetest smile is everything to her. **Girl from silent lake explained** "Mommy" the little girl says touching her mother's face with trembling fingers before she's torn away, **The girl from silent lake kindle** " Will she ever see her again? When single mother Alison Nolan sets off with her six-year-old daughter Hazel she can't wait to spend precious time with her girl: **The girl from silent lake by leslie wolfe** A vacation in Silent Lake where snow-topped mountains are surrounded by the colors of fall is just what they need: **The girl from silent lake by leslie wolfe** A week before the body of another woman from out of town was found wrapped in a blanket her hair braided and tied with feathers, **Girl from silent lake explained** Instinct tells her that the cases are connected--and it won't be long until more innocent lives are lost, **Girl from silent lake explained** As Kay leads a frenzied search time is against her but she vows that Alison and little Hazel will be found alive: **The girl from silent lake ebook** She works around the clock even though the small town is up in arms saying she's asking too many questions. **The girl from silent lake by leslie wolfe** Then she uncovers a vital clue - a photograph of the blanket that the first victim was buried in. **The girl from silent lake by leslie wolfe** Just when Kay thinks she's found the missing piece she realises she's being watched. **The girl from silent lake by leslie wolfe** Is she getting too close or is her own past catching up with her? With a little girl's life on the line Kay will stop at nothing. **The girl from silent lake ebook** This twist-packed page-turner gives "unputdownable" a whole new meaning! The Girl from Silent Lake (Detective Kay Sharp #1).

.Kay was a great main character.Despite her reservations Kay agrees to consult with the police. horrible things.Kay wins over Elliot with her astute observations. There are so many questions that still have no answers. Will it be her downfall? I enjoyed this book. Yep soooooo believable. 356 46\* 356 2.5/5GR puanı nasıl 4.45 cidden anlam veremediğim bir kitap oldu. Katili tahmin etmekte de hiçbir problem yok zaten. 356 Detective Kay Sharp has returned to her hometown . something she swore she'd never do. There's no seemingly connection between the women found . and the one still missing. One was white one was black one was Asian. Some had children . children that disappeared with their mothers . one or two didn't. temporarily?Kay needs to move fast . before a horrifying secret is discovered . and before Kay becomes the next victim. Highly recommended.(the author's description not mine).but here is his now unemployed sister. Humm.so she is now a civilian like the rest of the town. I'm still laughing over that bright remark.49.Over and Out 356 3.5 stars rounded up. I never guessed it. My opinions are my own. Her whole world. "Don't cry. But hours later Alison and Hazel vanish into thin air. Detective Kay Sharp rushes to the scene. Kay's mind spins
