A moment that ruins her life On 31st May 1941 Germany drops bombs on neutral Dublin and Sarah Gillespie loses her family and home that fateful night. **Her wartime secret emma hornby** A mission that could cost her life Sarah is asked to prove her loyalty to Britain through uncovering a spy at Vickers Supermarine the manufacturers of the legendary Spitfire fighter plane. **Kindle her secret war review** And so the most dangerous game she's ever played ensues... A gripping story that explores a deadly tangle of love and espionage in war-torn Britain perfect for fans of Pam Jenoff Kate Quinn and Kate Furnivall. **Her secret war sequel** June 2019 saw the release of the first book in the Lucy Lawrence Mystery series No Stone Unturned a fast paced Victorian mystery/crime set in London and Yorkshire which was recently awarded the B. **Her secret war summary** {site\_link} It's been a while since I have read a book set during the Second World War and I was intrigued by Lecky's plot that explored an Irish woman working in England whose family history seems to follow her across the sea. **Her secret war book** I completely sympathised with Sarah's desperate need to confide in her Uncle about her circumstances yet at the same time not fully convinced that those she worked with could be trusted. **Her secret waru uxbridge** Her position as a tracer was not something I knew about and when Sarah's loyalties are called into question I was curious to understand how she would escape without raising plenty of questions. **Mystery her secret war sequel** Does this mean we will see more of Sarah's spying in a later book? She is a strong character and proves she will not be duped even when her life is at stake and her family are threatened. **Her secret war by pam lecky** Lecky adds an interesting layer to the plot with Sarah's Irish heritage and I would be keen to see how this is developed further... please continue with a follow-up story!With thanks to Avon books and NetGalley for providing me with a copy of this book in exchange for an honest review. **Her secret war thriller book** 9780008464844 A unique look at WW2 from an Irish perspective - both the author and the protagonist! I've read many wartime fiction novels but I think this is my first set in Dublin during WW2. **Her wartime secret emma hornby** Lecky explores the idea that sometimes the hurried and rash decisions made in the direst of circumstances are the best choices in the moment but are made when we're under stress and priority is not the long range effect but on survival. **My secret war diary** A slow burner on the uptake yet stuffed with intrigue espionage romance deception and red herrings the narrative propels readers towards the cliff-hanger ending! Lecky capably captures the wartime experience and her meticulous research is evident in the taught and flowing narrative. **Ebook her secret wars** She had been invited to live with him and Aunt Alice her cousins Martin and Judith plus she would be offered a job at the nearby Supermarine manufacturers of the Spitfire fighter plane. **Her secret war book** Could she do it? She wasn't sure she had the courage it entailed...Her Secret War by Pam Lecky was a spectacular read with a plot so incredibly tense and enticing that I had trouble putting it down. **Her secret vault reviews** And I'm pleased to read there is a sequel to come in 2022 - with that ending there would have to be! With excellent characters likeable and believable I felt completely involved in the story cheering them on with my heart in my throat! Her Secret War is one I highly recommend. **Her**

**secret vault reviews** \*Thank you to the publishers and NetGalley for providing me with a copy of this book in exchange for an honest review\* 9780008464844 Genre: historical fiction war spy novel Tropes: WW2 found family spy uncovering traitors Series: Her Secret War #1 Cliffhanger: Yes Rating: 3. **Thriller her secret wars** I didn't know this when I've requested it but since I have received the ARC and I wanted to leave a review the sensible thing to do was of course to read the first book as well. **Your secret warehouse** ☐☐Ups and Downs☐☐ It wasn't a bad book and it was enjoyable enough in its own way but:☐ The action was too slow paced for my taste and I couldn't really connect with any of the characters. **Her secret weapon** '☐ I appreciated having found a fresh perspective on WW2 novels as they were usually set in France either with women doing brave things at home under the occupation acting as spies or hiding British pilots or fighting with the Maquis or other rebellious acts. WWII: Dublin was meant to be a neutral city until it was hit by a rogue bomb. **Her secret war historical fiction pdf** Sarah moves to England and gets a job tracing blueprints to aid the war effort, **Her secret war ebook free** The pace is slow but there is enough information to keep the story interesting. **Pdf her secret war pdf** There's a few elements of suspense and it was interesting reading about Ireland's involvement. **Kindle her secret wartime** I don't want to say too much as I would give away too many spoilers, **Her secret warp pdf download** I would like to thank #NetGalley #AvonBooksUK and the author #PamLecky for my ARC of #HerSecretWar in exchange for an honest review. **My secret war book** Days later the man she loves leaves Ireland to enlist in the RAF, **Her secret war series** A decision that changes her life With nothing to keep her in Ireland and a burning desire to help the war effort Sarah seeks refuge with relatives in Hampshire England, **Historical fiction her secret war series** But before long Sarah's family history catches up with her: **My secret war diary** But to progress with her mission she must become involved with a fifth columnist: **Epub her secret war free download** Her Secret War (Her Secret War #1) Pam Lecky is an Irish historical fiction author writing crime and mystery with a dash of romance, **Her secret weapon** Pam is represented by the Hardman Swainson Literary Agency in London: **My secret wardrobe** She is a member of the Historical Novel Society the Crime Writers Association and the Society of Authors: **My secret war diary** In November 2020 Pam signed with Avon Books UK/Harper Collins in a two book deal, **Her secret warp pdf download** The first book in the historical thriller series Her Secret War will be published in October 2021; the sequel in 2022: **My secret war diary book** G Medallion; shortlisted for the Carousel Aware Prize 2016; and long listed for the Historical Novel Society 2016 Indie Award: **Her secret war mystery pdf** Her short stories are available in an anthology entitled Past Imperfect which Pam Lecky is an Irish historical fiction author writing crime and mystery with a dash of romance, **Her secret wart tiktok** Pam is represented by the Hardman Swainson Literary Agency in London. **Her secret war series** She is a member of the Historical Novel Society the Crime Writers Association and the Society of Authors: **Her secret vault reviews** In November 2020 Pam signed with Avon Books UK/Harper Collins in a two book deal, **World war 2 pdf summary** The first book in the historical thriller series Her Secret War will be published in October 2021; the sequel in 2022: **Her secret war of the worlds G** Medallion; shortlisted for the Carousel Aware Prize 2016; and long listed for the Historical Novel Society 2016 Indie Award: **My secret war diary** Her short stories are available in an anthology entitled Past Imperfect which was published in April 2018, **Pdf her secret war pdf** The sequel Footprints in the Sand set in Egypt was released in March 2020, **Historical fiction her secret war book** She is currently working on the third book in the series The Art of Deception which will be published in late 2021: **My secret war diary** I admit it took me a while to get fully invested in the plot as I thought it was particularly slow to get going, **Her secret wart tiktok** Lecky takes time to establish Sarah's character and the events leading up to her move to England were carefully described. **Her secret war kindle download** However once Sarah's mission became clear I was keen to see how it would conclude and had my own theories about the war that she was dealing with, **Her wartime secret emma hornby** Ireland's position in the Second World War is something I know relatively little about: **Her secret war summary** Therefore the bombing of Dublin in 1941 demonstrated how the country was forced to become involved: **Her secret war book** The fear and

panic that Lecky conveys shows a careful understanding of this significant event and I truly felt for Sarah as she learns the full tragedy of that fateful night. **Her secret war zen** However it was not until Sarah is on her mission to uncover a Nazi sympathiser that I really got the sense of how paranoid one could become during the war. **Epub her secret war love** Sarah is trapped in her own war of loyalties and lies making the title of this book even more significant. **What is secret wars** Whilst I was able to foresee how the story would unfold I was especially interested in Sarah's role at the Supermarine. **Her secret war by pam lecky** Indeed the lack of trust she has towards her colleagues really intensified the panic and tension at the height of Sarah's mission, **Her secret war notices** The final chapter was an unexpected surprise and one that left the book open: **Her secret war epub free download** I found the ending to be particularly exciting and I think this helped to make up for the slow start to the story. **Pdf her secret war pdf** I grew to like her as a character and I would be keen to see Sarah's employment taking her to the heart of Nazi Germany should there be a sequel to this story, **Her secret war sequel** Espionage and lies dominate this narrative and I enjoyed reading a story that was not just about trying to survive during the Second World War, **Her secret war kindle free** 9780008464844 It seems the past few years I have read quite a few World War II era books especially those that focus on women's heroism. **Secret wars review** This one has a bit of a different perspective in that it starts out with the bombing of North Strand Dublin Ireland (who knew Dublin had been bombed?) and moves to England: **Her secret war summary** I don't know the author's intent but I'd love to see her featured in a sequel, **Her secret war historical fiction review** Note: I do not usually provide a synopsis of a book in my reviews; you can read that on Goodreads or Amazon, **My secret war diary** Author Pam Lecky takes readers on a journey of overcoming hardships with a strong female protagonist Sarah Gillespie after surviving the Luftwaffe bombing of Dublin in May 1941: **Epub her secret wars** When her family in England offer help of a new life and job with the Ministry of Defence she takes it. **Her secret war sequel** Sarah quickly learns that not everyone is who they say they are and naively takes steps into the world of espionage: **My secret war diary** Congratulations to the author for a fascinating well-written and unique look at WW2 historical fiction: **Her secret war mystery series** The Republic of Ireland was a neutral country yet was mistakenly bombed on May 31 1941. **My secret war diary book** The enclave of North Strand where the largest bomb fell was decimated, **Her secret war mystery pdf** Although Germany compensated for this terrible mistake 28 people were killed 90 were injured 300 homes were destroyed and 400 people were left homeless, **Her secret vault reviews** Lecky grew up a couple of miles from where her protagonist lived and Sarah is loosely based on Pam Lecky's mother's wartime experiences leaving Ireland to work in Britain. **Mystery her secret war review** Paul Sarah's boyfriend is also loosely based on Pam's aunt's boyfriend who also enlisted with the RAF. **Her secret war zen** The authenticity of the characters is a reflection of the author's connection to the setting and events: **Her secret war book** I was gifted this advance copy by Pam Lecky Avon Books UK and NetGalley and was under no obligation to provide a review. **Her secret war sequel** 9780008464844 Yes HER SECRET WAR is another in the rash of recent WWII novels: **My secret war diary book** But Irish author Pam Lecky gives us an intriguing twist with the Nazi bombing of Dublin and the tragic aftermath that changes character Sarah's life in one night: **Her secret vault reviews** Sarah moves to England to live with family and ends up working for Vickers Supermarine makers of the famous Spitfire fighter planes: **Secret wars review** While there she is forced to prove her loyalty to Britain by spying for them (Ireland was neutral during the war). **Her secret war by pam lecky** At this point the once too-slow story kicks into high gear and never falters, **My secret war book** Lovers of histfic and WWII novels will thoroughly enjoy HER SECRET WAR — a tale replete with romance tragedy hope and espionage, **Her secret war mystery book** Hurrah! Pub Date Jan 4 2022#HerSecretWar #NetGalleyThanks to the author Harper 360 Avon and NetGalley for the ARC; opinions are mine. **Mystery her secret war diary marcia williams** 5□This was so good! I loved the writing and I loved the narrator. **My secret war book** I'll be honest here and say that I wasn't super excited about another WW11 story but this one was a pleasant surprise: **Her secret wars series** I had no idea that Dublin was a neutral party to the war and it left me

speechless. **Her secret warp pdf download** Sarah goes through so much heartache and I was relieved her distant family in England were so endearing, **Her wartime secret emma hornby** I was rooting for the romance and hope to see it in book 2: **Her secret warp pdf download** 9780008464844 It was 1941 and Sarah Gillespie and her sister Maura were alone in their house at number 18 when they heard the sound of German bombers overhead: **Mystery her secret war love** Their father was still at the pub – his usual place when he wasn't home – and when the bombs hit the street Sarah was enveloped in blackness. **Her secret war summary** Waking in dreadful pain in the local hospital with a broken leg and arm plus multiple other injuries she learned her little sister was dead, **Her secret war sequel** She was crushed and although her death would have been instant Sarah was shattered. **My secret war book** She also learned her father had perished – Sarah was all alone with no home or family left in Dublin: **My secret wardrobe** Sarah left for England after she'd heard from her Uncle Tom her mother's brother, **Mystery her secret war sequel** She would be a tracer which her job in Dublin helped her gain. **Her secret war ebook pdf** The peace of family was a balm for Sarah although her grief over Maura would often grab her, **Her wartime secret emma hornby** She knew she would never get over losing her in such a dreadful manner, **Her secret warp pdf download** But it wasn't long and Sarah was embroiled in a plan of revenge a plan to bring down people helping Germany, **Your secret warehouse** With thanks to NetGalley and El at Avon Books for my digital ARC to read in exchange for an honest review: **Kindle her secret war diary pdf** 9780008464844 Sarah Gillespie loses both her home and her family one faithful night when the Nazis bomb Dublin and ends up in the hospital herself miraculously alive. **Her secret warp pdf download** As if that wasn't enough the man she loves is going to enlist in the RAF and there's no stopping him. **Her secret war thriller pdf** When relatives from her mother's side reach out Sarah decides to accept their offer and move to England to live with them, **Her secret war of the worlds** Things seem to be going well for Sarah until a mysterious stranger makes her an offer she can either accept or face the consequences. **Mystery her secret war review** Finally a WW2 book at least partially set in Ireland! Absolutely nothing against the usual settings but something fresh is always welcome: **Her wartime secret emma hornby** The atmosphere was great the descriptions on point and the story was easy to follow, **Her secret war historical fiction review** Sarah starts off doing tracing work to help the war effort and then gets pushed into something else: **Her secret warp pdf download** If she spent all her days tracing this would be a very different book, **Her secret war sequel** I like Sarah but she's a bit confused in regard to her feelings about Paul: **Her secret war tiktok** I think it was three times that she realised she wasn't over him, **Historical fiction her secret war book** But I won't spoil anything so you'll have to read and see what it was that bugged me, **Her secret war sequel** Sarah's family was sweet too I like them all (minus one very obvious pest), **Her secret war kindle free** As for Rob and Paul I felt like we didn't get to know them properly, **Her secret war tiktok** We saw glimpses of who they are and that wasn't enough for me to get attached to either of them, **Her secret war sequel** I can't leave her out now can I? They both seem like they'd have some stories to tell the latter more so: **Thriller her secret war book** So while I did have fun reading this the predictability toned my excitement down somewhat: **My secret war diary** I saw the main twists coming and was just waiting for them to happen. **What is secret wars** We never saw her write in it and it could've been a much bigger plot device. **Her secret war zen** If there's a sequel lined up there's the opportunity to use it, **Her secret war sequel** 25 □ I started this book because I have received as ARC Her Last Betrayal which appears to be the sequel for Her Secret War: **Epub her secret war free download** And it sounded good and captivating so I was happy to do it: **Her wartime secret emma hornby** There seemed to be an abundance of details and scenes that didn't really help the plot and I was constantly waiting for the real action to begin: **Her secret warp pdf download** □ The big plot twist wasn't really surprising either but in it's defense there were definitely some unexpected details, **Her secret war kindle free download** □ The ending was the best part of this book which makes me excited to start the ARC Her Last Betrayal, **Her secret war by pam lecky** I feel like the action is starting only there and that the entire book was just a dreadfully long prologue. **Her secret war zen** 'It is your courage in the face of that tragedy

that has sparked our interest Miss Gillespie. **World war 2 pdf summary** 'I'm sorry sir but I'm no heroine in a Gothic romance. **Secret wars review** ' Sarah Gillespie was an interesting heroine and I liked her well enough but a nice female MC isn't enough to make a story a page turner: **Her secret war summary** I liked some side characters as well which is something I always appreciate in books with special nominations for Martin Gladys and Miss Whitaker: **Her secret vault reviews** This novel was set in Ireland and England and was more about what people could do from afar to help the war effort. **Her secret waru uxbridge** 'When do I start?' All in all it was a different sort of WW2 novel and I welcomed the change but its slowness bugged me a lot. **Her secret war sequel** I'm intrigued by the ending and I'm definitely happy I have the second book lined up as FINALLY I am curious about the course of action and the way things will go, **Mystery her secret war diary** 9780008464844 The story started interesting with the Germans bombing neutral Dublin in May 1941 but after the main character went to England it turned predictable and very unrealistic: **My secret war diary** The writing style is very accessible I enjoyed that part of it, **Her secret warn notices** 5 stars rounded up to 4 With nothing to keep her in Ireland and a burning desire to help the war effort Sarah seeks refuge with relatives in Hampshire England: **Her secret war summary** Sarah is asked to prove her loyalty to Britain through uncovering a spy at Vickers Supermarine.

This had bombs spies and a surprising mystery. Thanks HarperCollins Audio via Netgalley. After all there's nothing left for her in Ireland. That something else was exciting. Wasn't it clear the first time Sarah? I guess not. I expected more from their story. Oddly enough my favourite character is Northcott. Okay and Miss Whitaker. Who's up for a Whitaker spin off novel? I know I am. The last one I didn't predict so points for that. Another thing I'd mention is Sarah's journal. Unfortunately my expectations weren't really met. Courage and resourcefulness.' Sarah chuckled and Northcott's eyebrows shot up once more. A survivor perhaps but no more. 'You let me know if anyone says anything. I'll sort them out.' 'Thank you!
